Would you like us to text you about your dog's visits? It's handy, but it's **completely optional**. Saying no doesn't change anything: you can still book, board, groom, and use every service we offer.

What we'd text you about

- Booking confirmations and appointment reminders
- A heads-up about 20 minutes before your dog's groom is done
- Reminders when a vaccine record is about to expire
- Replies to questions you text us

These are not marketing messages. Message frequency varies with your bookings, usually 1 to 5 per visit.
