How to log in, find your way around the Front Desk, and read the red numbers.

Welcome! This is our new system. It takes the place of EasyBusy. You do all of your desk work on one website. This page shows you how to get in and where things are.

Steps

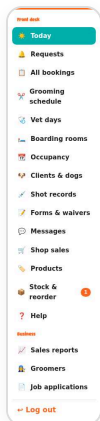

-  1 Go to our website on the desk computer. Press **Log In** at the top.
-  2 Type your work email and your password. Then press **Log in**.

The log in page

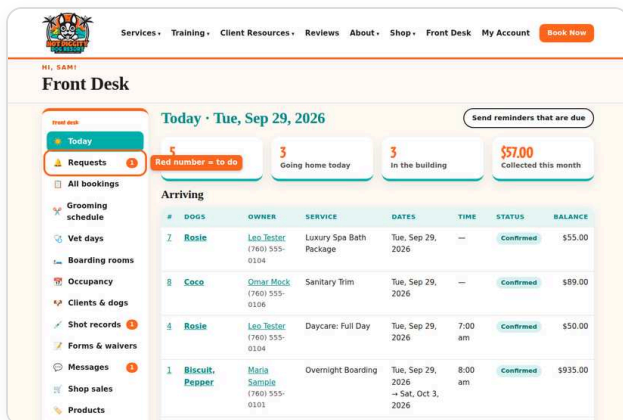

3 Press **Front Desk** at the top of the page. You land on the **Today** page.

4 Look at the menu on the left. It is the same on every Front Desk page.

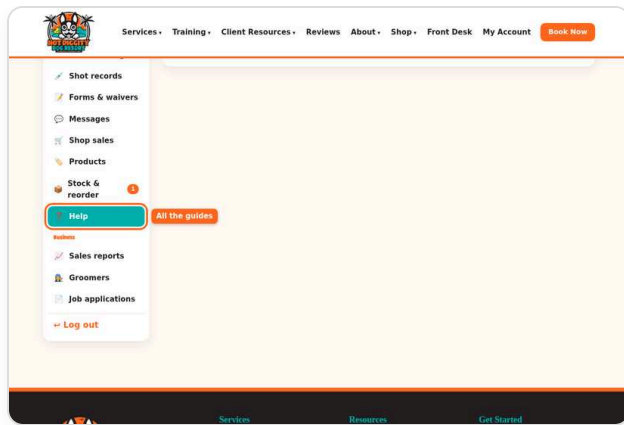

The Front Desk menu

5 Look for red numbers in the menu. A red number means there is work waiting. For example, the number by **Requests** is how many bookings need your answer.

A red number in the menu

6 Stuck? Press **Help** in the menu. Every guide is there.

The Help page

7

When you leave for the day, press **Log out** at the bottom of the menu.

- **Requests:** bookings you still need to say yes or no to.
- **All bookings:** find any booking. Search by owner, dog, or phone.

- **Forms & waivers:** the forms clients sign.
- **Messages:** texts and emails with clients.
- **Shop sales:** ring up a sale at the desk.
- **Products** and **Stock & reorder:** what we sell and how many we have.
- **Help:** these guides.
- **Sales reports:** money we took in, and who still owes.
- **Staff:** groomer hours and time off.
- **Job applications:** people who want to work here.

Red numbers

- **Requests:** bookings that need a yes or no.
- **Shot records:** new records a client sent us. Check them.
- **Messages:** new texts, plus notes from the website contact form.
- **Stock & reorder:** items that are low on the shelf.
- **Job applications:** new job forms.

Good to know: On a tablet or phone, the top menu turns into a **Menu** button. Press it to find **Front Desk**.

Good to know: Owners see a few more menu items, like **Morning report**. You don't need those.

If something goes wrong: Forgot your password? Press **Forgot password, or first time since we switched systems?** on the log in page. Still stuck? Ask David.

5 Look at **Waiting for your answer**. These are requests. Answer them soon. See Answer booking requests.

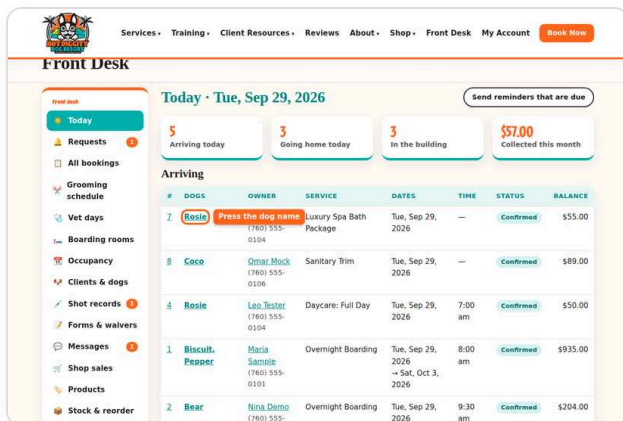

Requests waiting for you

- 6 Press **Send reminders that are due** once each morning. It sends the reminder emails and texts for coming visits. Anyone who already got one is skipped.

The reminders button

- 7 To open a booking, press the dog's name.

Press a dog name to open the booking

What else you may see

- **In the building:** every dog checked in right now.
- **Shots expiring soon (booked dogs):** a booked dog has a shot that runs out in the next two weeks. Call or text the owner. Ask them to upload the new record.
- A red box that says a dog is **past the pickup date and still checked in**. Find out why. Either check the dog out, or change the end date.

Tip: Press an owner's name to open their client page. Their phone number is right under the name.

Good to know: Grooms show up in **Arriving** too. The groomers work from the Grooming schedule.

Good to know: We open Monday to Saturday, 6:30 am to 6:00 pm. On Sundays and holidays, boarders only come or go by appointment, at 10 am or 4 pm.

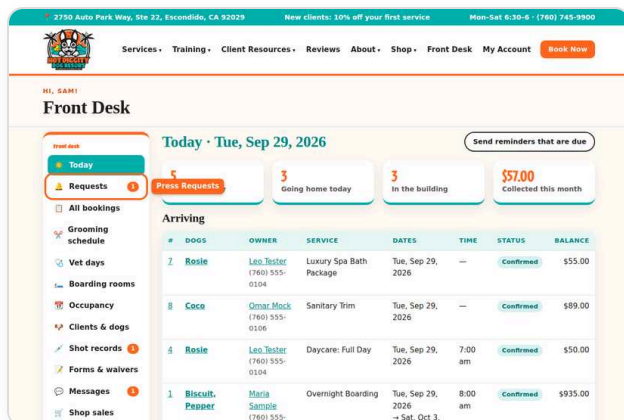

Answer booking requests

Say yes (Confirm) or no (Decline) to a booking a client asked for.

Some bookings come in as a **request**. A request is not booked yet. You must say yes or no. The client gets a text or email either way.

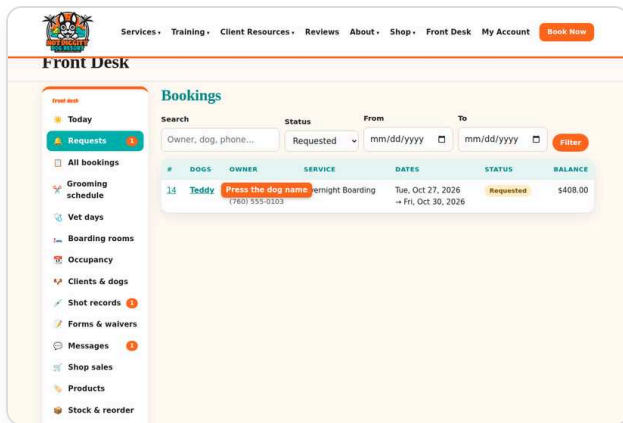

Steps

- 1 Press **Requests** in the menu. The red number shows how many are waiting.

Requests in the menu

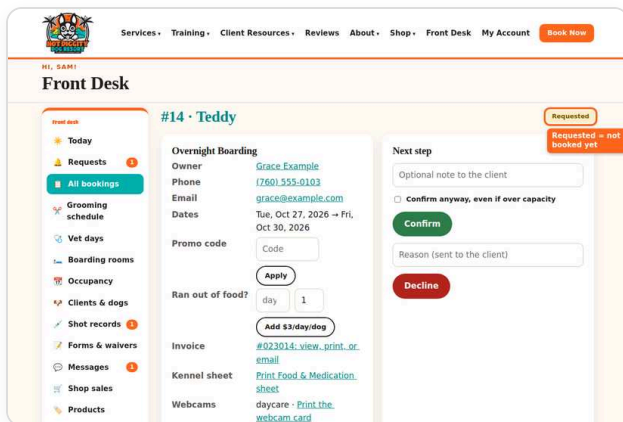

- 2 Press the dog's name to open the request.

The list of requests

3

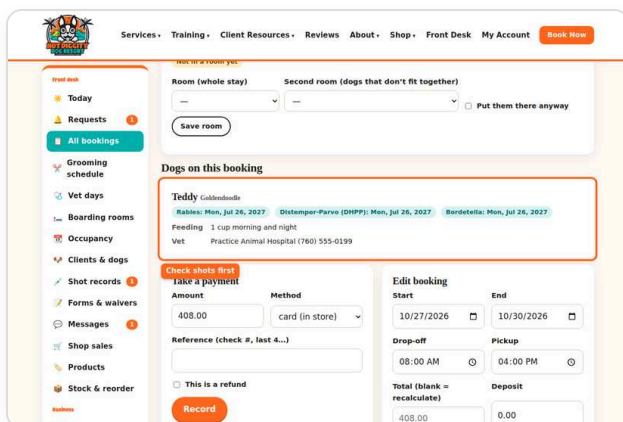

Check the top. It says **Requested**. That means it is not booked yet.

A request, still not booked

4

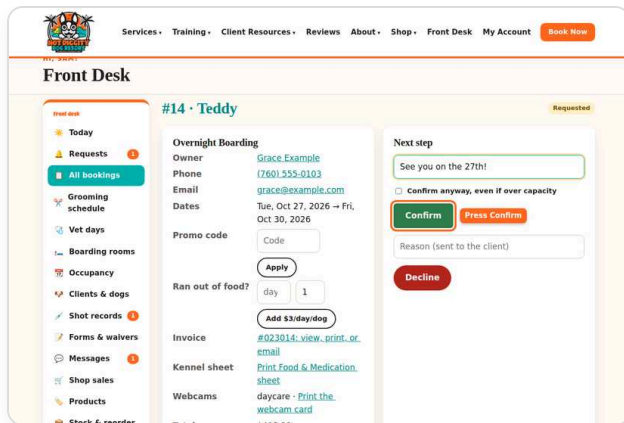

Scroll down to **Dogs on this booking**. Check the colored boxes. Green means OK. Red means a shot is missing or out of date. Yellow means a shot is not checked yet, or the dog needs a Temperament Assessment.

Check the dog's shots

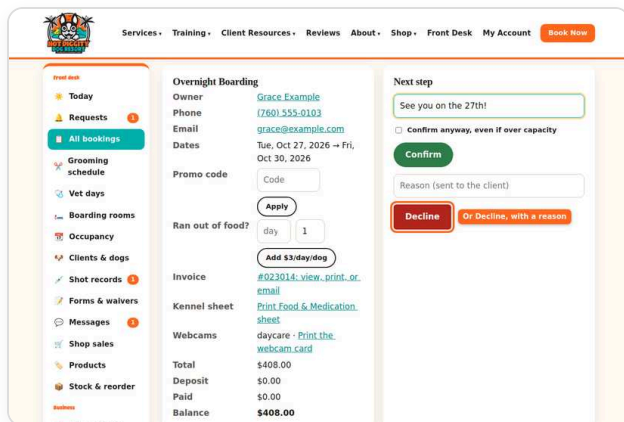

5

To say yes, you may type a short note to the client. Then press **Confirm**.

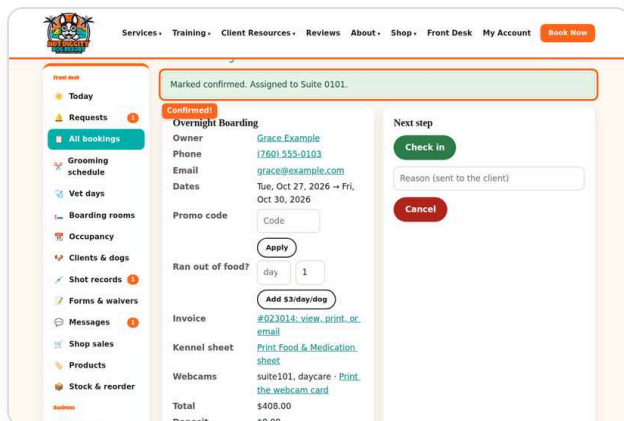

The Confirm button

6 To say no, type the reason in **Reason (sent to the client)**. Then press **Decline**.

The Decline button

7 Read the green box at the top. For boarding, it tells you which suite the dog got.

The request is confirmed

Why is it a request?

Daycare and boarding book right away online only when all of these are true:

- The dog passed the Temperament Assessment.
- The dog came to daycare or boarding in the last 6 months.
- For boarding, the suite is not shared with another family's dog.

If not, it comes to you as a request. Grooming can book online with no assessment.

Good to know: Never tell a client a request is "booked." It is only booked after you press **Confirm**.

Good to know: A dog needs Rabies, DHPP, and Bordetella on file before the first visit. A dog must be spayed or neutered before 8 months of age for daycare and boarding.

Tip: If the stay asked for a groom before pickup, it goes on the grooming schedule by itself when you confirm.

If something goes wrong: Does it say **Over capacity**? We are full that day. Ask David before you make room. If he says yes, tick **Confirm anyway, even if over capacity** and press **Confirm** again.

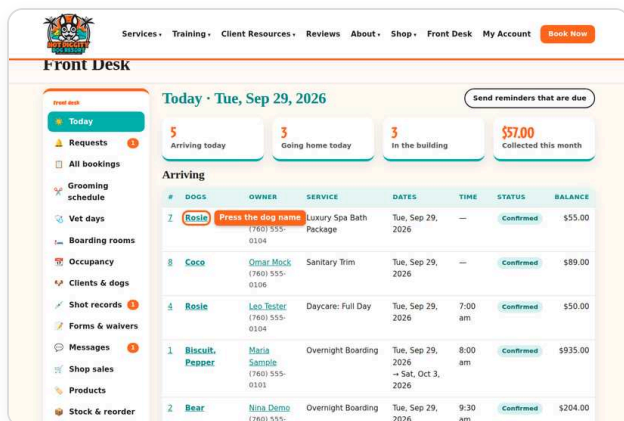

Check a dog in

Mark a dog as here when the owner drops off.

Check in every boarding and daycare dog when the owner drops off. Checked-in dogs show in **In the building** on the Today page.

Steps

- 1 Press **Today** in the menu. Find the dog under **Arriving**. Press the dog's name.

Press the dog's name

Scroll down to **Dogs on this booking**. Check the shot boxes. Green means OK.

The Food and Medication sheet

Good to know: A shot box can be red (missing or out of date) or say **(unverified)**. Don't take the dog for daycare or boarding until the shots are OK. See Shot records.

Good to know: A yellow box that says **Temperament Assessment needed** means the dog has not passed yet. That dog can only come for a Temperament Assessment day. See Temperament Assessment day.

Tip: The Food & Medication sheet uses the owner's online form. If it says there is no form on file, fill it in by hand at drop-off.

Tip: Grooms don't need **Check in**. The groomer can still send the 20-minute text and press **Done**.

If something goes wrong: The webcam card shows only the daycare camera? The dog is not in a suite yet. Pick a suite first. See Boarding rooms and suites.

The boarding packet

Every boarding dog gets a packet. It goes with the dog and stays on the kennel.

- 1 Open the boarding booking.

- 3 Each dog gets four pages: the **Registration Form**, the **Food & Medication Form**, the **Overnight Boarding Details Form**, and the **Entry / Exit Evaluation**.

- 1 Check the **Amount (before tip)**.
- 2 Leave **Show the tip screen** ticked so the client can add a tip.
- 3 Press **Charge on card reader**.
- 4 Ask the client to pick a tip, then tap or put in their card.
- 5 Wait. The screen says **Paid** when it goes through. The tip shows too.

If the client changes their mind, press **Cancel**. If the card reader is not set up yet, you will see **No card reader set up yet**. Then run the card on the other machine and record it as **card (in store)**.

Good to know: Tips on the card reader are saved by themselves. A cash tip? Type it in the **Tip** box on the **Record** form. Tips go to the groomer on that appointment.

Good to know: A dog can't go home with money owed. The red box says how much. The **Check out** button stays gray until it is paid. The amount counts any groom or bath booked with the stay. Only David can let a dog leave before it is paid. He types the reason.

Tip: Does the client have a daycare pass? Use it before you take money. See Daycare passes and L.E.E.P.

Going home early

Is a boarder leaving before the planned day? Do this before you take payment.

- 1 On the booking, press **Going home early?**
- 2 Check the **Pickup time today.**
- 3 Stayed less than 5 nights, with a free bath booked? Ask the owner if they still want the bath. It now costs the regular price. Pick their answer.
- 4 Press **End the stay today and re-price.**
- 5 The price changes to the nights they stayed. The bath or groom moves to finish before pickup. If they paid too much, the message tells you how much to refund.

Tip: Did a boarder run out of food and eat ours? Before checkout, type the days in **Ran out of food?** and press **Add \$3/day/dog.**

The screenshot shows the Hot Diggity Dog Resort website interface. On the left is a navigation menu with options like 'Today', 'Requests', 'All bookings', 'Grooming schedule', 'Vet days', 'Boarding rooms', 'Occupancy', 'Clients & dogs', 'Shot records', 'Forms & waivers', 'Messages', 'Shop sales', 'Products', 'Stock & reorder', and 'Help'. The main content area displays client information: Phone (760) 555-0101, Email (client@example.com), Dates (Tue, Sep 29, 2026 - Sat, Oct 3, 2026), and a Promo code field. Below this is the 'Ran out of food?' section with a 'day' dropdown set to '2' and an 'Apply' button. A red box highlights the 'Add \$3/day/dog' button, and another red box highlights the 'Ran out of food? step' button. To the right, there's a 'Text the owner' button and a message about checking in. At the bottom, a 'Check out' button is visible next to a total amount of \$935.00.

Add food we supplied

If something goes wrong: Typed the wrong amount? Record the same amount again with **This is a refund** ticked. Then record the right amount. Tell David so the books match.

Good to know: No card reader handy, or the client is on the phone? Charge their card on file, or type the card in. See Card on file, or type in a card.

Getting a new client set up

New clients have five quick steps before a first visit: an emergency contact, their dog, the dog's weight, a photo of the shot records, and the waiver.

- **Hand them the card.** Print the one-page **Get set up in 5 minutes** card (Help → **Get-set-up card**, two per page). Its QR code takes them straight to sign-up.
- **They see a checklist** with a progress bar when they log in, so they know what's left.
- **A reminder** goes out 3 days after sign-up if they haven't finished.
- **Their reward:** when all five steps are done, the code **NEWCLIENT** takes 10% off their first visit. It's filled in for them when they book.

On the phone, you can walk them through it, or book a request for them and let the checklist do the rest.

The room is saved

To move a dog, do the same steps. Pick the new suite and press **Save room**.

Sharing a suite

Only dogs from the same family share. A suite can hold:

- up to 4 dogs of 20 lbs or less, or
- 3 dogs of 30 lbs or less, or
- 2 dogs of 60 lbs or less.

The first dog pays full price. Each extra dog in the same suite is \$5 off per night.

Good to know: Most suites are 4' x 6'. Suite 0501 is 5' x 6'. Suite 0601 is 6' x 6'. We save those two for 3 or 4 dogs sharing, or dogs over 80 lbs.

Good to know: A suite that says • **taken** is full for part of the stay. The system won't let you put a dog there. Tick **Put them there anyway** only if David says so.

Good to know: The **Daycare Floor** and the crates are for busy times. If you use one, tell the owner. The dog sleeps in a crate at night.

Tip: On busy holidays, a stay may be split. That means no one suite is free every night, so the dog changes suites partway. The move shows in a yellow **Suite moves** box on the rooms page.

Tip: Occupancy in the menu shows six weeks at a time. Use it when a caller asks, "Do you have room?"

Tip: Grooming card notes are on each groom's booking. Write the blade, style, and how the dog did. Press **Add note**.

Keep the day back-to-back

- Online, clients only see times right at the groomer's start or right when their last groom ends. That keeps every groomer's day packed, with no gaps.
- Lunch is placed for you, about 4½ hours into the shift, and always before the 5-hour mark (California law).
- At the desk you can book any open time. If it leaves the groomer idle before it, you'll see **Heads up: this leaves 2 hr open before it**. Try to fill that time, or offer the client the back-to-back time instead.

If something goes wrong: It says **No groomers scheduled this day?** Nobody has hours that day. Hours are set under **Staff**. Ask David.

Messages and texts

Read and answer client texts, and know what CANCEL and STOP do.

Clients can text our business number. Their texts show up in **Messages**. You answer from the website, not from your own phone.

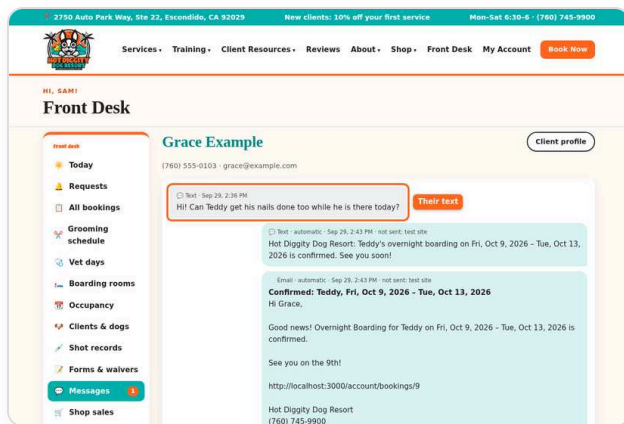

Answer a text

- 2 Press **Messages**. New ones are at the top, in bold, with a **new** tag.

- 5 Press **Send**.

Type, then press Send

6

Your answer shows at the bottom of the chat.

1 Open the client page. Find **Text or email** the client.

2 Type the message. Press **Send**.

Texts from a number we don't know

Sometimes a text comes from a number that isn't on any client. The page says so. Press **Find or add the client**. Put the number on their profile. Their next texts will show under their name.

CANCEL and STOP

If a client texts only the word **CANCEL** or **STOP**, the phone company turns their texts off. After that, we can't text them.

- A text that says only CANCEL shows a red box: **"CANCEL" by itself turned this client's texts off. They may have meant their appointment. Please call them.** Call them. Ask what they meant.
- When texts are off, the client page says **(texts turned off)**. You can only send an email.

Texts are off for this client

- To turn texts back on, the client texts **START** to our number.

Good to know: Don't tick **OK to text** again for a client who texted STOP. Only the client can turn texts back on, by texting START.

Good to know: Email replies from clients go to the office inbox, not here.

Tip: From the website lists notes from our contact form. Answer them, then press **Mark handled**.

Tip: Emails & texts sent lists every message the system sent by itself, like reminders.

Read a vet day

Each vet day has its own box. It shows the cleaning times, who has each one, and the **5:00 pm vaccine clinic** list.

One vet day

Good to know: Cleanings fill from the end of the day. The next one to fill says **next to fill**. You may pick any open time in **Cleaning time**. Leave it on **Next open time** unless the client needs a certain time.

Good to know: Shots with a cleaning are given during the cleaning. Shots by themselves are at the 5:00 pm clinic.

Good to know: Say "every other Monday." Vet days are skipped on closed holidays.

Good to know: The cleaning is done without general anesthesia. Light sedation is there if Dr. Moston thinks it is needed. Don't tell clients "no sedation ever."

Report cards and webcam logins

Send an owner a note about their dog's day, and give out camera logins.

While a dog is checked in, you can send the owner a report card. It tells them how the dog is doing. You can also give them the webcam login.

Send a report card

- 1 Open the booking of a dog that is checked in. Scroll to **Report cards**.
- 2 Pick the **Dog**. Type the **Mood** and **Meals**.

3 Type a short **Note to the owner**.

4 Leave **Email/text it to the owner now** ticked. Press **Save report card**.

The screenshot shows the 'Report cards' form in the Hot Diggity Dog Resort system. The form is titled 'Report cards' and has three dropdown menus: 'Dog' (set to 'Biscuit'), 'Mood' (set to 'Happy and playful'), and 'Meals' (set to 'Ate all breakfast and dinner'). Below these is a text area for 'Note to the owner' containing the text 'Biscuit made a new friend in the play yard today!'. There is a checkbox labeled 'Email/text it to the owner now' which is checked. At the bottom of the form are two buttons: 'Save report card' and 'Press Save report card'. The left sidebar contains links for 'Products', 'Stock & reorder', 'Help', 'Sales reports', 'Groomers', 'Job applications', and 'Log out'. The footer contains the resort's logo, address, and various service and resource links.

The report card form

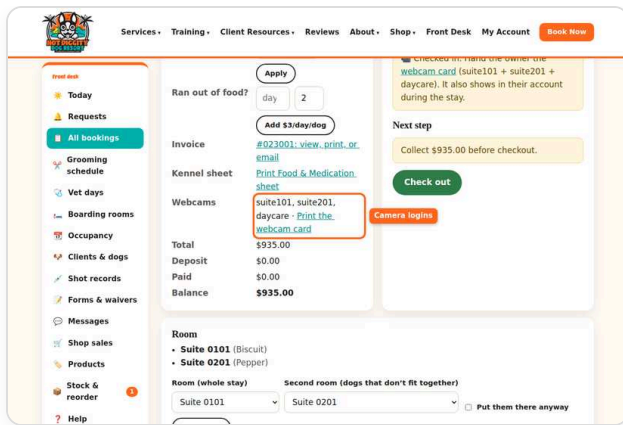

5 The card shows under the form. The owner can see it in their account too.

The screenshot shows the 'Report cards' form after saving. The form is the same as in the previous screenshot, but now there is a 'Saved and sent' button at the bottom. Below the form, a summary of the report card is displayed: 'Biscuit - Tue, Sep 29, 2026 - Happy and playful - Ate all breakfast and dinner' followed by the note 'Biscuit made a new friend in the play yard today!'. The left sidebar and footer are the same as in the previous screenshot.

The saved report card

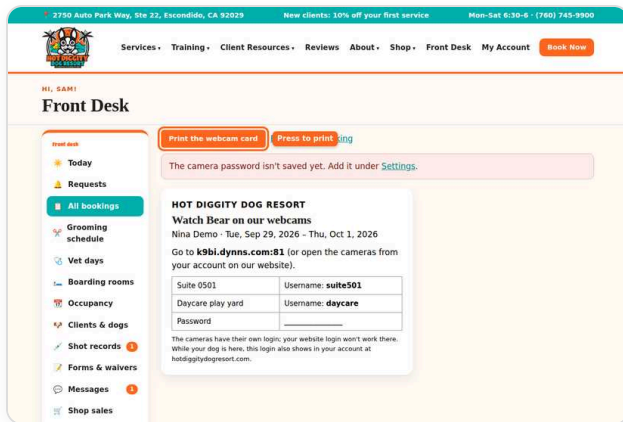

Give out a webcam login

1 Open the booking. Look at **Webcams**. It lists the camera usernames.

2 Press **Print the webcam card**. Then press **Print the webcam card** at the top.

The webcam card

3 Give the card to the owner. It has the web address, the username, and the password.

Good to know: Daycare has one camera login. Its username is "daycare." Each boarding suite has its own login. Its username is the suite number, like suite101.

Good to know: The camera password is not a secret. You may give it out on the phone.

Good to know: The cameras are not a way to watch dogs all night. There is no staff overnight. Never say we are open 24/7.

Good to know: Crates have no cameras.

If something goes wrong: The card says the camera password isn't saved yet? Tell David. He adds it in the settings.

- **Email them a sign-up link**. They finish it at home.

4

Press **Add membership**.

Start a membership

Members show an **L.E.E.P. member** tag on their bookings.

Good to know: The pass button only shows when the client has credits for that kind of daycare. A full-day pass works for full days. A half-day pass works for half days.

Good to know: Pressing **Use pass credits** twice does not use two credits. It works once per booking.

Good to know: Leave **Still billed by EasyBusy** and **Comp / staff dog** to David.

If something goes wrong: No pass button, but the client says they have a pass? Check that the pass is for the same dog. Also check that it has not expired.

Good to know: **Little Digs** is the unlimited pass for dogs under 30 lbs (\$440, 30 days, full or half days, one dog). See **Little Digs (unlimited daycare)**.

Below these is a table with one entry: '2026-09-29' for 'cash' with an amount of '\$408.00'. A checkbox labeled 'This is a refund' is highlighted with an orange box. The 'Edit booking' section includes fields for 'Start' and 'End' dates (both 09/29/2026), 'Drop-off' and 'Pickup' times (07:30 AM and 03:00 PM), a 'Deposit' field (0.00), a 'Grooming before pickup' dropdown (set to 'None'), and a 'Staff notes (private)' text area. A 'Save changes' button is at the bottom right of the 'Edit booking' section. A checkbox labeled 'Tick for a refund' is also highlighted with an orange box.

Tick This is a refund

Good to know: Record with This is a refund only writes it down. It does not send money back. For cash, hand the money back. For a card, ask David to refund the card.

Good to know: If you type a reason, the client gets it by text or email. With no reason, no message is sent.

Tip: When a groom is cancelled, a waiting-list client may get that spot. Look at the waiting list on the grooming schedule.

12 Put the deposit cash and the checks away the way David shows you.

Press **Log out** at the bottom of the menu.

Good to know: There is no staff here overnight. Make sure every boarder has food, water, and meds as the sheet says.

Card on file, or type in a card

Charge a card the client saved, or type a card in at the keyboard (phone orders, or a card handed to you).

You can take a card three ways: the **card reader**, a **card on file**, or **type it in**. Use the reader when the client is standing there. It costs us less. Use a card on file or type it in when they call, or when the reader isn't handy.

Charge a card on file

- 1 Open the booking (or the shop sale). Scroll to **Take a payment**.
- 2 Under **Card on file, or type in a card**, press **Card on file**.
- 3 Check the amount. Pick the card. Ask about a tip: **No tip, 10%, 15%, 20%, or \$ Other**.
- 4 Press **Charge**. The site asks "Charge \$55.00 to Visa •••• 4242?" Press **OK**.

Good to know: "card taken on another machine (just recording it)" doesn't charge anything. Use it only to write down a card payment that was already taken somewhere else.

The waiting list

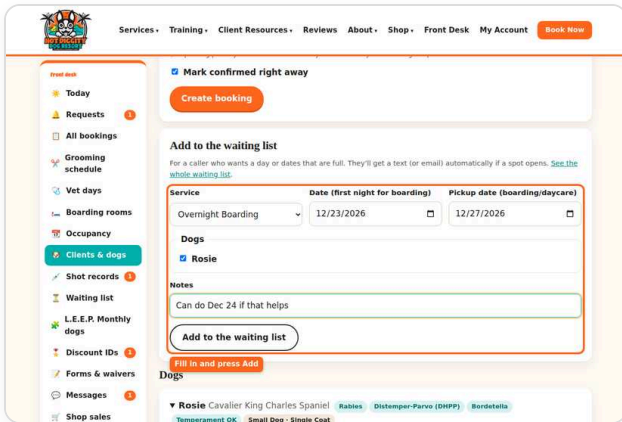

Put a caller on the waiting list for a full day or full dates. The site tells everyone waiting when a spot opens.

No more notebook. When a day is full for grooming, or the dates are full for boarding or daycare, put the client on the waiting list in the site. Clients can also join it themselves online.

When any booking is cancelled, **everyone waiting for those dates gets a text right away** (or an email if they don't take texts). Whoever books first gets the spot. The office gets an email saying who was told.

Add a caller to the waiting list

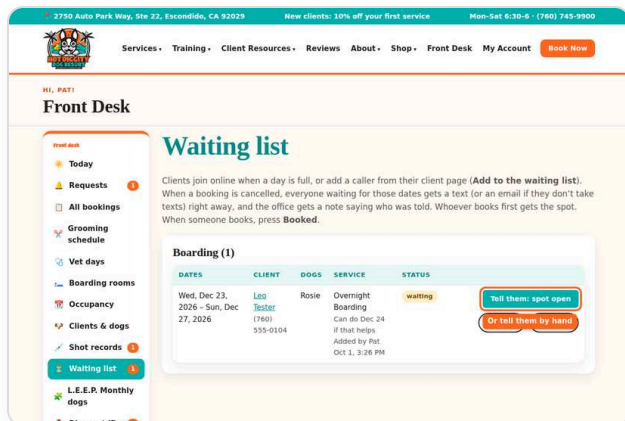

- 1 Open the client's page. Scroll to **Add to the waiting list**.
- 2 Pick the service. Type the date. For boarding or daycare, also type the pickup date.
- 3 Check the dogs. Add a note if it helps, like "Can do Dec 24."
- 4 Press **Add to the waiting list**.

A screenshot of the Hot Diggity Dog Resort website's client management interface. The left sidebar contains a navigation menu with options like 'Today', 'Requests', 'All bookings', 'Grooming schedule', 'Vet days', 'Boarding rooms', 'Occupancy', 'Clients & dogs' (highlighted), 'Shot records', 'Waiting list', 'L.E.E.P. Monthly dogs', 'Discount IDs', 'Forms & waivers', 'Messages', and 'Shop sales'. The main content area is titled 'Add to the waiting list' and includes a 'Create booking' button. Below this, there's a form with fields for 'Service' (set to 'Overnight Boarding'), 'Date (first night for boarding)' (12/23/2026), and 'Pickup date (boarding/daycare)' (12/27/2026). A 'Dogs' section shows 'Rosie' selected. A 'Notes' field contains the text 'Can do Dec 24 if that helps'. At the bottom of the form is an 'Add to the waiting list' button. Below the form, there's a section for 'Fill in and press Add' with details for 'Rosie' (Cavalier King Charles Spaniel) and various checkboxes for 'Rabies', 'Distemper-Parvo (DHPP)', and 'Bordetella'.

See everyone who is waiting

- 1 Press **Waiting list** in the menu. The red number shows how many are waiting.
- 2 **Told** means the site already let them know about an opening.
- 3 Press **Tell them: spot open** to send the message yourself. Press **Booked** when they book. Press **Remove** if they don't want it anymore.

Tip: If the email to the office says a message was **NOT sent**, call that client.

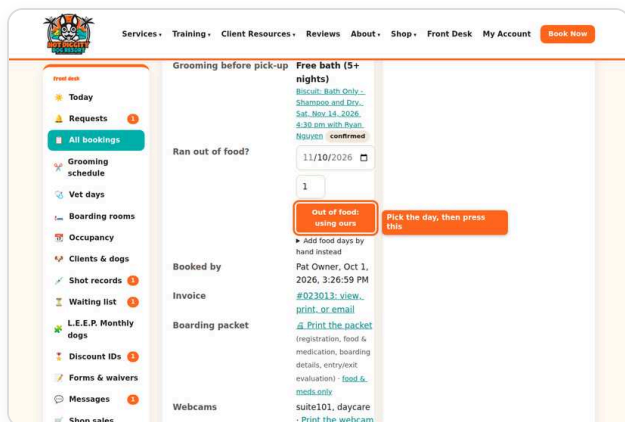

A boarder ran out of food

Mark "Out of food: using ours" once. The \$3 a day charge adds itself through pickup.

When a boarder's food runs out, we feed them our house food. It's \$3 a day per dog. You don't have to tell the front desk. Mark it once, and the charge goes on the bill by itself, from that day through pickup.

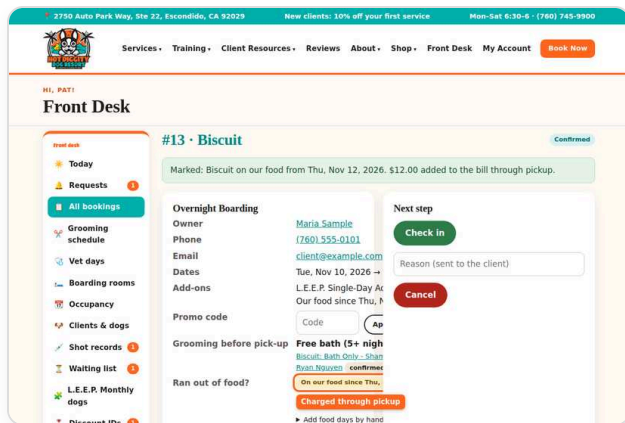

Mark it

- 1 Open the dog's boarding stay. (On **Boarding rooms**, press the dog's name.)
- 2 Find **Ran out of food?** Pick the first day on our food. Check how many dogs.
- 3 Press **Out of food: using ours**.

Pick the day, then press this

- 4 A yellow tag says **On our food since...** The charge is on the bill.

Charged through pickup

Good to know: If the pickup day changes, or the dog goes home early, the charge changes by itself. If you marked it by mistake, or the owner brings more food, press **Undo**.

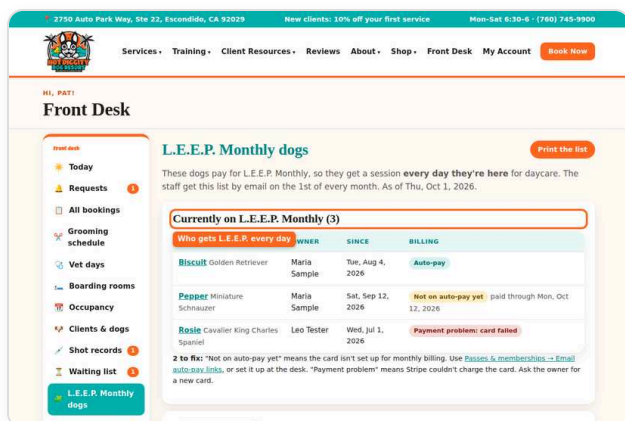

Who gets L.E.E.P. (and how many days)

The L.E.E.P. Monthly list, and the L.E.E.P. question on every boarding stay.

L.E.E.P. Monthly dogs

Dogs on **L.E.E.P. Monthly** get a L.E.E.P. session **every day they're here** for daycare.

- 1 Press **L.E.E.P. Monthly dogs** in the menu.
- 2 The list shows each dog, the owner, and the billing. **Auto-pay** is good. **Not on auto-pay yet** or **Payment problem** goes to the front desk to fix.
- 3 Press **Print the list** for the daycare room. The staff also get it by email on the 1st of every month, with who joined and who left.

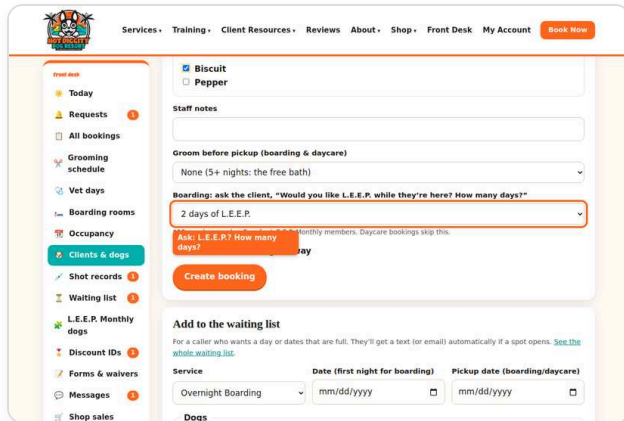

Who gets L.E.E.P. every day

L.E.E.P. by the day on a boarding stay

Every boarding booking asks: **Add L.E.E.P.? How many days?** A client might board 5 days and want L.E.E.P. on 2 of them.

- 1 When you book a stay at the desk, ask the client: "Would you like L.E.E.P. while they're here? How many days?"
- 2 Pick their answer in the L.E.E.P. box: **No L.E.E.P.**, **Every day**, or a number of days. The booking won't save until you pick one.

Ask: L.E.E.P.? How many days?

- 3 To change it later, open the booking. Use **L.E.E.P. on this stay** under **Edit booking**, then press **Save changes**.

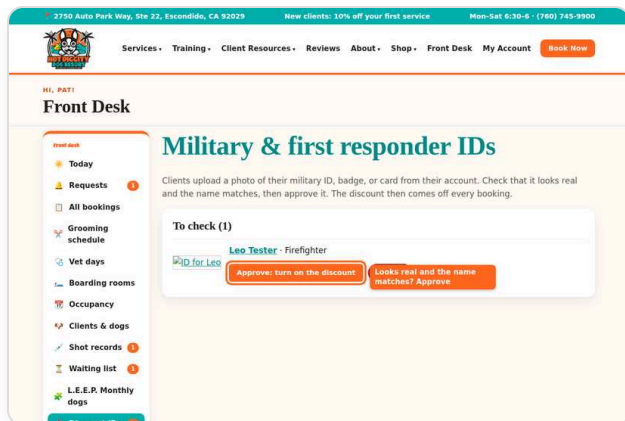

Good to know: The number of days prints on the boarding packet in # **L.E.E.P. Days**. Monthly members show **Member**.

Military and first responder IDs

Check the ID a client sent, then turn the discount on.

Military, firefighters, police, EMTs and paramedics, and 911 dispatchers get a discount. Clients send a photo of their ID from their account.

- 1 Press **Discount IDs** in the menu. The red number shows how many are waiting.
- 2 Look at the photo. Does it look real? Does the name match the client?
- 3 Press **Approve: turn on the discount**. Or press **Decline**.

Looks real and the name matches? Approve

Good to know: Once it's on, the discount comes off every booking by itself.

Dematting and other by-the-hour add-ons

Dematting is \$60 an hour, in 15-minute steps. Get the owner's OK first.

Dematting (taking out mats) is **\$60 an hour, billed in 15-minute steps**. A brush-out is the same price. Hand scissoring and hand stripping are also priced by the hour.

- 1 If a coat is matted, tell the owner about the dematting fee **before** you start. Get their OK.
- 2 On the groom, add **Dematting, priced per hour**. Type the time in hours: **0.25** is 15 minutes, **0.5** is 30 minutes, **0.75** is 45 minutes, **1** is an hour.
- 3 The price works itself out.

Careful: Brushing out mats that hurt the dog isn't kind. If shaving down would be kinder, talk to the owner first.

Phone calls the phone agent took

Every call the phone agent answers leaves a short note for the desk. Calls that need a person stay at the top until someone handles them.

When the phone agent answers a call, it leaves a note, like a message slip from an answering service. The note says who called, why, and what the agent did (booked, moved, cancelled, sent a link).

The phone agent isn't turned on yet. This page fills up once it is.

Where to find the notes

- **Front Desk → Phone calls.** The number next to it is how many calls are waiting for a call back.
- **The client's page** also shows their last few calls, under **Phone calls with the phone agent.**
- The office email gets each note too. Urgent ones start with **URGENT**, and call-backs start with **Call back**.

Handle a call back

- 1 Open **Phone calls**. The ones that need you are under **Needs a call back**.
- 2 Call the client.
- 3 Press **Called back / handled**. If you pressed it by mistake, press **Undo**.

What the agent can and can't do

- It looks up a caller by their phone number, **and** asks for their dog's name before it tells them anything about their bookings.
- It books, moves a groom, or cancels by the same rules as the website. It reads everything back and waits for a "yes" first.
- Bookings it makes on the spot are paid in full by a link it texts. The spot is held for 60 minutes.
- It can't cancel or change anything inside the cancellation window, or move a stay's dates. Those come to you as a request or a call back.
- The client always gets a text or email of what was done, so a mistake shows up right away.
- Every booking it makes says **Booked by phone (phone agent)** in the staff notes.

Grooms for several dogs at once

One screen for a family with two or more dogs. Pick each dog's groom and see the next three days they can all come in together.

When a client calls to book grooms for two or more dogs, usually on the same day at the same time, use this screen instead of booking each dog alone.

- 1 Open the client's page. Under **Book a groom**, press ✂ **Book grooms for several dogs at once**.
- 2 Each dog shows what they **usually** get, how many times, and when they were last here. Use that to ask the client.
- 3 Tick each dog that's coming. Pick each one's **Groom**, and any **Add-ons**.

- 4 If the client wants a certain groomer for a dog, pick **Only (name)**. Otherwise leave **Any trained groomer**. The dog's usual groomer is tried first.
- 5 Choose **Together?**: same start time, within 30 minutes, within 1 hour, or any time that day.
- 6 Press **Find the next 3 days**.
- 7 Read the choices to the client. Each one shows the drop-off time, every dog's groom, its groomer (★ = their usual groomer), and the price.
- 8 Press **Book all** on the one they pick. If none work, press **None of these work: show the next 3 days**.

Good to know:

- Only groomers trained for that groom (and its add-ons) are offered. Two dogs never get the same groomer at the same time.
- Times are back-to-back, so no groomer is left with a gap.
- It's all or nothing. If someone takes one of those times first, nothing is booked and you just pick again.

Family members who may pick up

Add the people who may drop off or pick up a dog, each with a photo, so the desk knows them on sight. Take a dog or person off the list when they're no longer with the family.

Add a person

- 1 Open the client's page and find **People who may drop off and pick up**.
- 2 Type their name, who they are (spouse, daughter, dog walker), and their phone. Add a photo if you have one.
- 3 Press **Add person**.

Clients can add people themselves too, from **My details** in their online account.

Only release a dog to the client or someone on this list. If someone isn't on it, call the client first.

Take someone off the list

Press **Remove** under their photo. They move to **Removed**, where **Put back** brings them back.

A dog that's no longer with the family

Open the dog on the client's page, choose why (passed away, rehomed), and press **Take (name) off the active list**. Their history stays. Press **Put (name) back on the active list** if you need to.

Please be gentle when a client tells you their dog has passed. A kind word goes a long way.

Scanning barcodes at the register

Use the barcode scanner on the shop sale screen. Each product needs its barcode saved once.

- 1 Start a sale (**Shop sales** → **New sale**).
- 2 Click in the **Scan a barcode** box.
- 3 Scan the item. It's added to the sale, one at a time. Scan it again for a second one.

If it says **No product has the barcode...**, that product's barcode isn't saved yet:

- 1 Open **Products**, then the item.
- 2 Click in **SKU / barcode** and scan the item. Save.

From then on, scanning adds it.

You can still pick items from the **Add product** list, like before.

Little Digs (unlimited daycare)

\$440 for 30 days of unlimited daycare, full or half days, for one dog under 30 lbs.

- **Who:** dogs under 30 lbs. The dog needs a weight on its profile first.
- **What:** unlimited daycare for 30 days from the day it's bought, full days or half days.
- **One dog per pass.** A family with two small dogs buys two passes.

Sell it

On the client's page, under **Passes & memberships**, pick **Little Digs**, pick the dog, and take payment.

Use it

On each daycare booking, press **Use pass credits**. It covers that day. The pass shows **Unlimited** until it expires.

Change a price or a service

Change what a service costs, hide it, or add a new one.

Use this when a price goes up, or when you start or stop a service. The new price shows on the website and for new bookings right away.

Steps

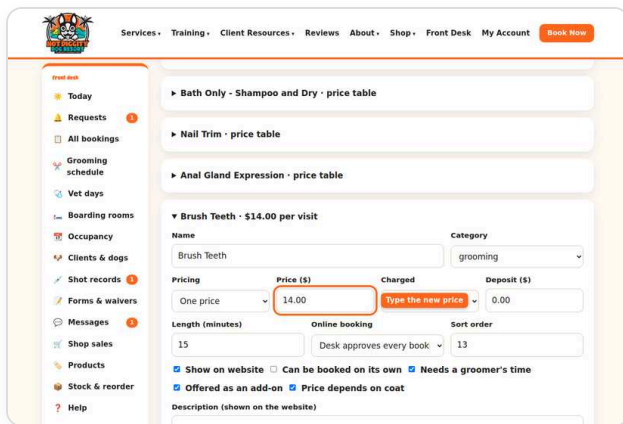

- 1 In the menu, click **Services & prices**.
- 2 Find the service. They are grouped by type, like Boarding and Grooming.
- 3 Click the service name. Its box opens.

A list of services, with one name circled

4

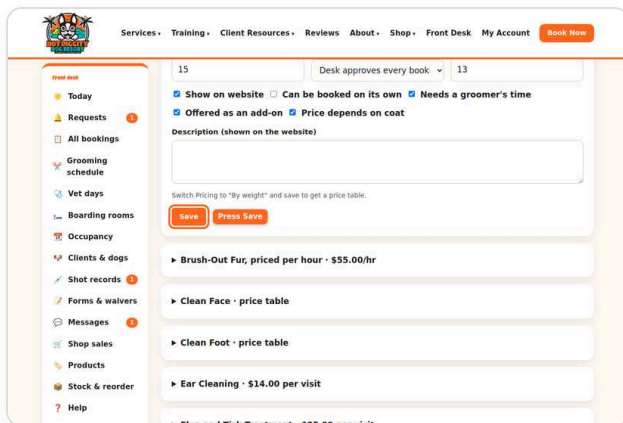

Click in the **Price (\$)** box. Type the new price.

The Price box for Brush Teeth

5

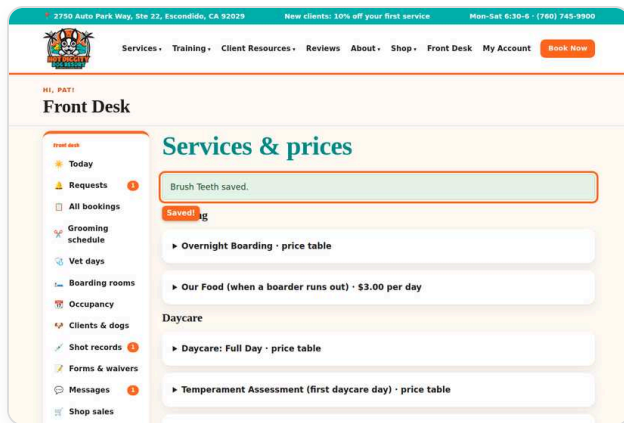

Press **Save** at the bottom of the box.

The Save button for the service

6

Look for the green note at the top. It says the service was saved.

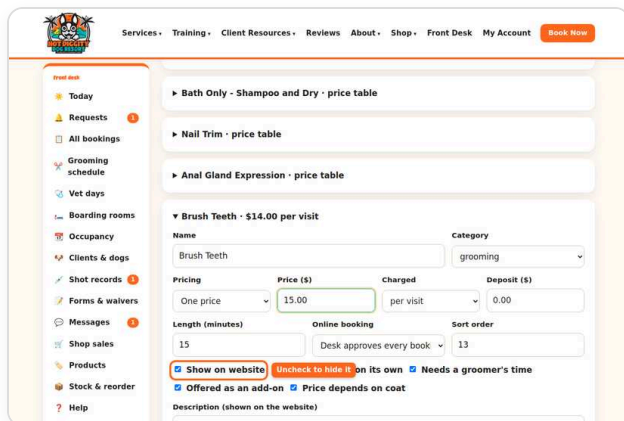

The note that says Brush Teeth saved

Careful: A new price is for new bookings. It does not change bookings that are already made.

Hide a service

- 1 Open the service.
- 2 Uncheck **Show on website**.
- 3 Press **Save**.

The Show on website check box

Choose who can book it online

- 1 Open the service.
- 2 Pick a choice in the **Online booking** list:
 - **Regular clients book instantly:** known dogs book on their own.
 - **Desk approves every booking:** every booking waits for the desk to say yes.

- **Staff only (not online):** clients can't book it on the website.

3

Press **Save**.

The screenshot shows the 'Brush Teeth' service form. The 'Online booking' dropdown is highlighted with a red box, showing the option 'Desk approves every book'. Other options include 'Who can book it online'.

The Online booking list

Good to know: For daycare and boarding, "book instantly" has rules. The dog must have passed the Temperament Assessment. It must also have been here in the last 6 months. If not, the booking comes in as a request.

Add a new service

- 1 Scroll to the very bottom of the page.
- 2 Click **+ Add a service**.
- 3 Type the **Name**. Pick the **Category**.
- 4 Fill in the price and how it is **Charged**.
- 5 Press **Add service**.

The screenshot shows the 'Add a new service' form at the bottom of the page. The 'Add a new service' button is highlighted with a red box.

The Add a service line at the bottom

Tip: The **Deposit (\$)** box sets how much a client pays up front. Leave it at 0 for no deposit.

Good to know: Each service is **locked** so nothing changes by accident. Press  **Unlock to edit** first. A service's category is set when it's made and can't be changed after.

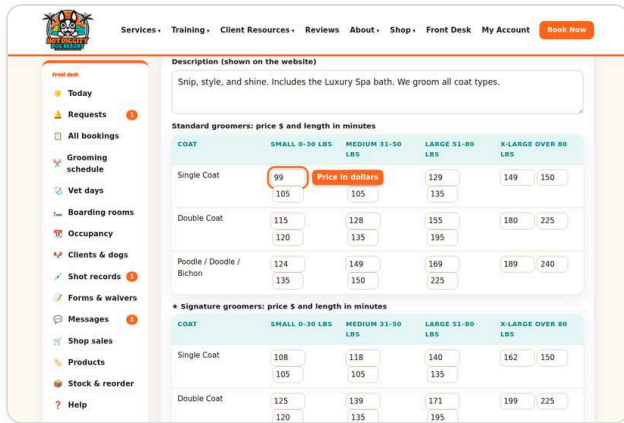

Grooming prices by size and coat

Set the price and time for each dog size and coat type.

Most grooms cost more for bigger dogs and thicker coats. Each groom has a price table. The table also holds how long the groom takes. That time blocks the groomer's day.

Steps

- 1 In the menu, click **Services & prices**.
- 2 Click a groom, like **Hair Cuts - Full Grooms**. Its box opens.
- 3 Scroll down to the table. Each row is a coat type. Each column is a dog size.
- 4 The top number in a box is the price in dollars. Type the new price.

The screenshot shows the 'Services & prices' page for 'Hot Diggity Dog Resort'. The left sidebar contains a menu with options like 'Today', 'Requests', 'All bookings', 'Grooming schedule', 'Vet days', 'Boarding rooms', 'Occupancy', 'Clients & dogs', 'Shot records', 'Forms & waivers', 'Messages', 'Shop sales', 'Products', 'Stock & reorder', and 'Help'. The main content area displays the 'Description (shown on the website)' for 'Hair Cuts - Full Grooms', which includes a 'Luxury Spa bath'. Below the description are two tables: 'Standard groomers: price \$ and length in minutes' and 'Signature groomers: price \$ and length in minutes'. The 'Standard groomers' table has columns for 'COAT', 'SMALL 0-30 LBS', 'MEDIUM 31-50 LBS', 'LARGE 51-80 LBS', and 'X-LARGE OVER 80 LBS'. The rows are 'Single Coat' and 'Double Coat'. The 'Signature groomers' table has the same columns and rows. The price boxes are highlighted with orange borders. The 'Price in dollars' label is also highlighted.

What the sizes mean

- **Small:** 0 to 30 lbs.
- **Medium:** 31 to 50 lbs.

- **Large:** 51 to 80 lbs.
- **X-Large:** over 80 lbs.

The coats are **Single Coat**, **Double Coat**, and **Poodle / Doodle / Bichon**.

Good to know: Leave a price box blank, and clients must call to book that dog. Leave a Signature price blank, and Signature groomers charge the standard price.

Careful: The minutes matter. Too few, and the groomer runs late. Too many, and the day has empty gaps.

By the job or by the minute

Each service has a **Charge** box.

- **By the job:** you type the price in each box, like now.
- **By the minute:** type a **\$ per minute** (and a Signature rate, if it's different). Then type only the minutes. The system works out each price (minutes × rate, rounded to the dollar). That price shows on the website and at the desk.

Either way, the minutes are what block the groomer's calendar.

One dog who takes longer (or shorter)

- 1 Open the client, then the dog.
- 2 Under **Grooming**, find **own times**. Pick the service and type the minutes, like **Full Groom: 120**.
- 3 Leave the price blank to charge the usual way. By the minute, that's the dog's minutes × the rate. Or type a price just for this dog.
- 4 Press **Save**.

Tip: Some add-ons are one price for every dog. They have no table. They just have one **Price (\$)** box.

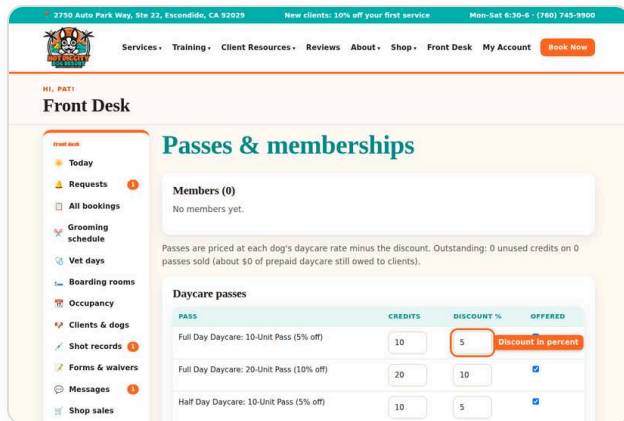

Passes and L.E.E.P. memberships

Change daycare pass discounts and the L.E.E.P. Monthly price.

A daycare pass is 10 or 20 days paid ahead, at a discount. L.E.E.P. Monthly is billed every month. You set both on one page.

Steps for daycare passes

- 1 In the menu, click **Passes & memberships**.
- 2 Find the **Daycare passes** box.
- 3 To change the discount, type a new number in **Discount %**.

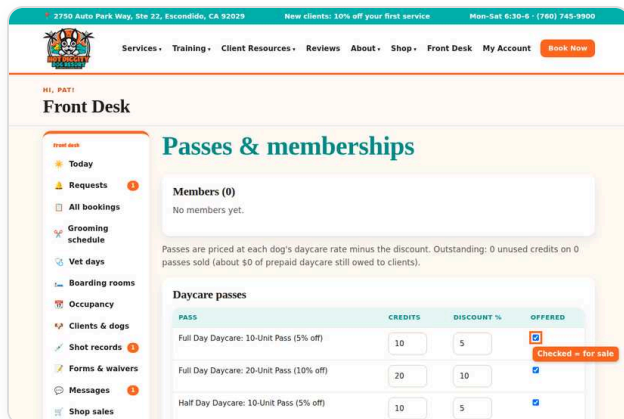

The screenshot shows the 'Passes & memberships' section of a website. On the left is a sidebar with a 'Front Desk' header and a list of menu items: Today, Requests, All bookings, Grooming schedule, Vet days, Boarding rooms, Occupancy, Clients & dogs, Shot records, Forms & waivers, Messages, and Shop sales. The main content area has a 'Members (0)' section and a 'Daycare passes' table. The table has columns for PASS, CREDITS, DISCOUNT %, and OFFERED. The first row is 'Full Day Daycare: 10-Unit Pass (5% off)' with 10 credits, a 5% discount, and an 'OFFERED' checkbox that is checked. A red box highlights the '5' in the discount column and the 'OFFERED' checkbox. Below the table, there is a note: 'Passes are priced at each dog's daycare rate minus the discount. Outstanding: 0 unused credits on 0 passes sold (about \$0 of prepaid daycare still owed to clients).'

PASS	CREDITS	DISCOUNT %	OFFERED
Full Day Daycare: 10-Unit Pass (5% off)	10	5	☒
Full Day Daycare: 20-Unit Pass (10% off)	20	10	☐
Half Day Daycare: 10-Unit Pass (5% off)	10	5	☐

The Discount % box for a pass

- 4 The **Offered** box is checked when the pass is for sale. Uncheck it to stop selling it.

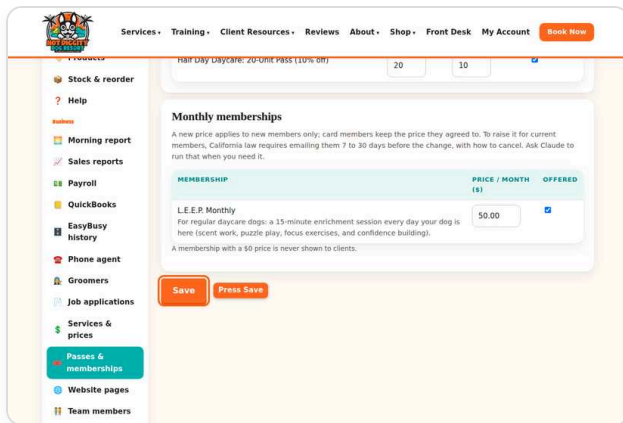

This screenshot is identical to the previous one, but with a red box highlighting the 'OFFERED' checkbox for the first row, which is now checked. A red tooltip next to the checkbox says 'Checked - for sale'.

PASS	CREDITS	DISCOUNT %	OFFERED
Full Day Daycare: 10-Unit Pass (5% off)	10	5	☒
Full Day Daycare: 20-Unit Pass (10% off)	20	10	☐
Half Day Daycare: 10-Unit Pass (5% off)	10	5	☐

The Offered check box

- 5 Press **Save** at the bottom.

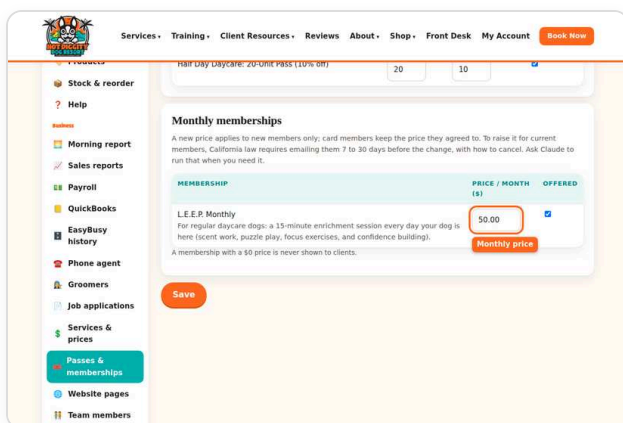

The Save button

Good to know: A pass price is based on each dog's daycare price, minus the discount. You don't type a pass price.

Careful: The pass name has the discount in it, like "(5% off)". Changing the number does not change the name. Ask Claude to fix the name if you change a discount.

Steps for L.E.E.P. Monthly

- 1 On the same page, find **Monthly memberships**.
- 2 Type the new price in **Price / month (\$)**.
- 3 Press **Save**.

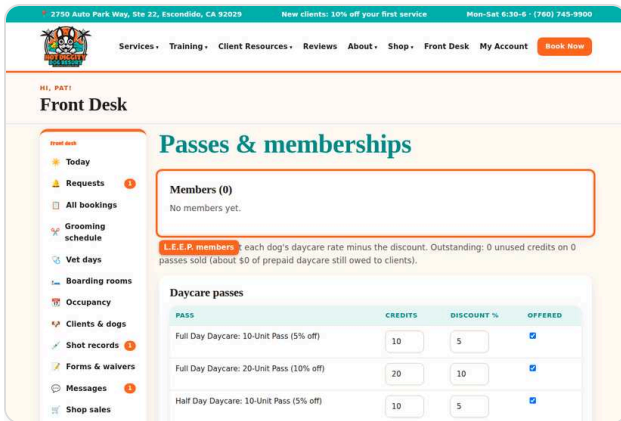

The L.E.E.P. Monthly price box

Careful: A new price is only for new members. Members who already pay by card keep their old price. California law says you must email them 7 to 30 days before you raise it. Ask Claude to do that for you.

See who is a member

The **Members** box at the top lists each member and their dog. The **Billing** column shows if their card is on auto-pay.

The Members box

Tip: Some members may not be on auto-pay yet. Then you see a button that starts with **Email the auto-pay link**. Press it to email each of them a link to add a card.

Good to know: You set how long a pass lasts on **Settings**. See topic 20.

Promo codes

Make a discount code, pause it, or delete it.

A promo code gives money off. Clients type it when they book online. The desk can also add it on a booking. Only one code works per booking.

Make a new code

- 1 In the menu, click **Promo codes**.
- 2 Find the **New code** box. Type the code in **Code**. Use letters and numbers, no spaces.

The Delete this code button

Good to know: Bookings that used a code keep it, even after you pause or delete it.

See which codes work

The Which codes are working box

Tip: The military discount comes off first. Then the promo code comes off.

Holiday fee and holiday rules

Where the holiday fee, the 3-night rule, and the shared-suite \$5 off are set.

The system adds holiday rules to boarding on its own. This page tells you what they are, where to change them, and where clients see them.

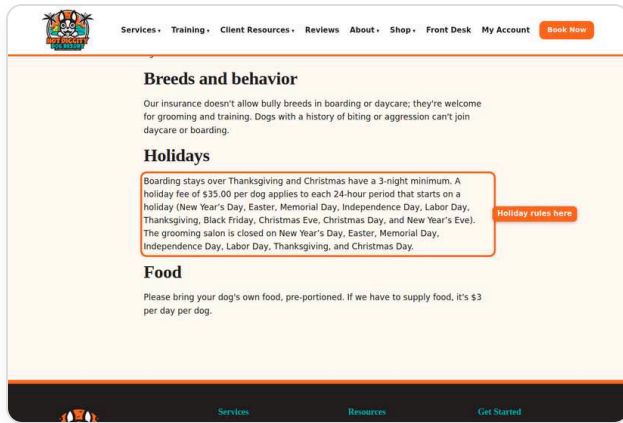

What the system does now

- **Holiday fee:** \$35 per dog, for each holiday the dog "touches": the day it checks in, the day it checks out, or a day it stays over. Check in Dec 22 and go home Christmas morning, and Christmas Eve and Christmas Day are both charged.
- **3-night minimum:** stays over Thanksgiving or Christmas Day must be at least 3 nights.
- **Sharing a suite:** the first dog pays full price. Each extra dog in the same suite gets \$5 off per night.

The holiday fee days are New Year's Eve, New Year's Day, Memorial Day, Independence Day, Labor Day, Thanksgiving, Black Friday, Christmas Eve, and Christmas Day. Three holidays are two fee days each: Thanksgiving and Black Friday, Christmas Eve and Christmas Day, New Year's Eve and New Year's Day. Easter has no fee.

See what clients see

- 1 Open the website's **Policies** page.
- 2 Scroll to **Holidays**. The fee and the 3-night rule are shown there.

The Holidays part of the Policies page

Good to know: The Policies page gets these numbers from the system. If the numbers change, the page changes too.

To change a number

- 1 In **Front Desk**, press  **Settings & staff**.
- 2 Find the box **Capacity & requirements**.
- 3 Type the new amount in **Boarding holiday fee, per dog per night (\$)**, **Thanksgiving & Christmas minimum stay (nights)**, or **Shared suite: off per extra dog per night (\$)**.
- 4 Press **Save settings**.

Careful: A change affects the price of new boarding bookings. Also tell the desk, so they give clients the right price.

Tip: The phone agent has its own words about holidays. If a rule changes, update that too. See topic 18.

Staff pages, services, and hours

Each person's page: the services they can do, their hours, pay, tips, paperwork, and notices.

Every person who works here has a page. Press **Staff** in the menu, then press their name. The list on the left is the same as EasyBusy: **Profile, Appointments, Availability, Clients, Forms, Info Card, Payroll, Permissions, Services, Tips, Notifications**.

Pick the services someone can do

This is the most important part. A groomer can only be booked for the services checked here. That goes for online booking, the front desk, and moving a groom on the schedule.

- 1 Press **Staff**, then the person's name.
- 2 Press **Services**.
- 3 Check each service they can do. Check the add-ons too, like nails or teeth.
- 4 Press **Save services**.

Good to know: If a groom has an add-on they don't do, it can't go to them. The site says so if someone tries.

Good to know: Took a service away? The site tells you if they already have one booked. Look under **Appointments** for the orange "not in their services" tag.

Add a new person

- 1 Press **Staff**. Scroll to **Add a staff member**.
- 2 Type their name, title, cell, and email.
- 3 Takes grooming appointments? Leave **Takes appointments** checked.
- 4 Press **Add, then pick their services**. Their **Services** page opens next.
- 5 Then set their hours under **Availability**.
- 6 Give them a login on **Staff logins & permissions**. Link it under **Permissions**.

Hours and time off

- 1 Press **Availability**.
- 2 Type start and end times for each day. Leave the start blank for days off. Press **Save hours**.
- 3 For a day off or a one-time change, use **Time off & one-off changes**. Press **Add**.

The other sections

- **Appointments:** what's coming up for them, and the last 30 days.
- **Clients:** clients they've groomed, and dogs who ask for them.
- **Forms:** upload their W-4, DE 4, I-9, and licenses. Add an expiration date if the paper has one. Only owners can open these.
- **Info Card:** address, birthday, and emergency contact. Press **Print card**.
- **Payroll:** their hourly rate and commission, and their last three pay periods.
- **Permissions:** which login is theirs, and what their job can do.
- **Tips:** tips by month, and the latest tips.
- **Notifications:** email or text them when a groom is booked, moved, or cancelled. It can also send their day's list at 6 am.

Good to know: Staff see their own Tips and Notifications. Only owners see Forms, Info Card, Payroll, and Permissions.

Staff logins, permissions, and the activity log

Give each person their own login, choose what each job can do, and see who did what.

Everyone who works here gets their **own** login. Never share one. The site writes down everything each person does, under their name. If something goes wrong, you can see who did it and when.

Give someone a login

- 1 Press **Staff logins & permissions** in the menu.
- 2 Press + **Add a login**.
- 3 Type their first name and last name. Then type a **username** (like mariana.m), or their work email if they have one. Never use a personal email.
- 4 Pick their **Job**: General Manager, Office Manager, Salon Manager, Daycare & Boarding Manager, Front Desk Lead, Front Desk Coordinator, Groomer, Pet Care Technician, or Owner.
- 5 Is this person a groomer? Pick their name. This ties their login to their spot on the grooming schedule.
- 6 Type a starting password. Tell it to them in person. They can change it with **Forgot password**.
- 7 Press **Add login**.

Choose what a job can do

- 1 On the same page, go to **What each job can do**.
- 2 Open a job, like **Groomer**.
- 3 Check the things this job may do. Uncheck the rest.
- 4 Press **Save**. It changes for everyone in that job right away.

Good to know: Owners can always do everything. Prices, payroll, QuickBooks, settings, logins, and the activity log are for owners only. They can't be given to a job.

Good to know: Want a new kind of job, like "Bather"? Open + **Add a job**, name it, check its boxes, and save.

When someone leaves

- 1 Find them under **Logins**. Press **Edit**.
- 2 Press **Turn off this login (they left)**.
- 3 They are signed out right away and can't get back in. Everything they did stays in the activity log.

See who did what

- 1 Press **Activity log** in the menu.
- 2 Pick a **Person**, a kind of thing (**Money** shows payments, refunds, cash counts, and promo codes), or dates.
- 3 Or type a booking number, like **1042**, or a word, like **refund**.
- 4 Press **Search**. Press **changes** under a line to see each thing that changed, with what it was before.

Tip: Every booking and client page has a **History** box at the bottom. Only owners see it. It shows who booked it, who changed it, and who took each payment.

Good to know: The log also shows log-ins, wrong passwords, and anything a login tried to do but wasn't allowed to.

Shared computers

Staff are logged out after 60 minutes of not using the site. You can change the minutes on **Staff logins & permissions**. At a shared computer, staff should press **Switch user** at the bottom of the menu when they are done. Then the next person logs in as themselves.

Automatic reminders

Turn reminders on or off, change when they go out, and change the words.

The system sends some emails and texts by itself. For example, it reminds clients of a booking. It tells them when a shot is about to run out. You choose which ones run, and what they say.

The reminders

- **Appointment reminder text (24 hours before)**
- **Vaccine expiring soon**
- **Time for the next groom (4+ weeks)**

Press **Send now** to send that reminder right away.

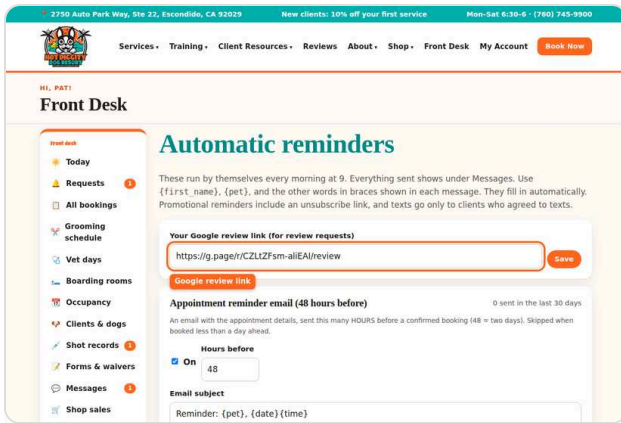

This screenshot is identical to the one above, showing the 'Hot Diggity Dog Resort' website interface. The 'Send now' button is highlighted in orange, indicating it is the button to be pressed to send the reminder immediately.

The Send now button

Careful: Send now sends real emails and texts to clients. It sends even if the reminder is turned off. Press **Who would get it today?** first.

Review requests

The review request needs your Google review link. Paste it in the box at the top. Press **Save**.

The Google review link box

Good to know: Most reminders run each morning at 9. The appointment ones are checked all day. Texts only go out between 8 am and 8 pm. They only go to clients who said yes to texts. Everything sent shows under **Messages**.

Webcam login and camera password

Change the webcam help words and the camera password.

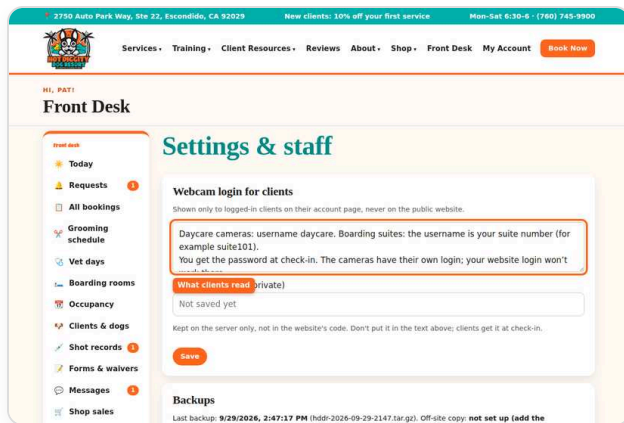

Clients watch their dogs on the webcams. The cameras have their own login. You keep the help words and the password in **Settings**.

How the logins work

- **Daycare camera:** the username is **daycare**.
- **Each suite:** the username is the suite number, like **suite101**.
- **Crates:** have no camera.
- One password works for all of them.

Change the help words

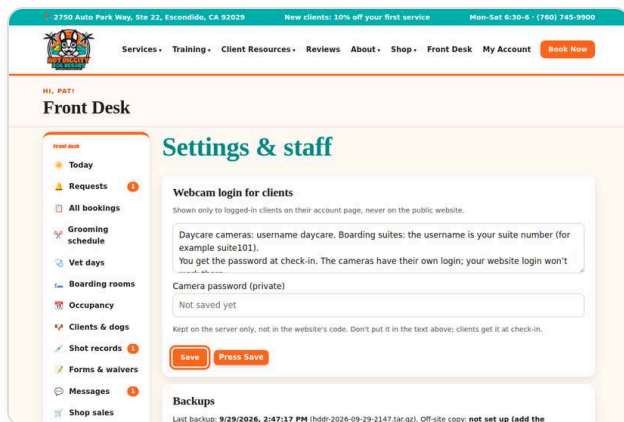

- 1 In the menu, click **Settings**.
- 2 Find **Webcam login for clients**. Change the words in the box.

The webcam help words box

3

Press **Save**.

The Save button for the webcam box

Good to know: Clients see these words on their account page. They are not on the public website.

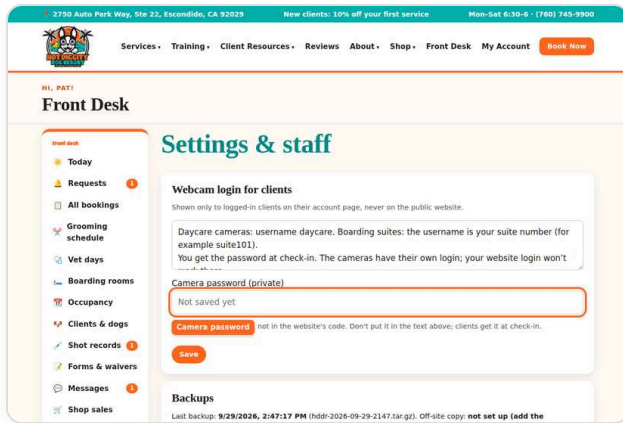

Change the camera password

1

In the same box, click **Camera password (private)**.

2

Type the new password. It shows as dots.

The Camera password box

3

Press **Save**.

Careful: Change it here any time you change it on the camera system (Blue Iris). If not, clients get the wrong one.

Tip: Leave the password box empty to keep the old one. Don't type the password in the help words box.

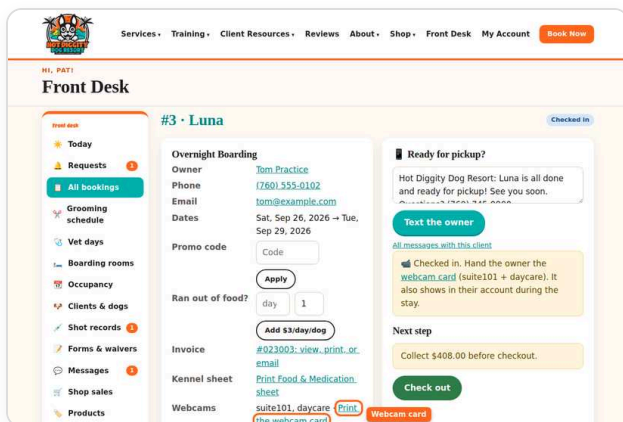

How clients get the password

1

A dog checks in for boarding or daycare.

2

The booking page shows **Print the webcam card**. It lists the logins and the password. Hand it to the owner.

The Print the webcam card link on a booking

3

The logins also show in the client's account, but only while the dog is here.

Good to know: The password isn't a secret. Staff and the phone agent may give it out.

- **Tips by groomer:** tips from the card reader, by groomer.
- **Grooming by groomer:** finished grooms and their value.
- **Year to date by payment method:** card, cash, check, and more.

Good to know: "Collected" is money in the bank. "Booked" is work on the books. They are not always the same number.

Tip: For your books, use the **QuickBooks** page. See topic 13.

QuickBooks

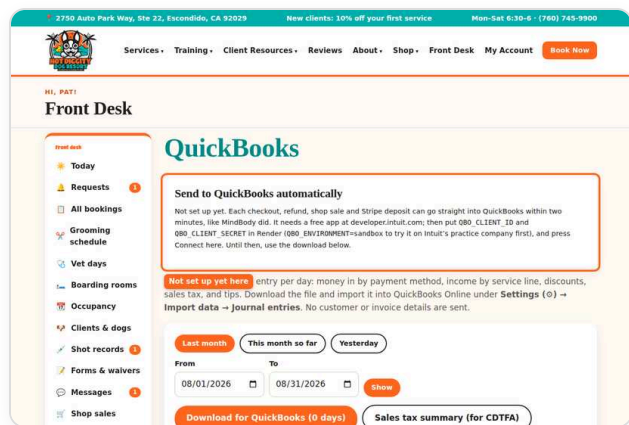

Send your sales to QuickBooks on their own, or download a file as a backup.

The system can send your sales to QuickBooks Online by itself. Each checkout, refund, shop sale, and Stripe deposit goes in within about two minutes. There is also a download. Use it only as a backup.

First, a one-time setup

The automatic sending needs a free Intuit app. Claude sets it up with you. It will walk you through each step. Until that is done, the box at the top says **Not set up yet**.

- 1 In the menu, click **QuickBooks**.
- 2 Look at the top box, **Send to QuickBooks automatically**.

The box that says Not set up yet

Good to know: The practice site has no Intuit app. So it always says **Not set up yet** there.

Connect QuickBooks

Once the Intuit app is ready, the box shows a **Connect to QuickBooks** button.

- 1 Press **Connect to QuickBooks**.
- 2 Sign in to QuickBooks. Pick the Hot Diggity company.
- 3 You come back to this page. The box now says **On** and "Connected to" your company.

Pick the start day

- 1 Find **Send money taken on or after**.
- 2 Pick the day the new system goes live.
- 3 Press **Save** next to it.

Careful: Use the go-live day. Then money EasyBusy already put in your books is not counted twice.

Missing accounts

QuickBooks may not have an account the system uses. Then a yellow note lists it.

- 1 If you see **Create it** next to a name, press it. QuickBooks makes the account.
- 2 If there is no button, make the account in QuickBooks. Or change the name at the bottom of this page.

Entries that need a missing account wait until it exists.

Entries that didn't go

A table may show things that didn't reach QuickBooks. It lists the **Day**, **What** it was, and **Why it didn't go**. Fix the problem. Then press **Send now**.

The buttons

- **Send now:** send anything waiting, right now.
- **Pause:** stop sending for a while. The button then says **Resume**.
- **Disconnect:** stop sending for good. You would need to connect again.

Stripe deposits

When Stripe puts card money in your bank, that goes in on its own too:

- Your bank account gets the money that arrived.
- The Stripe fee goes to 533 Credit Card Processing Fees.
- **POS Clearing - Stripe** goes back down, toward zero.

Your account names

The system puts money into your QuickBooks accounts. The names already match your chart of accounts. Look them over once.

- 1 Scroll down. Click **Your QuickBooks account names (set once)**.
- 2 Check that each name matches QuickBooks exactly.

MONTH	TAXABLE SALES	TAX COLLECTED	NON-TAXABLE (SERVICES, COURSES)
2026-09	\$0.00	\$0.00	\$57.00

Only retail products are taxed. Services and online courses aren't. Your accountant should confirm this for your CDFTA return.

▼ Your QuickBooks account names (set once)

Type each name exactly as it appears in your QuickBooks Chart of accounts. For a sub-account, use Parent:Child (for example Income:Boarding). QuickBooks will offer to create any account it doesn't find. Two lines can share one account.

Boarding income	Daycare income
Boarding	Account name
Grooming income	Training income (L.E.E.P. counts as daycare)

The Download for QuickBooks button

- 4 In QuickBooks Online, click **Settings** (the gear). Then click **Import data**. Pick **Journal entries**, and choose the file.

Careful: Never bring in a download for days that were already sent on their own. QuickBooks would count that money twice.

Careful: Don't bring in the same days twice, either. The page warns you when your dates overlap a past download.

Good to know: Cash basis means money counts on the day it comes in. Only money taken in the new system goes to QuickBooks. Older money stays in EasyBusy history.

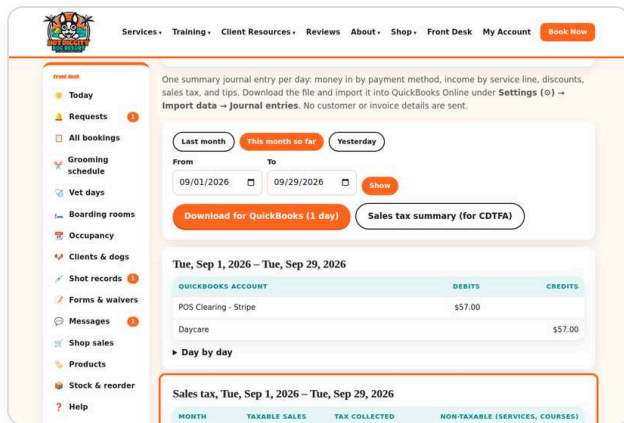

Sales tax summary

Get your taxable sales and tax collected, month by month, for the state.

You pay sales tax to the state (CDTFA) on shop products. Services like grooming and boarding are not taxed. This summary gives you the numbers for your return.

Steps

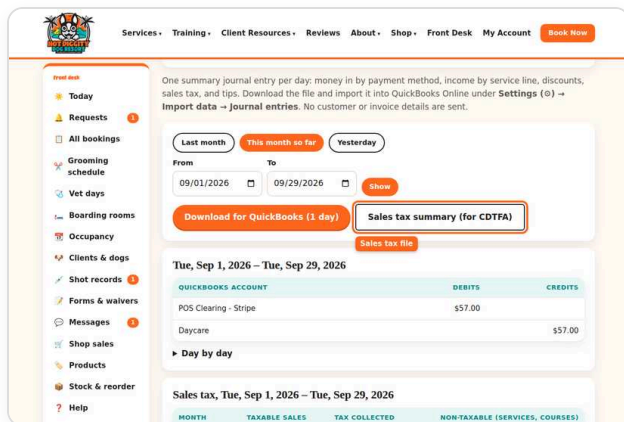

- 1 In the menu, click **QuickBooks**.
- 2 Pick the days, like **Last month**. Or type dates in **From** and **To**, and press **Show**.
- 3 Scroll down to the **Sales tax** box. It shows each month.

The Sales tax box

4

To get a file, scroll back up. Press **Sales tax summary (for CDTFA)**.

The Sales tax summary button

What the columns mean

- **Taxable sales:** shop products that are taxed, after discounts.
- **Tax collected:** the tax clients paid.
- **Non-taxable:** services and online courses.

Careful: Have your accountant check the numbers before you file.

Good to know: Sales tax goes to its own account in QuickBooks, "Sales Tax Payable - HDDR." So file from this summary, not from the QuickBooks sales tax center.

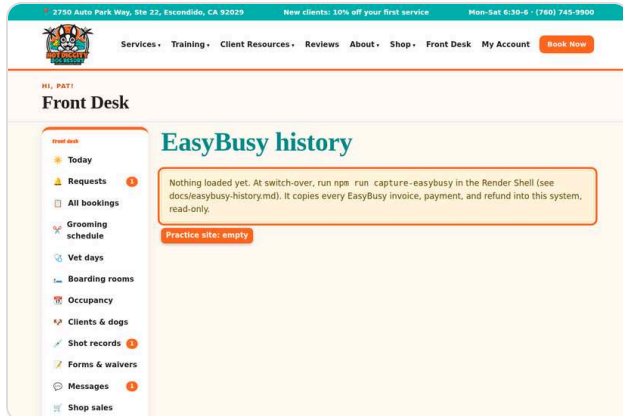

Tip: The shop's tax rate is set on **Settings**. See topic 21.

EasyBusy history

Look up your old sales and invoices from EasyBusy.

Your old sales from EasyBusy are kept in the new system. You can look them up and download them. You can't change them.

Good to know: The practice site has no EasyBusy history. It only shows a note. The real site fills in once the EasyBusy copy is loaded.

The practice site's EasyBusy history page

Steps

- 1 In the menu, click **EasyBusy history**.
- 2 Press a year button to pick a year. Or press **All years**.
- 3 **Money received by month** shows money in, refunds, tips, and sales tax.
- 4 **Sales by category** shows sales for boarding, grooming, and more. Click **By service** for each service.
- 5 **Sales tax by quarter** shows the tax for each three-month period.
- 6 **Refunds** lists every refund. Click it to open the list.

Download a report

Each box has a download button. On **Money received by month**, you can pick:

- **Download monthly summary**
- **Every payment and refund**

- **Every invoice**
- **Every line item**

The other boxes have a **Download** button.

Find an old invoice

- 1 Scroll to **Find an invoice**.
- 2 Type an invoice number, a client, or a dog's name.
- 3 Press **Search**.
- 4 Click the invoice number to see it.

Good to know: Money counts on the day it came in. That is cash basis. California says to keep sales tax records at least 4 years.

Tip: Some future bookings from EasyBusy may have no price yet. Then a yellow note shows at the top. Press **Price them from the price list**.

Payroll

See what each groomer earned for a pay period, and download it.

The **Payroll** page adds up each groomer's grooms for a pay period. It works out hourly pay and commission. It does not pay anyone. You send the numbers to your payroll service or accountant.

Steps

- 1 In the menu, click **Payroll**.
- 2 The page opens on this pay period. Periods are the 1st to the 15th, and the 16th to the end of the month.
- 3 To pick other days, type **From** and **To** dates. Press **Show**. Or press ← **Previous period**.

Careful: Have your accountant check the pay math. California has special rules for pay by commission.

Tip: Only grooms that were checked in or finished count.

Backups

What gets saved each night, and how to make a backup yourself.

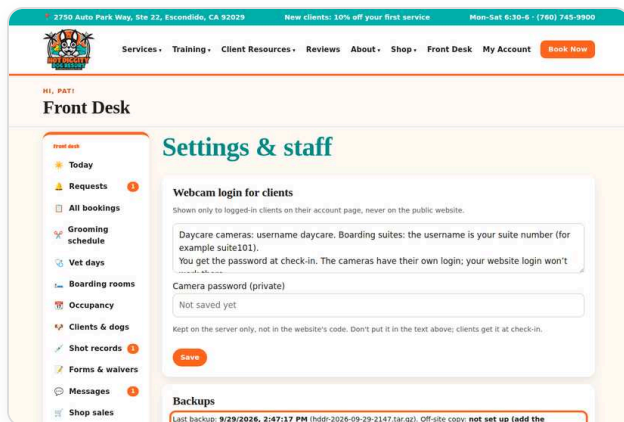

A backup is a spare copy of all your records. It has clients, dogs, bookings, and payments. If something goes wrong, the records can come back from a backup.

What runs each night

- About 2 am, the system saves a copy on the server. It keeps the last 7.
- It then sends the copy off-site to Backblaze. That is storage you own, away from the server.
- New files, like shot records, are sent off-site too.
- Render, your web host, also saves its own copy of the disk each day.

Check the last backup

- 1 In the menu, click **Settings**.
- 2 Find **Backups**. It shows the time of the **Last backup**.
- 3 Look at **Off-site copy**. On the real site, it should say **uploaded**.

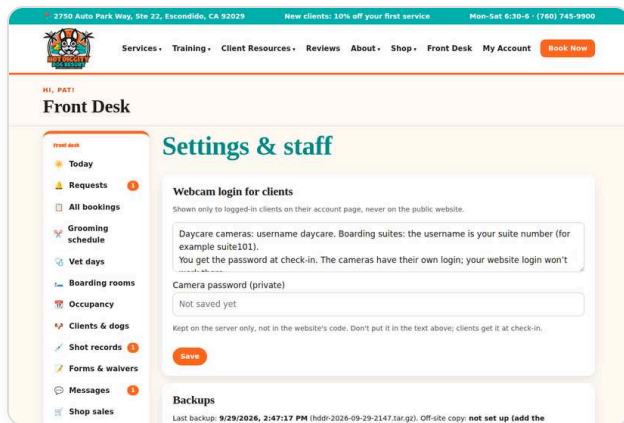

The Backups box with the last backup

Good to know: "Uploaded" means the copy reached Backblaze. The practice site says "not set up." That is normal there. It has no off-site storage.

Make a backup now

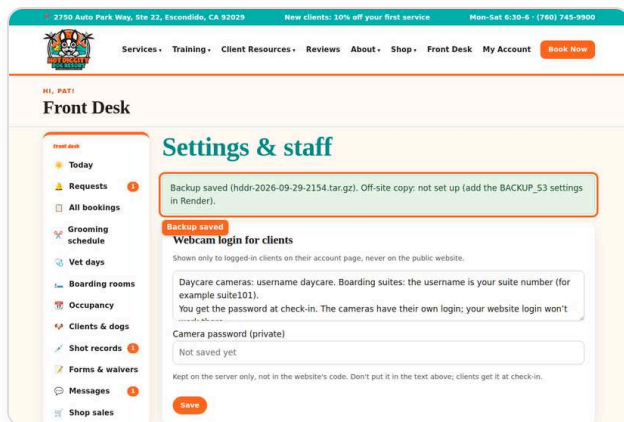

- 1 Press **Back up now**.

The Back up now button

2

Wait a moment. A note says **Backup saved**, and tells you about the off-site copy.

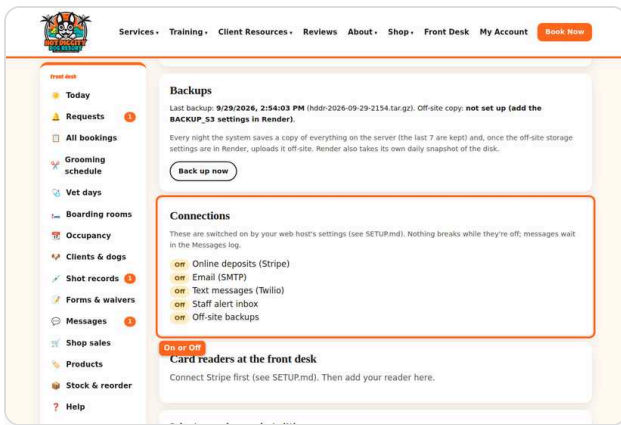

The note after a backup

Tip: Press **Back up now** before a big change, like new prices for the year.

Careful: If the note says **FAILED**, the off-site copy did not work. Tell Claude. If a nightly off-site copy fails, the staff alert inbox gets an email.

The Connections box

Connections shows what is hooked up: card payments, email, texts, the staff alert inbox, and off-site backups. Each says **On** or **Off**.

The Connections box

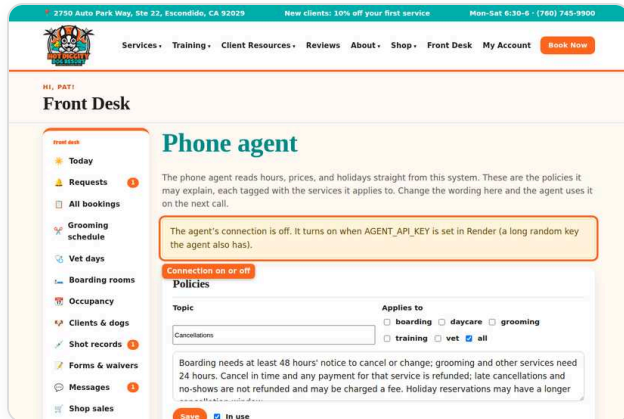

Phone agent

Change what the phone helper may say about your rules.

The phone agent is a computer helper that answers calls. It gets your hours, prices, and holidays from this system. On this page, you write the rules it may explain, like cancellations and shots.

- 1 In the menu, click **Phone agent**.
- 2 The box at the top says if the connection is on or off.

The box that says if the agent is connected

Good to know: The connection is turned on in Render, your web host. You can't turn it on from this page.

- 1 Find the rule under **Policies**. Each one has a **Topic**, like "Holidays."
- 2 Change the words in the big box.
- 3 Under **Applies to**, check the services the rule is for.
- 4 Press **Save** under that rule.

- 1 On the card reader, open **Settings**. Pick **Generate pairing code**.
- 2 On **Settings**, find **Card readers at the front desk**.
- 3 Type the code in **Pairing code**. Give it a **Name**, like "Front desk."

The Card readers box

Good to know: The practice site has no card payments hooked up. So it only says "Connect Stripe first." On the real site, you see the pairing code box.

Change the tip choices

Under the reader, set **Option 1**, **Option 2**, and **Option 3**. These are the tip percents clients see on the reader. Press **Save tip screen**.

Tip: To stop using a reader, press **Remove** next to it. It stays in your Stripe account.

Morning report

See how yesterday went on one page, or get it by email at 6 am.

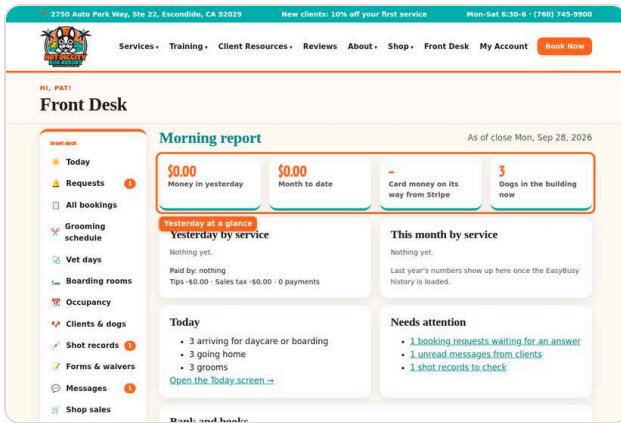

The **Morning report** shows where things stood when you closed yesterday. It shows money in, today's dogs, and anything that needs you. Only owners can see it.

Open it

- 1 In the menu, click  **Morning report**.
- 2 The top of the page says the day it covers. For example: "As of close Mon, Sep 28."

The four boxes at the top

- **Money in yesterday:** all the money that came in yesterday.
- **Month to date:** money in from the 1st of the month through yesterday.
- **Card money on its way from Stripe:** card money not in your bank yet.
- **Dogs in the building now:** dogs checked in right now.

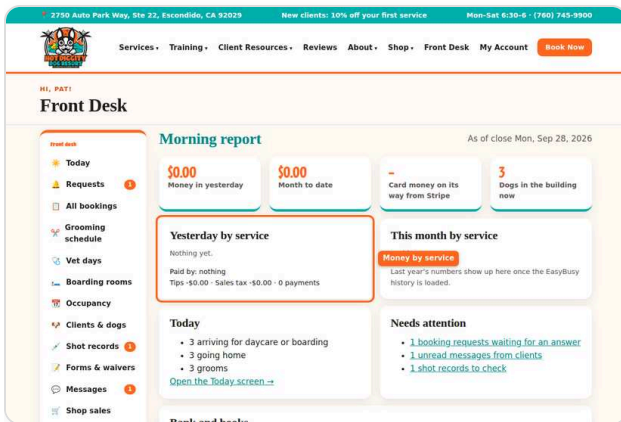

The four boxes at the top

Good to know: A green or red tag compares a number with last year. It shows up once the EasyBusy history is loaded.

Money by service

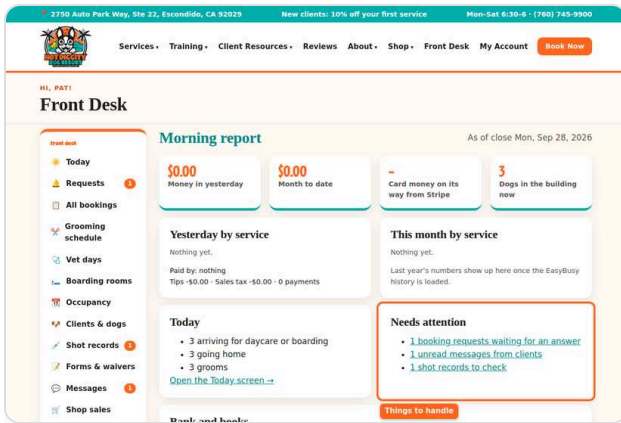

Yesterday by service shows the money from each service, like boarding or grooming. Below that, it shows how clients paid. It also shows tips and sales tax. **This month by service** does the same for the whole month.

The Yesterday by service box

Today and Needs attention

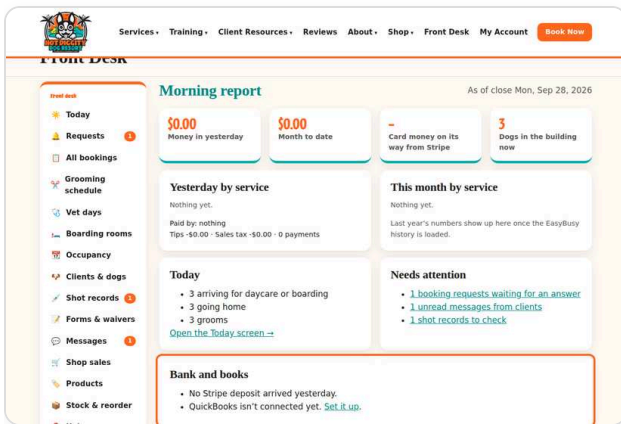

- **Today** counts the dogs arriving, going home, and the grooms.
- **Needs attention** lists things to handle. For example: booking requests, unread messages, and shot records to check. Click a line to go there.

The Needs attention box

Bank and books

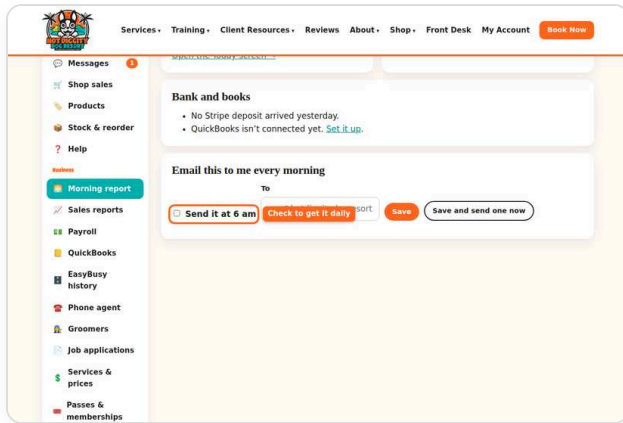

This box says if a Stripe deposit came in yesterday, and its fees. It also says if QuickBooks is up to date. If something didn't go, click **See why**.

The Bank and books box

Get it by email every morning

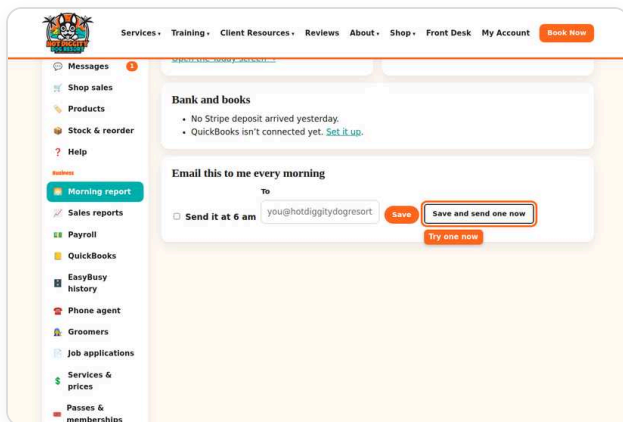

- 1 Scroll to **Email this to me every morning**.
- 2 Check **Send it at 6 am**.
- 3 In **To**, type your email.

The Send it at 6 am check box

4

Press **Save**. Or press **Save and send one now** to get one right away.

The Save and send one now button

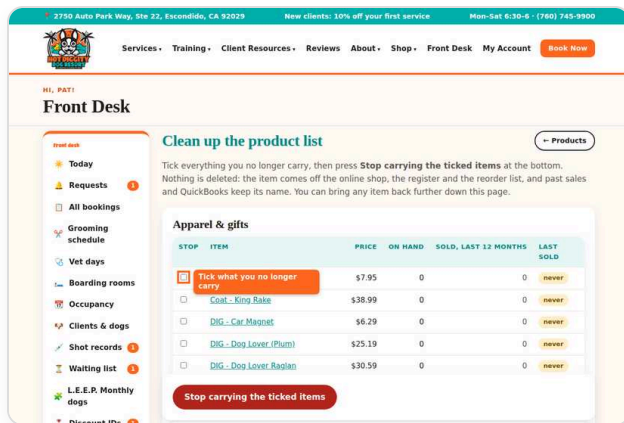

Tip: Leave **To** blank, and it goes to the staff alert inbox.

Good to know: The email has the same numbers as the page. It comes once a day, soon after 6 am.

Clean up the product list

Take many products off at once when we stop carrying them.

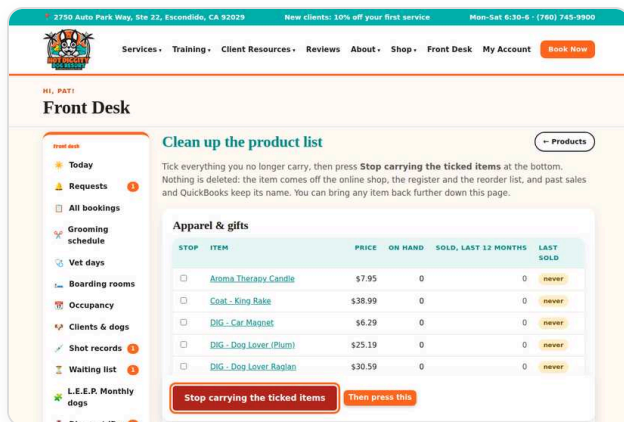

- 1 Press **Products**, then **Clean up the list**.
- 2 Each item shows how many sold in the last 12 months and when it last sold (EasyBusy sales count too). **Never** in yellow means it never sold.
- 3 Tick everything you no longer carry.

Tick what you no longer carry

4

Press **Stop carrying the ticked items** at the bottom.

Then press this

Good to know: Nothing is deleted. The items come off the shop, the register, and the reorder list, but past sales and QuickBooks keep their names. To bring one back, tick it under **No longer carried** and press **Bring back**.

Google and Facebook tracking codes

Google Tag Manager, Google Analytics and the Meta (Facebook) Pixel.

The codes load on every public page and client page of the real site. They don't load on the test site, or for staff who are logged in, so our own clicks don't count as visitors.

Only the Google Tag Manager box is filled in. Our Tag Manager already sends visits to Google Analytics, Google Ads, the Facebook Pixel, LiveChat, Microsoft Clarity and Reddit. Filling in the other two boxes too would count every visit twice. Leave them blank unless you remove those from Tag Manager.

1

Press **Settings**. Find **Google & Facebook tracking codes**.

2

Change a code, or leave a box blank to turn that one off. Press **Save**.

Google & Facebook tracking codes

These load on every public page and client page of the real site (not the test site, and not for staff logged in), so Google Analytics, Google Tag Manager and your Facebook ads see your visitors. Leave a box blank to turn that one off.

Jobs, permissions and training booklets

Each job has its own permissions and its own training booklet.

The jobs are: General Manager, Office Manager, Salon Manager, Daycare & Boarding Manager, Front Desk Lead, Front Desk Coordinator, Groomer, and Pet Care Technician. Owners use the owner login.

Change what a job can do

1

Press **Staff logins & permissions**.

2

Find the job. Check or uncheck what it can do. Press **Save**.

Staff logins & permissions

Everyone gets their own login: a work email, or a username if they don't have one (never a personal email). Never share one. Everything a person does is recorded under their name in the [Activity log](#).

Logins

The training booklets

1

Press **Help**, then **Open the training booklets**.

- 2 There is one booklet for each job, plus one for clients. Each booklet has only the screens that job can use. When you change a job's permissions, its booklet changes too.
- 3 Open one and press **Print or save as PDF**.

One booklet per job

Good to know: Staff see their own job's booklet (and the clients' one) under Help.

How a page looks on Google and Facebook

The Search & sharing box: the title, the short description, and the sharing picture for each page.

Every page has a **Search & sharing** box. It decides what people see on Google, and the picture that shows when someone shares the page on Facebook or in a text. Every page already has good ones. Change them only when you have a reason to.

Change them

- 1 Open the page (**Website pages**, then press the page).
- 2 Scroll down to **Search & sharing**.
- 3 **Title:** the blue line on Google and the name on the browser tab. Keep it short: what we do, and where. Example: *Dog Boarding in Escondido, CA*.
- 4 **Description:** the gray lines under the title on Google. One or two sentences that make someone want to click. Put the most important words first.
- 5 **What it looks like on Google** shows a preview as you type. If words turn into "...", it's too long.

6 **Sharing picture:** press **Upload a new photo**, or open **Or pick one of the website's photos** and press one.

7 Press **Save search & sharing**.

The screenshot shows a web form for saving search and sharing information. At the top, there's a navigation bar with links: Training, Client Resources, Reviews, About, Shop, Front Desk, My Account, and a Book Now button. The form has several sections: 1. Title (the blue line in Google, and the browser tab) with a text input containing 'Dog Boarding in Escondido, CA | Hot Diggity Dog Resort' and a character count of 54 / 60. 2. Description (the short text under the title in Google) with a text input containing 'Private, climate-controlled dog boarding suites in Escondido with daycare included every day and webcams to check in. Boarding 365 days a year.' and a character count of 143 / 155. 3. What it looks like on Google, which includes a preview of the site's appearance with the same title and description. 4. Sharing picture (shown on Facebook, in texts, and in other apps when someone shares this page) with a photo input field containing a suggested image of a dog in a boarding suite. 5. Or pick one of the website's photos, with a note to leave a box empty to use the suggested wording in grey. At the bottom, there is a 'Save search & sharing' button.

The Search & sharing box

Good to know: Don't stuff the title with lots of words like "dog dog boarding kennel pet hotel". Google likes plain, honest titles. One page, one main idea.

Careful: Leave a box blank to go back to the site's own title and description.

How our website talks

The rules for writing on our website, so every page sounds like us and only says what's true.

The one idea

Your dog should feel at home when they're not at home. And: **Your dog doesn't just stay. They get better.**

The client is the hero, we are the guide

The person reading loves their dog like family. Leaving them is hard. Every page should do three things:

1 **Name the worry**, kindly. ("Is she scared? Is he just sitting in a cage?")

2 **Show we can help:** Penny's training and credentials, since 2012, private suites, 15 dogs or fewer per staff member, webcams, real client reviews.

- 3 **Give a simple plan:** create an account, book a Play Date (our Temperament Assessment), and relax.

Every page has a **Book a Play Date** or **Book Now** button at the top and the bottom.

How we write

- Talk to one person: "you" and "your dog."
- Short sentences. Plain words. Warm, like a friend who knows dogs.
- No business words like "solutions," "world-class," or "premier."
- Lead with a picture of the good result ("a tired, happy dog at pickup"), then the fact that backs it up.

Only what's true

- Prices come from the price list on the site. Don't type prices into a page by hand.
- Use real client words only, word for word. Never make up a review.
- We don't give tours (people are welcome to come in and see the place).
- Don't say "trusted by local vets" or "certified pet care experts" for the whole team.
- Not sure something is true? Ask David before it goes live.

Good to know: The full writing guide is the BrandScript, and the facts list is the Site Facts sheet. Ask an owner for a copy.

Bring over clients

Load clients, dogs, shots, waivers, upcoming bookings, passes and old invoices from the client file. A backup is made first.

- 1 Get the client file from Claude. It ends in **.tar.gz**. **Don't unzip it**. Keep it private: it has every client's details.
- 2 Go to **Front Desk → Bring over clients** (owners only).
- 3 Choose the file and press **Load clients**. It takes about a minute.
- 4 Read the summary. Then go to **EasyBusy history → Price them** to put prices on the upcoming bookings that came over.

Running it again is safe: anyone already here is skipped, never doubled.

The test site never emails or texts clients, so it's safe to practice with real clients there.

Discounts and deposits

One discount per visit (the biggest one wins), the birthday discount, and deposits in dollars or percent.

One discount per visit

A visit can only get one discount. When more than one could apply, the biggest is used:

- **Military and first responder** (10%), for approved clients.
- **A promo code.**
- **Birthday** (10%), when the visit is within 7 days of a dog's birthday or the stay covers it. The dog needs a birthday on its profile.

Change the birthday % or the number of days in **Settings**. Set it to 0 to turn it off.

Deposits

In **Services & prices**, each service has **Deposit (\$)** and **Deposit (% of total)**. Leave both at 0 for no deposit, or type 50 in the % box for 50% down.

Online bookings are paid in full, so deposits only apply to bookings the desk makes or approves.

Login safety and alerts

What the site does to keep logins safe, the email you get when a staff login is used from a new place, and what to do about it.

What the site does on its own

- **Wrong passwords:** after 8 wrong tries on one login, it waits 15 minutes. Many tries from one internet address get the same wait.
- **New place:** when a staff or owner login is used from an internet address it has never used before, the owners get an email: **New login place: (name)**.
- **Stolen cards:** a client can't try more than 5 cards a day. That stops crooks from "testing" stolen card numbers.
- **Fake sign-ups:** no more than 5 new accounts an hour from one place.
- **Staff logins time out** when nobody uses them, and each job only sees what it needs.

You get a "New login place" email

- If it was them (a new phone, home Wi-Fi, a different computer), there's nothing to do.

- If it wasn't, go to **Staff logins & permissions**, press **Turn off this login**, then give them a new password.

Every login and failed try is listed in the **Activity log**.

The best protection

Turn on two-step login (a code from your phone) for Render, Stripe, GitHub, your email, QuickBooks, Google and Twilio. Never log in from a link in an email: go to the site yourself.
