How to log in, find your way around the Front Desk, and read the red numbers.

Welcome! This is our new system. It takes the place of EasyBusy. You do all of your desk work on one website. This page shows you how to get in and where things are.

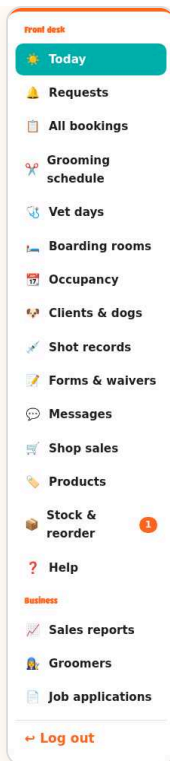

Steps

- 1 Go to our website on the desk computer. Press **Log In** at the top.
- 2 Type your work email and your password. Then press **Log in**.

The screenshot shows the login page of the Hot Diggity Dog Resort website. At the top, there is a navigation bar with links: Services, Training, Client Resources, Reviews, About, Shop, Log In, and a Book Now button. The main heading is "Log in". Below it is a form with an Email field containing "desk@example.com" and a Password field. A red "Log in" button is positioned below the password field, with a red callout box pointing to it that says "Type, then press here". Below the button is a link: "Forgot password, or first time since we switched systems?". At the bottom of the form area is a link: "New to Hot Diggity? Create an account". The footer contains the Hot Diggity Dog logo and three columns of links: Services (Boarding, Daycare), Resources (Blog, Podcasts), and Get Started (Book a Stay, Client Login).

The log in page

- 3 Press **Front Desk** at the top of the page. You land on the **Today** page.
- 4 Look at the menu on the left. It is the same on every Front Desk page.

The Front Desk menu

5

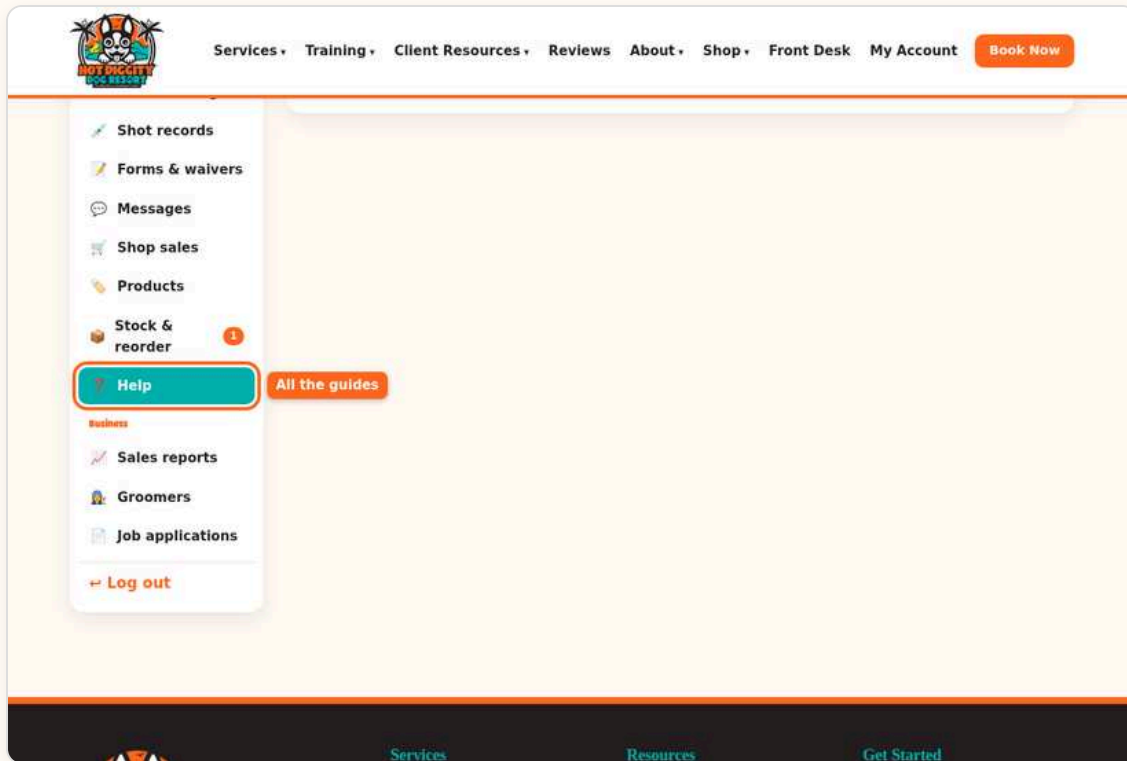

Look for red numbers in the menu. A red number means there is work waiting. For example, the number by **Requests** is how many bookings need your answer.

Read the green box at the top. For boarding, it tells you which suite the dog got.

The screenshot shows the 'Front desk' interface of the Hot Diggity Dog Resort website. A green box at the top of the main content area displays the message: 'Marked confirmed. Assigned to Suite 0101.' Below this, the 'Confirmed!' section shows details for 'Overnight Boarding' for a client named Grace Example. The details include contact information, dates (Oct 27-30, 2026), a promo code field, and a section for 'Ran out of food?' with a dropdown set to 'day' and a value of '1'. There are buttons for 'Apply' and 'Add \$3/day/dog'. The bottom section lists links for the invoice, kennel sheet, webcams, total cost (\$408.00), and deposit (\$0.00). To the right, the 'Next step' section has a green 'Check in' button, a text input field for 'Reason (sent to the client)', and a red 'Cancel' button. A sidebar on the left contains various navigation links like 'Today', 'Requests', 'All bookings', 'Grooming schedule', 'Vet days', 'Boarding rooms', 'Occupancy', 'Clients & dogs', 'Shot records', 'Forms & waivers', 'Messages', 'Shop sales', 'Products', and 'Stock & reorder'.

The request is confirmed

Why is it a request?

Daycare and boarding book right away online only when all of these are true:

- The dog passed the Temperament Assessment.
- The dog came to daycare or boarding in the last 6 months.
- For boarding, the suite is not shared with another family's dog.

If not, it comes to you as a request. Grooming can book online with no assessment.

Good to know: Never tell a client a request is "booked." It is only booked after you press **Confirm**.

Good to know: A dog needs Rabies, DHPP, and Bordetella on file before the first visit. A dog must be spayed or neutered before 8 months of age

for daycare and boarding.

Tip: If the stay asked for a groom before pickup, it goes on the grooming schedule by itself when you confirm.

If something goes wrong: Does it say **Over capacity**? We are full that day. Ask David before you make room. If he says yes, tick **Confirm anyway, even if over capacity** and press **Confirm** again.

Good to know: A shot box can be red (missing or out of date) or say **(unverified)**. Don't take the dog for daycare or boarding until the shots are OK. See Shot records.

Good to know: A yellow box that says **Temperament Assessment needed** means the dog has not passed yet. That dog can only come for a Temperament Assessment day. See Temperament Assessment day.

Tip: The Food & Medication sheet uses the owner's online form. If it says there is no form on file, fill it in by hand at drop-off.

Tip: Grooms don't need **Check in**. The groomer can still send the 20-minute text and press **Done**.

If something goes wrong: The webcam card shows only the daycare camera? The dog is not in a suite yet. Pick a suite first. See Boarding rooms and suites.

The boarding packet

Every boarding dog gets a packet. It goes with the dog and stays on the kennel.

- 1 Open the boarding booking.
- 2 Next to **Boarding packet**, press  **Print the packet**.
- 3 Each dog gets four pages: the **Registration Form**, the **Food & Medication Form**, the **Overnight Boarding Details Form**, and the **Entry / Exit Evaluation**.

4

Most of it is filled in for you. Fill in the rest by hand at drop-off: the items to inventory, the entry evaluation, and your initials.

Check a dog out and take payment

Take the money, then mark the dog as gone home.

When an owner picks up, first take the payment. Then check the dog out. Do it in that order.

Steps

- 1
- Press **Today** in the menu. Find the dog under **Going home**. Press the dog's name.

Paying by card

Once the card reader is set up, the booking shows a **Charge on card reader** button above the form.

- 1 Check the **Amount (before tip)**.
- 2 Leave **Show the tip screen** ticked so the client can add a tip.
- 3 Press **Charge on card reader**.
- 4 Ask the client to pick a tip, then tap or put in their card.
- 5 Wait. The screen says **Paid** when it goes through. The tip shows too.

If the client changes their mind, press **Cancel**. If the card reader is not set up yet, you will see **No card reader set up yet**. Then run the card on the other machine and record it as **card (in store)**.

Good to know: Tips on the card reader are saved by themselves. A cash tip? Type it in the **Tip** box on the **Record** form. Tips go to the groomer on that appointment.

Good to know: A dog can't go home with money owed. The red box says how much. The **Check out** button stays gray until it is paid. The amount counts any groom or bath booked with the stay. Only David can let a dog leave before it is paid. He types the reason.

Tip: Does the client have a daycare pass? Use it before you take money. See Daycare passes and L.E.E.P.

Going home early

Is a boarder leaving before the planned day? Do this before you take payment.

- 1 On the booking, press **Going home early?**
- 2 Check the **Pickup time today**.
- 3 Stayed less than 5 nights, with a free bath booked? Ask the owner if they still want the bath. It now costs the regular price. Pick their answer.
- 4 Press **End the stay today and re-price**.
- 5 The price changes to the nights they stayed. The bath or groom moves to finish before pickup. If they paid too much, the message tells you how much to refund.

Tip: Did a boarder run out of food and eat ours? Before checkout, type the days in **Ran out of food?** and press **Add \$3/day/dog**.

The screenshot shows the Hot Diggity Dog Resort website interface. The top navigation bar includes links for Services, Training, Client Resources, Reviews, About, Shop, Front Desk, My Account, and a Book Now button. The charges table includes Invoice, Kennel sheet, Webcams, Total (\$935.00), Deposit (\$0.00), Paid (\$0.00), and Balance (\$935.00). The Save room button

5

The green box says **Room saved**.

The room is saved

To move a dog, do the same steps. Pick the new suite and press **Save room**.

Sharing a suite

Only dogs from the same family share. A suite can hold:

- up to 4 dogs of 20 lbs or less, or
- 3 dogs of 30 lbs or less, or
- 2 dogs of 60 lbs or less.

The first dog pays full price. Each extra dog in the same suite is \$5 off per night.

Good to know: Most suites are 4' × 6'. Suite 0501 is 5' × 6'. Suite 0601 is 6' × 6'. We save those two for 3 or 4 dogs sharing, or dogs over 80 lbs.

Good to know: A suite that says • **taken** is full for part of the stay. The system won't let you put a dog there. Tick **Put them there anyway** only

if David says so.

Good to know: The **Daycare Floor** and the crates are for busy times. If you use one, tell the owner. The dog sleeps in a crate at night.

Tip: On busy holidays, a stay may be split. That means no one suite is free every night, so the dog changes suites partway. The move shows in a yellow **Suite moves** box on the rooms page.

Tip: Occupancy in the menu shows six weeks at a time. Use it when a caller asks, "Do you have room?"

The interface includes a sidebar menu with options like 'Today', 'Requests', 'All bookings', 'Grooming schedule' (highlighted), 'Vet days', 'Boarding rooms', 'Occupancy', 'Clients & dogs', 'Shot records', 'Forms & waivers', 'Messages', 'Shop sales', and 'Products'. The main area displays a grooming schedule for four groomers: Darlene Vencebi, Madison Hewett, Mariana Miranda, and Cameron Donnell. Each groomer's column shows their hours and available time slots. A legend indicates that green blocks represent open time (27 hr 0 min unbooked). A 'Change the day here' button is visible above the schedule grid.

Texts from a number we don't know

Sometimes a text comes from a number that isn't on any client. The page says so. Press **Find or add the client**. Put the number on their profile. Their next texts will show under their name.

CANCEL and STOP

If a client texts only the word **CANCEL** or **STOP**, the phone company turns their texts off. After that, we can't text them.

- A text that says only CANCEL shows a red box: **"CANCEL" by itself turned this client's texts off. They may have meant their appointment. Please call them.** Call them. Ask what they meant.
- When texts are off, the client page says **(texts turned off)**. You can only send an email.

The screenshot shows the 'Front Desk' interface for Hot Diggity Dog Resort. At the top, there's a navigation bar with links: Services, Training, Client Resources, Reviews, About, Shop, Front Desk, My Account, and a 'Book Now' button. Below the navigation bar, a greeting says 'Hi, SAM!'. The main heading is 'Front Desk'. On the left is a sidebar menu with options: Today, Requests, All bookings, Grooming schedule, Vet days, Boarding rooms, Occupancy, Clients & dogs, Shot records, Forms & waivers, Messages (highlighted), Shop sales, and Products. The main content area shows the client profile for 'Jenny Walker'. It includes a 'Client profile' button, a phone number '(760) 555-0177 (texts turned off)', and an email 'jenny.walker@example.com'. A red box highlights the text 'Texts are off /et.'. Below this is a 'Reply' form with a 'Send as' dropdown set to 'Email', an 'Email subject (emails only)' field with the text 'A note from Hot Diggity Dog Resort', and a 'Message' text area with the placeholder 'Type your message...'. A red 'Send' button is at the bottom of the form.

Texts are off for this client

- To turn texts back on, the client texts **START** to our number.

Good to know: Don't tick **OK to text** again for a client who texted STOP. Only the client can turn texts back on, by texting START.

Good to know: Email replies from clients go to the office inbox, not here.

Tip: From the website lists notes from our contact form. Answer them, then press **Mark handled**.

Tip: Emails & texts sent lists every message the system sent by itself, like reminders.

The main content area is titled 'Passes & memberships' and shows a 'Full Day Daycare: 10-Unit Pass (5% off)' for a dog named Rosie. It indicates that 10/10 credits are left, which expires on Monday, December 28, 2026, for a cash value of \$475.00. Below this, there are dropdown menus for 'Credits left' (Full Day Daycare: 10-Unit Pass (5% off)), 'Dog' (Rosie), and 'Paid by' (card (in store)), with an 'Add pass' button. Further down, there is a 'Start a membership' section with a dropdown for 'L.E.E.P. Monthly (\$50.00/mo)' and a 'Dog' dropdown (Rosie). It also includes a 'How' dropdown (Enter their card now (auto-pay)) and a date field for 'EasyBusy paid through' (mm/dd/yyyy). A checkbox for 'For "card now": I read the client the renewal terms (charged every month until they cancel; cancel online or by phone) and they agreed.' is present, followed by an 'Add membership' button. A footer note states: 'Monthly memberships are billed to the client's card automatically. "Enter their card now" opens the secure card page on this'.

A cancelled booking

Give a refund

- 1 Open the booking. Scroll to **Take a payment**.
- 2 Type the refund amount. Pick the **Method** they paid with.
- 3 Tick **This is a refund**. Press **Record**.

The screenshot shows the 'Take a payment' form on the Hot Diggity Dog Resort website. The form is divided into two main sections: 'Take a payment' and 'Edit booking'. In the 'Take a payment' section, there is a 'Method' dropdown menu set to 'card (in store)'. Below this, there is a 'Reference (check #, last 4...)' field. A checkbox labeled 'This is a refund' is checked, and a red callout bubble points to it with the text 'Tick for a refund'. Below the checkbox is a red 'Record' button. In the 'Edit booking' section, there are fields for 'Start' and 'End' dates, 'Drop-off' and 'Pickup' times, and a 'Deposit' field. A 'Grooming before pickup' dropdown menu is set to 'None'. A 'Staff notes (private)' text area is at the bottom. A red callout bubble points to the 'Record' button with the text 'Record'.

Tick This is a refund

Good to know: Record with **This is a refund** only writes it down. It does not send money back. For cash, hand the money back. For a card, ask David to refund the card.

Good to know: If you type a reason, the client gets it by text or email. With no reason, no message is sent.

Tip: When a groom is cancelled, a waiting-list client may get that spot. Look at the waiting list on the grooming schedule.

If something goes wrong: Changed boarding dates and the suite changed? New dates can mean a new suite. Check the **Room** box after you save.

The dog is approved

Good to know: Only a dog that passed can come for daycare or boarding. Grooming and training don't need it.

Good to know: We can't take bully breeds in boarding or daycare. Our insurance does not allow it. We also can't take dogs with a history of biting in daycare or boarding. Grooming and training are fine.

If something goes wrong: Not sure if the dog passed? Ask Penny or David before you press a button.

After the dog passes: the Daycare Card

- 1 On the assessment booking, type the **Temp test color** and who the dog was **Tested with**.
- 2 Press **Passed: approve for daycare & boarding**. This checks **Approved for daycare & boarding** on the dog's profile for you.
- 3 Press  **Daycare Card** next to the dog's name. Load the 5" x 8" card stock and print.

Tip: On **Today**, press  **Daycare Cards for today** to print a card for every approved dog here or arriving today.

Good to know: Grooming card notes and the temp test details can be changed later on the dog's card, under **Daycare Card (staff only)**.

Card on file, or type in a card

Charge a card the client saved, or type a card in at the keyboard (phone orders, or a card handed to you).

You can take a card three ways: the **card reader**, a **card on file**, or **type it in**. Use the reader when the client is standing there. It costs us less. Use a card on file or type it in when they call, or when the reader isn't handy.

Charge a card on file

- 1 Open the booking (or the shop sale). Scroll to **Take a payment**.
- 2 Under **Card on file, or type in a card**, press **Card on file**.
- 3 Check the amount. Pick the card. Ask about a tip: **No tip**, **10%**, **15%**, **20%**, or **\$ Other**.
- 4 Press **Charge**. The site asks "Charge \$55.00 to Visa •••• 4242?" Press **OK**.

The screenshot displays the 'Take a payment' section of the Hot Diggity Dog Resort website. The interface includes a sidebar with navigation links such as 'All bookings', 'Grooming schedule', 'Vet days', 'Boarding rooms', 'Occupancy', 'Clients & dogs', 'Shot records', 'Waiting list', 'L.E.E.P. Monthly dogs', 'Discount IDs', 'Forms & waivers', 'Messages', 'Shop sales', 'Products', 'Stock & reorder', and 'End of day'. The main content area is divided into three sections. The top section, 'Grooming card notes (staff only)', has a text input field with the example note 'e.g. #7F body, 1/2 in. comb on legs, teddy face. Wiggly for nails.' and an 'Add note' button. The middle section, 'Take a payment', is further divided into 'Card reader' (with a note that no card reader is set up yet) and 'Card on file, or type in a card (phone or keyboard)'. The 'Card on file' option is selected, showing an amount of \$55.00 and a Visa card ending in 4242. A tip selection area offers 'No tip', '10% - \$5.50', '15% - \$8.25', '20% - \$11.00', and '\$ Other'. A large orange button reads 'Charge \$55.00 to the card on file'. The bottom section, 'Or record a payment taken another way', has fields for 'Amount' and 'Method'. To the right, the 'Move this groom' section allows selecting a groomer (Madison Hewett) and a date (09/30/2026), with a 'Move' button and a 'View that day' link.

Pick the card, the tip, then Charge

- 5 A green box at the top says **Charged \$55.00 to the card on file.**

Careful: If it says the bank wants the client to approve the charge, send them a pay link or use the card reader.

Type in a card

- 1 Press **Type in a card.**
- 2 Check the amount and the tip.
- 3 Does the client want us to keep the card for next time? **Read them the words next to "Keep this card on file."** Check the box only if they say yes.

The screenshot shows the Hot Diggity Dog Resort website interface. On the left is a sidebar menu with items like 'Shot records', 'Waiting list', 'L.E.E.P. Monthly dogs', 'Discount IDs', 'Forms & waivers', 'Messages', 'Shop sales', 'Products', 'Stock & reorder', 'End of day', 'Help', 'Business', 'Morning report', 'Sales reports', 'Payroll', and 'QuickBooks'. The main content area is titled 'Services' and includes a 'Book Now' button. Below the header, there are tabs for 'No tip', '10% · \$5.50', '15% · \$8.25', '20% · \$11.00', and '\$ Other'. A green box highlights the 'Keep this card on file' checkbox and the text: 'Read this to the client and check only if they say yes: "I authorize Hot Diggity Dog Resort to keep this card on file and charge it for services and products I book or buy, including balances due at pickup, and late-cancellation or no-show fees under the policies I agreed to. I can ask to remove the card at any time, in my account or by calling (760) 745-9900."' A red callout bubble points to this text with the label 'Read this to the client first'. Below this, a green button says 'Next: type in the card for \$55.00'. Further down, there's a section 'Or record a payment taken another way' with fields for 'Amount' (55.00) and 'Method' (card taken on an). There's also a 'Reference (check #, last 4...)' field. At the bottom, there's a 'Tip' section with the same tabs as above, and a checkbox for 'This is a refund'.

Read this to the client first

- 4 Press **Next: type in the card.**

5

Type the card number, the date (MM/YY), the 3-digit code, and the ZIP code, all in the one box.

Type the card here

6

Press **Charge**. The green box says **Paid \$55.00 by card**.

Good to know: The card number goes straight to Stripe, our card company. Our website never sees it or keeps it. Never write a card number down.

See or remove a client's saved cards

1

Open the client's page. Scroll to **Cards on file**.

2

Press **Remove** next to a card to take it off. To save a card without charging it, check the box (after reading it to the client) and press **Add a card**.

The waiting list

Put a caller on the waiting list for a full day or full dates. The site tells everyone waiting when a spot opens.

No more notebook. When a day is full for grooming, or the dates are full for boarding or daycare, put the client on the waiting list in the site. Clients can also join it themselves online.

When any booking is cancelled, **everyone waiting for those dates gets a text right away** (or an email if they don't take texts). Whoever books first gets the spot. The office gets an email saying who was told.

Add a caller to the waiting list

- 1 Open the client's page. Scroll to **Add to the waiting list**.
- 2 Pick the service. Type the date. For boarding or daycare, also type the pickup date.
- 3 Check the dogs. Add a note if it helps, like "Can do Dec 24."
- 4 Press **Add to the waiting list**.

A boarder ran out of food

Mark "Out of food: using ours" once. The \$3 a day charge adds itself through pickup.

When a boarder's food runs out, we feed them our house food. It's \$3 a day per dog. You don't have to tell the front desk. Mark it once, and the charge goes on the bill by itself, from that day through pickup.

Mark it

- 1 Open the dog's boarding stay. (On **Boarding rooms**, press the dog's name.)
- 2 Find **Ran out of food?** Pick the first day on our food. Check how many dogs.
- 3 Press **Out of food: using ours**.

Who gets L.E.E.P. (and how many days)

The L.E.E.P. Monthly list, and the L.E.E.P. question on every boarding stay.

L.E.E.P. Monthly dogs

- 1 Press **L.E.E.P. Monthly dogs** in the menu.
- 2 The list shows each dog, the owner, and the billing. **Auto-pay** is good. **Not on auto-pay yet** or **Payment problem** goes to the front desk to fix.
- 3 Press **Print the list** for the daycare room. The staff also get it by email on the 1st of every month, with who joined and who left.

The screenshot shows the Hot Diggity Dog Resort website. The header includes the address (2750 Auto Park Way, Ste 22, Escondido, CA 92029), a new client discount (10% off your first service), and contact information (Mon-Sat 6:30-6, (760) 745-9900). Three dogs are listed: Biscuit (Golden Retriever, Maria Sample, since Tue, Aug 4, 2026, Auto-pay), Pepper (Miniature Schnauzer, Maria Sample, since Sat, Sep 12, 2026, Not on auto-pay yet), and Rosie (Cavalier King Charles Spaniel, Leo Tester, since Wed, Jul 1, 2026, Payment problem: card failed). A note explains that "Not on auto-pay yet" means the card isn't set up for monthly billing and "Payment problem" means Stripe couldn't charge the card.

L.E.E.P. Monthly dogs Print the list

2 to fix: "Not on auto-pay yet" means the card isn't set up for monthly billing. Use [Passes & memberships → Email auto-pay links](#), or set it up at the desk. "Payment problem" means Stripe couldn't charge the card. Ask the owner for a new card.

Who gets L.E.E.P. every day

Every boarding booking asks: **Add L.E.E.P.? How many days?** A client might board 5 days and want L.E.E.P. on 2 of them.

- 1 When you book a stay at the desk, ask the client: "Would you like L.E.E.P. while they're here? How many days?"
- 2 Pick their answer in the L.E.E.P. box: **No L.E.E.P., Every day**, or a number of days. The booking won't save until you pick one.

Military, firefighters, police, EMTs and paramedics, and 911 dispatchers get a discount. Clients send a photo of their ID from their account.

- 1 Press **Discount IDs** in the menu. The red number shows how many are waiting.

Good to know: Once it's on, the discount comes off every booking by itself.

Dematting and other by-the-hour add-ons

Dematting is \$60 an hour, in 15-minute steps. Get the owner's OK first.

Dematting (taking out mats) is **\$60 an hour, billed in 15-minute steps**. A brush-out is the same price. Hand scissoring and hand stripping are also priced by the hour.

- 1** If a coat is matted, tell the owner about the dematting fee **before** you start. Get their OK.
- 2** On the groom, add **Dematting, priced per hour**. Type the time in hours: **0.25** is 15 minutes, **0.5** is 30 minutes, **0.75** is 45 minutes, **1** is an hour.
- 3** The price works itself out.

Careful: Brushing out mats that hurt the dog isn't kind. If shaving down would be kinder, talk to the owner first.

Phone calls the phone agent took

Every call the phone agent answers leaves a short note for the desk. Calls that need a person stay at the top until someone handles them.

When the phone agent answers a call, it leaves a note, like a message slip from an answering service. The note says who called, why, and what the agent did (booked, moved, cancelled, sent a link).

The phone agent isn't turned on yet. This page fills up once it is.

Where to find the notes

- **Front Desk → Phone calls.** The number next to it is how many calls are waiting for a call back.
- **The client's page** also shows their last few calls, under **Phone calls with the phone agent.**
- The office email gets each note too. Urgent ones start with **URGENT**, and call-backs start with **Call back.**

Handle a call back

- 1 Open **Phone calls.** The ones that need you are under **Needs a call back.**
- 2 Call the client.
- 3 Press **Called back / handled.** If you pressed it by mistake, press **Undo.**

What the agent can and can't do

- It looks up a caller by their phone number, **and** asks for their dog's name before it tells them anything about their bookings.

- It books, moves a groom, or cancels by the same rules as the website. It reads everything back and waits for a "yes" first.
- Bookings it makes on the spot are paid in full by a link it texts. The spot is held for 60 minutes.
- It can't cancel or change anything inside the cancellation window, or move a stay's dates. Those come to you as a request or a call back.
- The client always gets a text or email of what was done, so a mistake shows up right away.
- Every booking it makes says **Booked by phone (phone agent)** in the staff notes.

Grooms for several dogs at once

One screen for a family with two or more dogs. Pick each dog's groom and see the next three days they can all come in together.

When a client calls to book grooms for two or more dogs, usually on the same day at the same time, use this screen instead of booking each dog alone.

- 1 Open the client's page. Under **Book a groom**, press  **Book grooms for several dogs at once**.
- 2 Each dog shows what they **usually** get, how many times, and when they were last here. Use that to ask the client.
- 3 Tick each dog that's coming. Pick each one's **Groom**, and any **Add-ons**.
- 4 If the client wants a certain groomer for a dog, pick **Only (name)**. Otherwise leave **Any trained groomer**. The dog's usual groomer is tried first.
- 5 Choose **Together?**: same start time, within 30 minutes, within 1 hour, or any time that day.
- 6 Press **Find the next 3 days**.
- 7 Read the choices to the client. Each one shows the drop-off time, every dog's groom, its groomer (★ = their usual groomer), and the price.
- 8 Press **Book all** on the one they pick. If none work, press **None of these work: show the next 3 days**.

Good to know:

- Only groomers trained for that groom (and its add-ons) are offered. Two dogs never get the same groomer at the same time.

- Times are back-to-back, so no groomer is left with a gap.
- It's all or nothing. If someone takes one of those times first, nothing is booked and you just pick again.

Family members who may pick up

Add the people who may drop off or pick up a dog, each with a photo, so the desk knows them on sight. Take a dog or person off the list when they're no longer with the family.

Add a person

- 1 Open the client's page and find **People who may drop off and pick up**.
- 2 Type their name, who they are (spouse, daughter, dog walker), and their phone. Add a photo if you have one.
- 3 Press **Add person**.

Clients can add people themselves too, from **My details** in their online account.

Only release a dog to the client or someone on this list. If someone isn't on it, call the client first.

Take someone off the list

Press **Remove** under their photo. They move to **Removed**, where **Put back** brings them back.

A dog that's no longer with the family

Open the dog on the client's page, choose why (passed away, rehomed), and press **Take (name) off the active list**. Their history stays. Press **Put (name) back on the active list** if you need to.

Please be gentle when a client tells you their dog has passed. A kind word goes a long way.

Scanning barcodes at the register

Use the barcode scanner on the shop sale screen. Each product needs its barcode saved once.

- 1 Start a sale (**Shop sales** → **New sale**).
- 2 Click in the **Scan a barcode** box.
- 3 Scan the item. It's added to the sale, one at a time. Scan it again for a second one.

If it says **No product has the barcode...**, that product's barcode isn't saved yet:

- 1 Open **Products**, then the item.
- 2 Click in **SKU / barcode** and scan the item. Save.

From then on, scanning adds it.

You can still pick items from the **Add product** list, like before.

Little Digs (unlimited daycare)

\$440 for 30 days of unlimited daycare, full or half days, for one dog under 30 lbs.

- **Who:** dogs under 30 lbs. The dog needs a weight on its profile first.
- **What:** unlimited daycare for 30 days from the day it's bought, full days or half days.
- **One dog per pass.** A family with two small dogs buys two passes.

Sell it

On the client's page, under **Passes & memberships**, pick **Little Digs**, pick the dog, and take payment.

Use it

On each daycare booking, press **Use pass credits**. It covers that day. The pass shows **Unlimited** until it expires.

Bring over clients

Load clients, dogs, shots, waivers, upcoming bookings, passes and old invoices from the client file. A backup is made first.

- 1 Get the client file from Claude. It ends in **.tar.gz**. **Don't unzip it**. Keep it private: it has every client's details.
- 2 Go to **Front Desk → Bring over clients** (owners only).
- 3 Choose the file and press **Load clients**. It takes about a minute.
- 4 Read the summary. Then go to **EasyBusy history → Price them** to put prices on the upcoming bookings that came over.

Running it again is safe: anyone already here is skipped, never doubled.

The test site never emails or texts clients, so it's safe to practice with real clients there.

Discounts and deposits

One discount per visit (the biggest one wins), the birthday discount, and deposits in dollars or percent.

One discount per visit

A visit can only get one discount. When more than one could apply, the biggest is used:

- **Military and first responder** (10%), for approved clients.
- **A promo code.**
- **Birthday** (10%), when the visit is within 7 days of a dog's birthday or the stay covers it. The dog needs a birthday on its profile.

Change the birthday % or the number of days in **Settings**. Set it to 0 to turn it off.

Deposits

In **Services & prices**, each service has **Deposit (\$)** and **Deposit (% of total)**. Leave both at 0 for no deposit, or type 50 in the % box for 50% down.

Online bookings are paid in full, so deposits only apply to bookings the desk makes or approves.
