## Start here

How to log in, find your way around the Front Desk, and read the red numbers.

Welcome! This is our new system. It takes the place of EasyBusy. You do all of your desk work on one website. This page shows you how to get in and where things are.

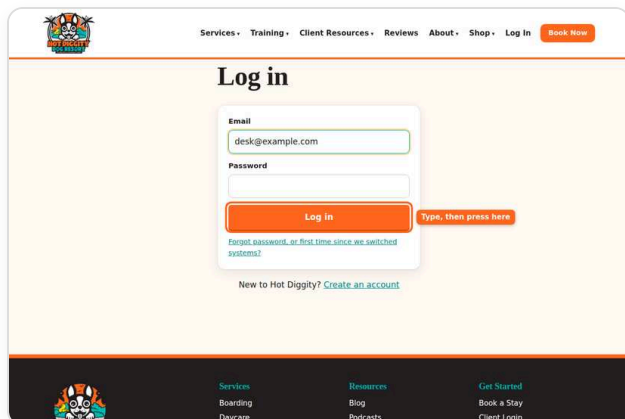

## Steps

1

Go to our website on the desk computer. Press **Log In** at the top.

2

Type your work email and your password. Then press **Log in**.

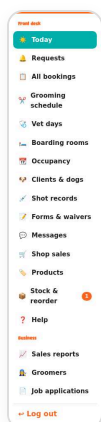

The log in page

3

Press **Front Desk** at the top of the page. You land on the **Today** page.

4

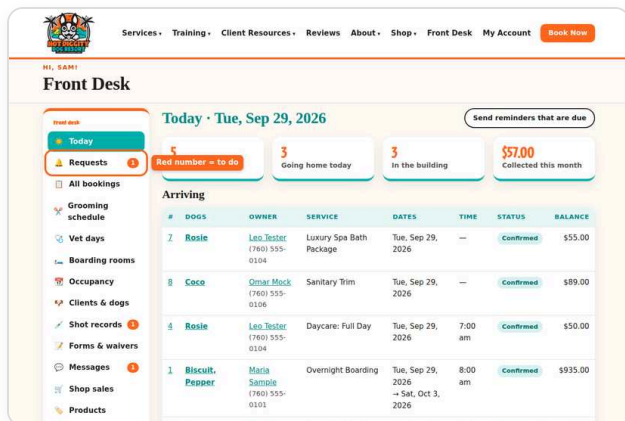

Look at the menu on the left. It is the same on every Front Desk page.

The Front Desk menu

5

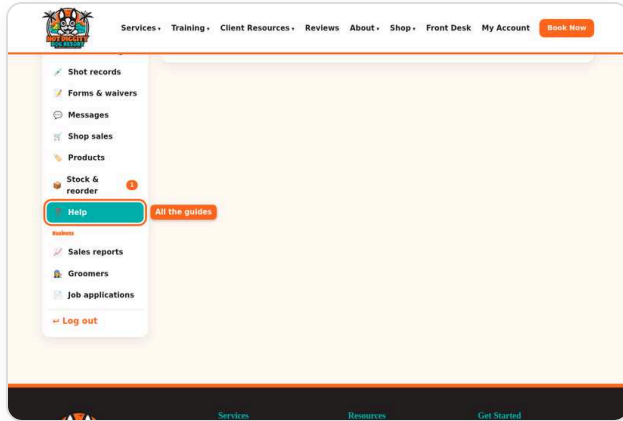

Look for red numbers in the menu. A red number means there is work waiting. For example, the number by **Requests** is how many bookings need your answer.

A red number in the menu

6

Stuck? Press **Help** in the menu. Every guide is there.

7

When you leave for the day, press **Log out** at the bottom of the menu.

- A red box that says a dog is **past the pickup date and still checked in**. Find out why. Either check the dog out, or change the end date.

**Tip:** Press an owner's name to open their client page. Their phone number is right under the name.

**Good to know:** Grooms show up in **Arriving** too. The groomers work from the Grooming schedule.

**Good to know:** We open Monday to Saturday, 6:30 am to 6:00 pm. On Sundays and holidays, boarders only come or go by appointment, at 10 am or 4 pm.

## Answer booking requests

Say yes (Confirm) or no (Decline) to a booking a client asked for.

Some bookings come in as a **request**. A request is not booked yet. You must say yes or no. The client gets a text or email either way.

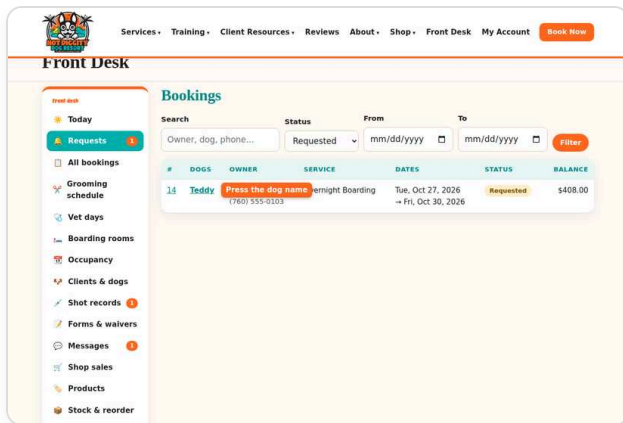

## Steps

- 1 Press **Requests** in the menu. The red number shows how many are waiting.

Requests in the menu

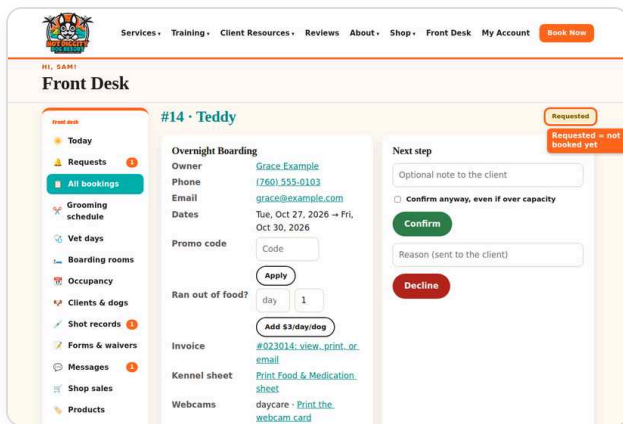

- 2 Press the dog's name to open the request.

The list of requests

3

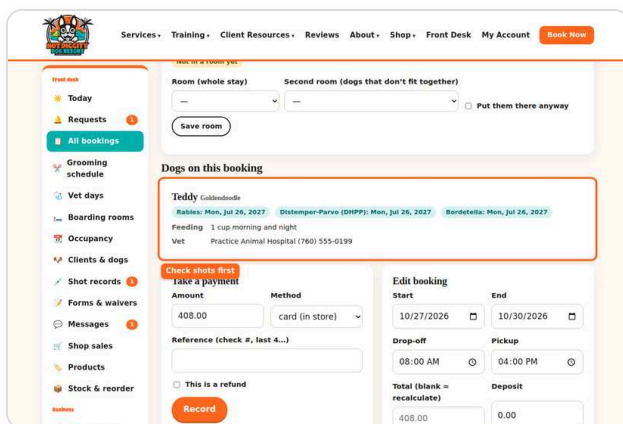

Check the top. It says **Requested**. That means it is not booked yet.

A request, still not booked

4

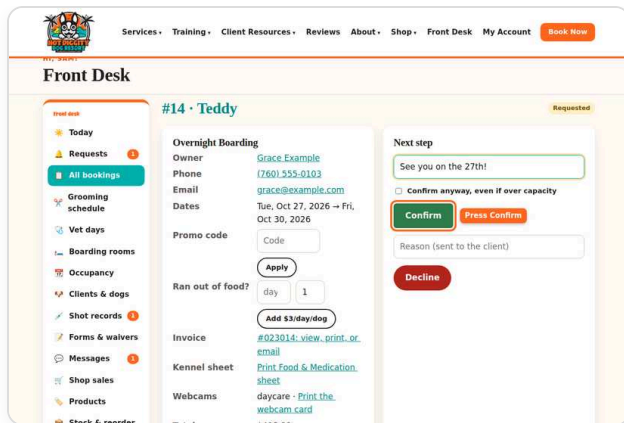

Scroll down to **Dogs on this booking**. Check the colored boxes. Green means OK. Red means a shot is missing or out of date. Yellow means a shot is not checked yet, or the dog needs a Temperament Assessment.

Check the dog's shots

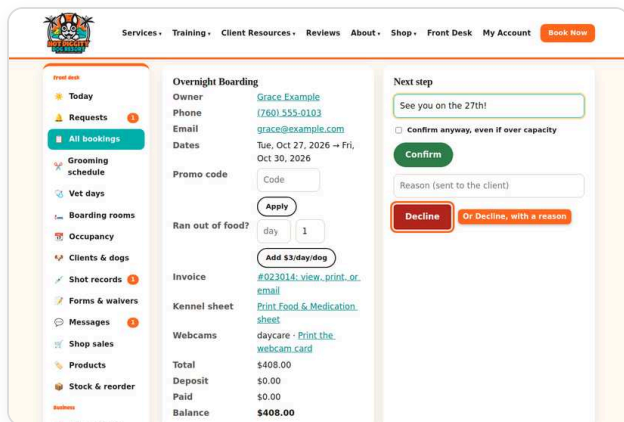

5

To say yes, you may type a short note to the client. Then press **Confirm**.

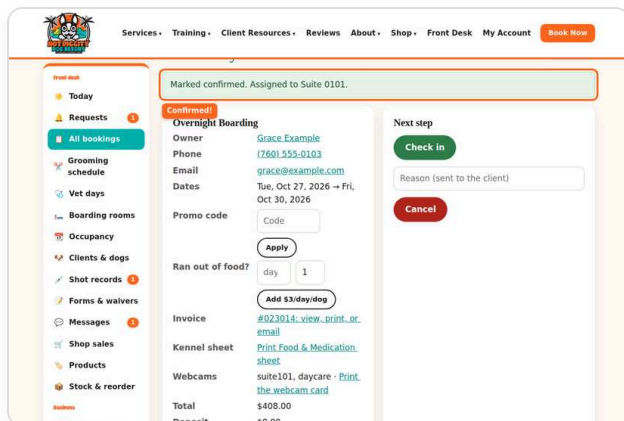

The Confirm button

6 To say no, type the reason in **Reason (sent to the client)**. Then press **Decline**.

The Decline button

7 Read the green box at the top. For boarding, it tells you which suite the dog got.

The request is confirmed

## Why is it a request?

Daycare and boarding book right away online only when all of these are true:

- The dog passed the Temperament Assessment.
- The dog came to daycare or boarding in the last 6 months.
- For boarding, the suite is not shared with another family's dog.

If not, it comes to you as a request. Grooming can book online with no assessment.

**Good to know:** Never tell a client a request is "booked." It is only booked after you press **Confirm**.

**Good to know:** A dog needs Rabies, DHPP, and Bordetella on file before the first visit. A dog must be spayed or neutered before 8 months of age for daycare and boarding.

**Tip:** If the stay asked for a groom before pickup, it goes on the grooming schedule by itself when you confirm.

**If something goes wrong:** Does it say **Over capacity**? We are full that day. Ask David before you make room. If he says yes, tick **Confirm anyway, even if over capacity** and press **Confirm** again.

[↑ Back to the list of subjects](#)

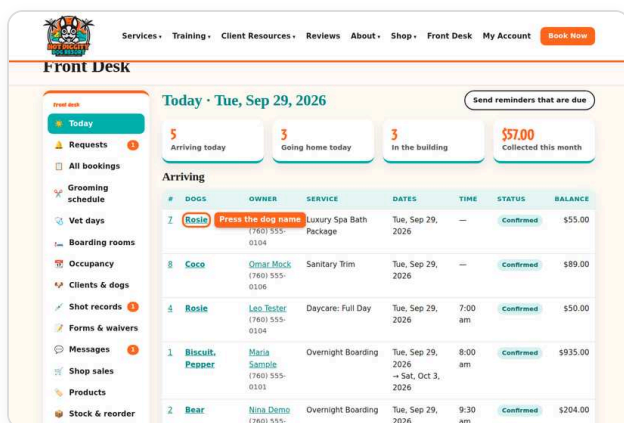

## Check a dog in

Mark a dog as here when the owner drops off.

Check in every boarding and daycare dog when the owner drops off. Checked-in dogs show in **In the building** on the Today page.

## Steps

- 1 Press **Today** in the menu. Find the dog under **Arriving**. Press the dog's name.

Press the dog's name

2

Scroll down to **Dogs on this booking**. Check the shot boxes. Green means OK.

The screenshot shows the 'Dogs on this booking' section for Suite 0501. It lists the dog 'Bear' and shows vaccination status for Rabies, Distemper-Parvo (DHPP), and Bordetella. The status for all three is 'Green = shots OK', which is highlighted in a green box. Other sections visible include 'Take a payment' and 'Edit booking'.

Green boxes mean the shots are OK

3

Scroll back up. Under **Next step**, press **Check in**.

The screenshot shows the 'Check in' button highlighted in a green box under the 'Next step' section. The 'Ready for pickup?' section also shows a message from the resort. The 'Overnight Boarding' section displays client information and a summary of charges.

The Check in button

4

Look for the green box at the top. It says **Marked checked in**.

The screenshot shows the 'Marked checked in' status highlighted in a green box at the top of the page. The 'Check in' button is also visible. The 'Overnight Boarding' section shows the client's information and the 'Ready for pickup?' section shows a message from the resort.

## Paying by card

Once the card reader is set up, the booking shows a **Charge on card reader** button above the form.

- 1 Check the **Amount (before tip)**.
- 2 Leave **Show the tip screen** ticked so the client can add a tip.
- 3 Press **Charge on card reader**.
- 4 Ask the client to pick a tip, then tap or put in their card.
- 5 Wait. The screen says **Paid** when it goes through. The tip shows too.

If the client changes their mind, press **Cancel**. If the card reader is not set up yet, you will see **No card reader set up yet**. Then run the card on the other machine and record it as **card (in store)**.

**Good to know:** Tips on the card reader are saved by themselves. A cash tip? Type it in the **Tip** box on the **Record** form. Tips go to the groomer on that appointment.

**Good to know:** A dog can't go home with money owed. The red box says how much. The **Check out** button stays gray until it is paid. The amount counts any groom or bath booked with the stay. Only David can let a dog leave before it is paid. He types the reason.

**Tip:** Does the client have a daycare pass? Use it before you take money. See Daycare passes and L.E.E.P.

# Going home early

Is a boarder leaving before the planned day? Do this before you take payment.

- 1 On the booking, press **Going home early?**
- 2 Check the **Pickup time today.**
- 3 Stayed less than 5 nights, with a free bath booked? Ask the owner if they still want the bath. It now costs the regular price. Pick their answer.
- 4 Press **End the stay today and re-price.**
- 5 The price changes to the nights they stayed. The bath or groom moves to finish before pickup. If they paid too much, the message tells you how much to refund.

**Tip:** Did a boarder run out of food and eat ours? Before checkout, type the days in **Ran out of food?** and press **Add \$3/day/dog.**

The screenshot shows the Hot Diggity Dog Resort website interface. On the left is a navigation menu with options like 'Today', 'Requests', 'All bookings', 'Grooming schedule', 'Vet days', 'Boarding rooms', 'Occupancy', 'Clients & dogs', 'Shot records', 'Forms & waivers', 'Messages', 'Shop sales', 'Products', 'Stock & reorder', and 'Help'. The main content area displays client information: Phone (760) 555-0101, Email (client@example.com), Dates (Tue, Sep 29, 2026 - Sat, Oct 3, 2026), and a Promo code field. Below this is the 'Ran out of food?' section with a 'day' dropdown set to '2' and a highlighted 'Add \$3/day/dog' button. To the right, there's a 'Text the owner' button and a message about checking in. At the bottom, a summary shows 'Total \$935.00', 'Deposit \$0.00', 'Paid \$0.00', and 'Balance \$935.00'. A 'Check out' button is prominently displayed.

Add food we supplied

**If something goes wrong:** Typed the wrong amount? Record the same amount again with **This is a refund** ticked. Then record the right amount. Tell David so the books match.

# Getting a new client set up

New clients have five quick steps before a first visit: an emergency contact, their dog, the dog's weight, a photo of the shot records, and the waiver.

- **Hand them the card.** Print the one-page **Get set up in 5 minutes** card (Help → **Get-set-up card**, two per page). Its QR code takes them straight to sign-up.
- **They see a checklist** with a progress bar when they log in, so they know what's left.
- **A reminder** goes out 3 days after sign-up if they haven't finished.
- **Their reward:** when all five steps are done, the code **NEWCLIENT** takes 10% off their first visit. It's filled in for them when they book.

On the phone, you can walk them through it, or book a request for them and let the checklist do the rest.

## Sharing a suite

Only dogs from the same family share. A suite can hold:

- up to 4 dogs of 20 lbs or less, or
- 3 dogs of 30 lbs or less, or
- 2 dogs of 60 lbs or less.

The first dog pays full price. Each extra dog in the same suite is \$5 off per night.

**Good to know:** Most suites are 4' x 6'. Suite 0501 is 5' x 6'. Suite 0601 is 6' x 6'. We save those two for 3 or 4 dogs sharing, or dogs over 80 lbs.

**Good to know:** A suite that says • **taken** is full for part of the stay. The system won't let you put a dog there. Tick **Put them there anyway** only if David says so.

**Good to know:** The **Daycare Floor** and the crates are for busy times. If you use one, tell the owner. The dog sleeps in a crate at night.

**Tip:** On busy holidays, a stay may be split. That means no one suite is free every night, so the dog changes suites partway. The move shows in a yellow **Suite moves** box on the rooms page.

**Tip: Occupancy** in the menu shows six weeks at a time. Use it when a caller asks, "Do you have room?"

The screenshot shows the website's front desk interface. The top navigation bar includes the address (3750 Auto Park Way, Ste 22, Escondido, CA 92029), a new client discount (10% off your first service), and contact information (Mon-Sat 6:30-6, (760) 745-9900). ## The grooming schedule

Read the groomers' day, move grooms and lunches, block time, and use the waiting list.

The grooming schedule shows every groomer's day. Each groomer has a column. Grooms are colored blocks. Open time is green.

## Read the board

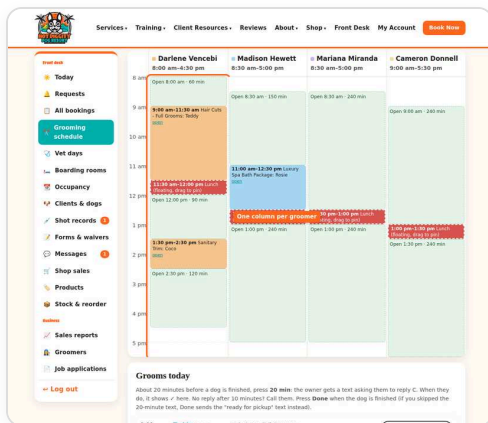

1 Press **Grooming schedule** in the menu. It opens on today.

2 To see another day, press ← or →. Or pick a date and press **Go**. Press **Today** to come back.

Change the day

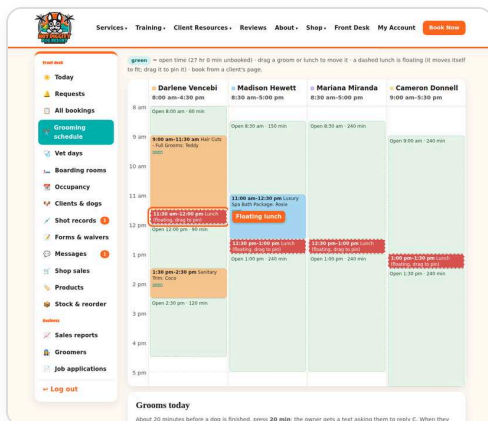

3 Each column is one groomer. Their hours are under their name. A ★ means a Signature Groomer.

One column per groomer

4 Green boxes say **Open** with a time. That is time you can fill.

5 Red blocks are lunch. A lunch with a dashed line is **floating**. It moves by itself to fit the day.

A floating lunch

- 6 Gray blocks are blocked time, like a meeting.

## Move a groom or a lunch

- 1 Drag a groom block to a new time or a new groomer. Let go.
- 2 A note at the top says **Moved to** the new time. Or it tells you why it can't move.
- 3 Drag a lunch up or down to pin it. A lunch stays with its groomer.
- 4 To let a pinned lunch float again, press the button with the groomer's name, like **Let Madison Hewett's lunch float**.

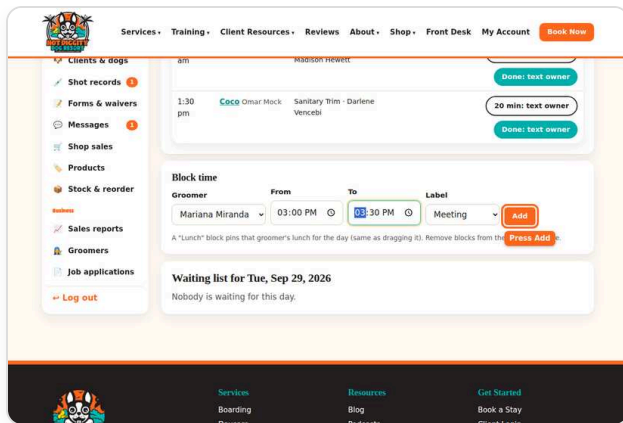

You can also move a groom from its booking. Use **Move this groom**. Pick the **Groomer**, **Day**, and **Start**. Press **Move**.

The screenshot shows the 'Move this groom' form on the Hot Diggity Dog Resort website. The form is located in the right-hand sidebar of the booking interface. It includes a 'Groomer' dropdown menu set to 'Madison Hewett', a 'Day' dropdown menu set to '09/29/2026', a 'Start' time dropdown menu set to '11:00 AM', and a 'Length (min)' dropdown menu set to '90'. There are checkboxes for 'Keep current price' and 'Book anyway if it overlaps'. A 'Move' button is at the bottom of the form. A red box highlights the 'Move this groom' form and the 'Change time or groomer' button below it. The main content area shows a 'Take a payment' form with a 'Record' button and an 'Edit booking' form with 'Start', 'End', 'Drop-off', and 'Pickup' fields.

Move this groom

## Block time

- 1 Scroll to **Block time**.
- 2 Pick the **Groomer**. Type **From** and **To**.
- 3 Pick a **Label**: **Lunch**, **Off schedule**, **Day off**, or **Meeting**.
- 4 Press **Add**.

## The waiting list

1

Scroll to **Waiting list for the day**. It shows clients who want that day.

The waiting list

2

A spot opened? Press **Text: spot open**. The client gets a text (or email).

3

They took it? Book the groom. Then press **Booked**.

4

They don't want it? Press **Remove**.

**Good to know:** A groom that moves to a different groomer can change price. The price follows the new groomer. Tick **Keep current price** on **Move this groom** to keep it the same.

**Good to know:** California law says lunch must start within the first 5 hours. The board warns you with **no legal lunch** if there is no room for it.

**Tip:** Double-click a groom block to open its booking. Or press **open** on the block.

**Tip: Grooming card notes** are on each groom's booking. Write the blade, style, and how the dog did. Press **Add note**.

The screenshot shows a web application interface for a dog grooming business. On the left is a sidebar with navigation links: Today, Requests, All bookings (highlighted), Grooming schedule, Vet days, Boarding rooms, Occupancy, Clients & dogs, Shot records, Forms & waivers, Messages, Shop sales, Products, and Stock & reorder. The main content area displays a booking for a dog named Rosie (Cavalier King Charles Spaniel). It shows the groomer's name (Madison Hewett), the date (09/29/2026), and the start time (11:00 AM). There is a section for 'Grooming card notes' with a text input field containing 'e.g. #7F body, 1/2 in. comb on legs, teddy face. Wiggly for nails.' and an 'Add note' button. Below this is a 'Take a payment' section with a form for amount (\$5.00) and method (card (in store)). There is also a 'Move this groom' section with a dropdown for the groomer and a date selector. At the bottom, there are checkboxes for 'Keep current price' and 'Book anyway if it overlaps'.

## Keep the day back-to-back

- Online, clients only see times right at the groomer's start or right when their last groom ends. That keeps every groomer's day packed, with no gaps.
- Lunch is placed for you, about 4½ hours into the shift, and always before the 5-hour mark (California law).
- At the desk you can book any open time. If it leaves the groomer idle before it, you'll see **Heads up: this leaves 2 hr open before it**. Try to fill that time, or offer the client the back-to-back time instead.

**If something goes wrong:** It says **No groomers scheduled this day?** Nobody has hours that day. Hours are set under **Staff**. Ask David.

## Groomers: the 20-minute text and Done

Text the owner 20 minutes before the dog is ready, then press Done.

This is new. About 20 minutes before a dog is done, you text the owner. The owner texts back **C**. A check mark shows up. When the dog is done, you press **Done**.

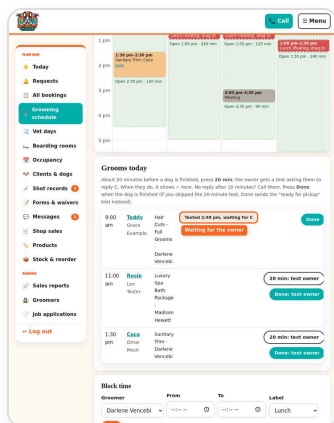

# Steps

- 1 Press **Grooming schedule** in the menu. Scroll down to **Grooms today**.
- 2 About 20 minutes before the dog is done, find the dog. Press **20 min: text owner**.

Press 20 min: text owner

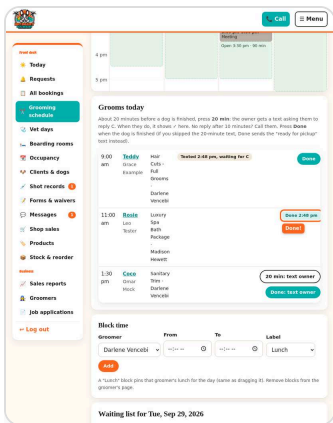

- 3 The owner gets a text. It asks them to reply C. The row now says **Texted** and the time, **waiting for C**.

Waiting for the owner

- 4 When the owner texts back C, the row says ✓ **Replied C** and the time. Good! They know.
- 5 No C after 10 minutes? The row turns yellow and says **No reply: call** with their phone number. Call the owner.

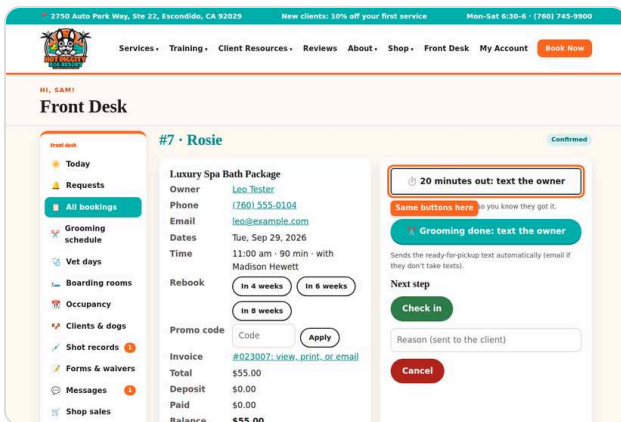

Done, with no 20-minute text first

## The same buttons on the booking

Open the groom's booking. You see 🕒 **20 minutes out: text the owner** and ✂️ **Grooming done: text the owner**. They work the same way.

The buttons on a booking

**Good to know:** The owner gets only one text from you. If you sent the 20-minute text, **Done** does not send a second one.

**Good to know:** Some owners don't take texts. They get an email instead. The row says **Emailed**. They can't reply C, so no call is needed.

**Good to know:** Is the dog staying on in boarding? Then there is no pickup. No text goes out. Just press **Done**.

**Tip:** On a tablet, the site's top menu is behind the **Menu** button. Press **Menu**, then **Front Desk**.

**If something goes wrong:** A red box says **The 20-minute message didn't go out?** The text failed. Call the owner instead.

## Shot records

Check the shot records clients upload, and add paper ones.

Every dog needs Rabies, DHPP (Distemper-Parvo), and Bordetella on file. Clients upload photos of their records. You check each one.

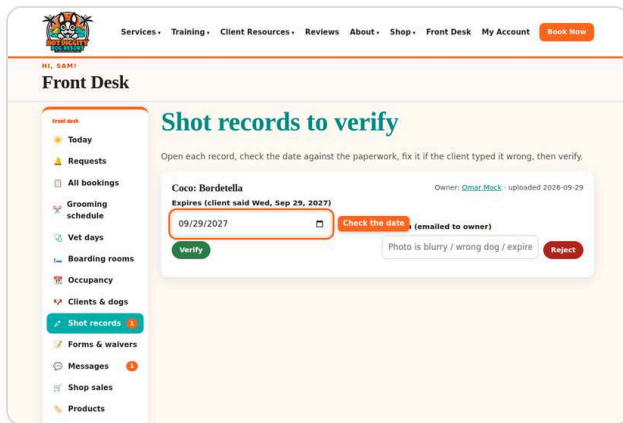

## Check new uploads

- 1 Look at **Shot records** in the menu. A red number means new records are waiting.

Shot records in the menu

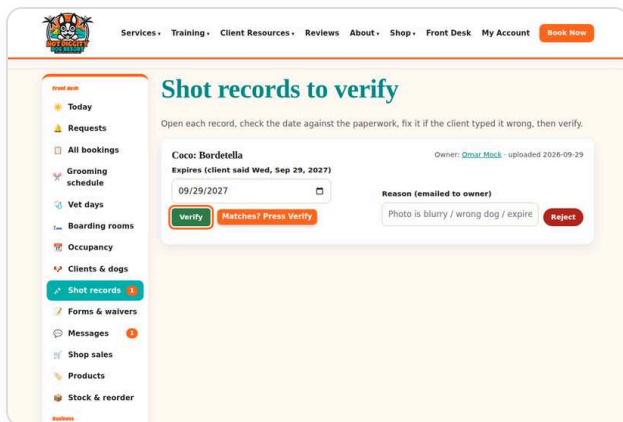

- 2 Press **Shot records**. Each card is one record.
- 3 Press **Open the record** to see the paper. It opens in a new tab.
- 4 Look at the date the shot runs out. Does it match the box? If the client typed it wrong, fix the date.

Check the date

5

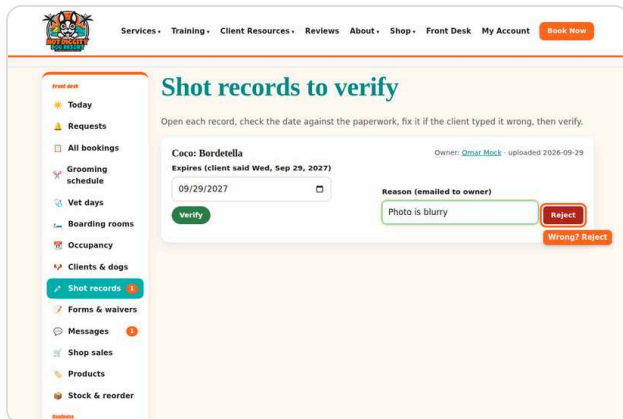

If it is right, press **Verify**.

The Verify button

6

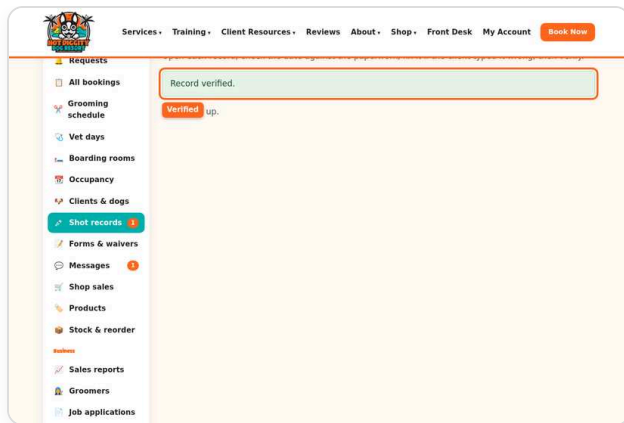

If it is wrong (blurry, wrong dog, or out of date), type why in **Reason (emailed to owner)**. Press **Reject**. The owner gets an email asking for a new copy.

The Reject button

7

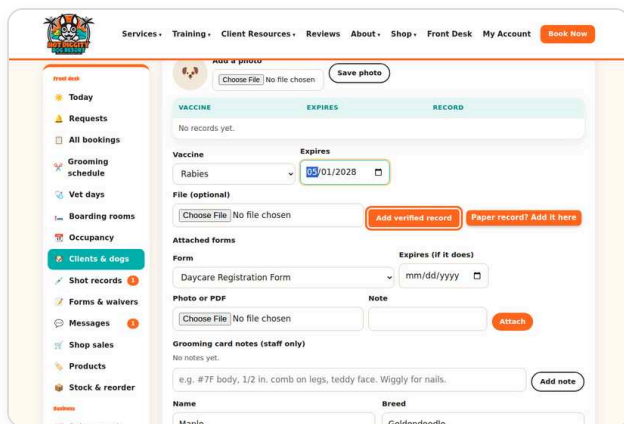

When all are done, the page says **All caught up**.

The record is verified

## Add a paper record at the desk

- 1 Open the client page. Open the dog under **Dogs**.
- 2 Under the shot table, pick the **Vaccine**. Type the **Expires** date.
- 3 If you can, add a photo or scan in **File (optional)**.
- 4 Press **Add verified record**.

Add a paper record

## What the colors mean

- **Green:** on file, checked, and current.
- **Yellow or (unverified):** on file, but nobody checked it yet.
- **Red or missing:** out of date, or we don't have it.

**Good to know:** The Today page lists **Shots expiring soon (booked dogs)**. These are booked dogs with a shot that runs out in the next 2 weeks. Ask the owner for the new record.

**Good to know:** No shots on file, no daycare or boarding. Shots must be current before the first visit.

**If something goes wrong:** Can't read the photo? Reject it with the reason "Photo is blurry." Or call the vet and ask them to email it.

## Forms and waivers

See who signed, read a signed form, and add a paper form.

Clients sign our forms online, like the waiver and the Food & Medication form. They must sign before they can book. You can read every signed form.

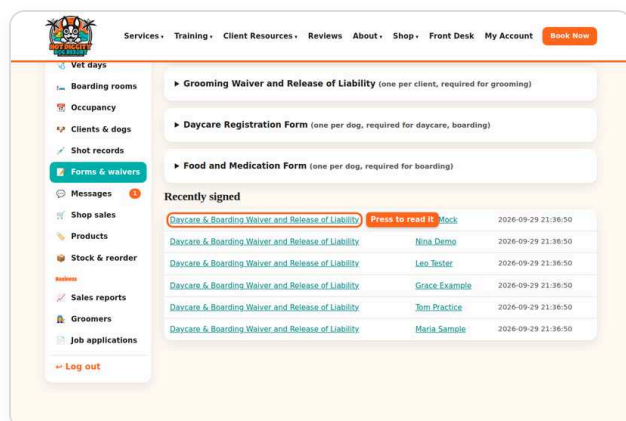

## Steps

1 Press **Forms & waivers** in the menu. You see each form we use.

The forms page

2 Scroll to **Recently signed**. Press a form name to read it.

Recently signed forms

- 3 The signed form shows the client, the dog, the date, and the name they signed with. Print it from the browser if you need paper. The time shown is in UTC, which is 7 or 8 hours ahead of our time.

The screenshot shows a web application interface for Hot Diggity Dog Resort. On the left is a sidebar with various menu items like 'Requests', 'All bookings', 'Grooming schedule', 'Vet days', 'Boarding rooms', 'Occupancy', 'Clients & dogs', 'Shot records', 'Forms & waivers', 'Messages', 'Shop sales', 'Products', 'Stock & reorder', 'Sales reports', and 'Groomers'. The main content area displays a 'Daycare & Boarding Waiver and Release of Liability' form. The form fields are: Client: Omar Mock (omar@example.com), Signed: 2026-09-29 21:36:50 UTC, and Signature: /Omar Mock/. Below the signature field is a red button labeled 'Who signed and when'.

A signed form

- 4 To see one client's forms, open their client page. Scroll to **Forms**. **current** means it is still good. **expired** means they need to sign again.

The screenshot shows the 'Clients & dogs' section of the web application. It displays a table of forms for a client named Leo Tester. The table has columns for ID, DOGS, OWNER, SERVICE, DATES, STATUS, and BALANCE. The forms listed are: 11 (Daycare: Full Day, Fri, Oct 2, 2026, Confirmed, \$50.00), 2 (Luxury Spa Bath Package, Tue, Sep 29, 2026, Confirmed, \$55.00), and 4 (Daycare: Full Day, Tue, Sep 29, 2026, Checked in, \$0.00). Below the table is a 'Contact details' section with fields for 'First name' and 'Last name'.

One client's forms

## Add a paper form

Did a client fill out a paper form? Scan or take a photo of it.

- 1 Open the client page. Open the dog under **Dogs**.
  - 2 Find **Attached forms**. Pick the **Form**.
  - 3 If it runs out, type the **Expires** date.
  - 4 Pick the photo or PDF in **Photo or PDF**. Add a **Note** if you want.
- Press **Attach**.

Attach a paper form

**Good to know:** Only David can change the words on a form. You can read them, but not edit them.

**Good to know:** Old signed forms never change. We keep them just as the client signed them.

**Tip:** No Food & Medication form for a boarder? The printed sheet says so. Fill it in by hand at drop-off.

**If something goes wrong:** A client says the site won't let them book because of a form? Ask them to log in to their account and sign it there. Then they can book.

## Where a client's forms are kept

Open the client's page. Scroll to **Forms & documents**. The client's waivers and training inquiries are under their name. Each dog's forms are under the dog's name, with any paper copies. Each dog's card also shows **Forms on file**, and marks what is still **needed**.

**Good to know:** A dog already coming here doesn't need the registration form or a new Temperament Assessment. On the dog's card, check **Approved for daycare & boarding** and press **Save**.

**Good to know:** The Food and Medication Form is needed for every boarding dog. The medication part can be left blank.

# Messages and texts

Read and answer client texts, and know what CANCEL and STOP do.

Clients can text our business number. Their texts show up in **Messages**. You answer from the website, not from your own phone.

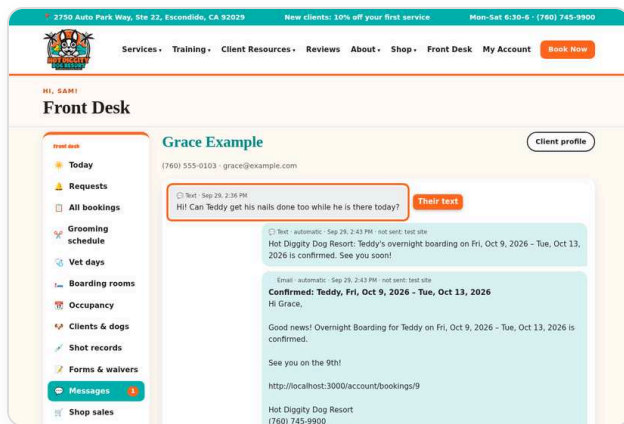

## Answer a text

- 1 Look at **Messages** in the menu. A red number means something new.
- 2 Press **Messages**. New ones are at the top, in bold, with a **new** tag.

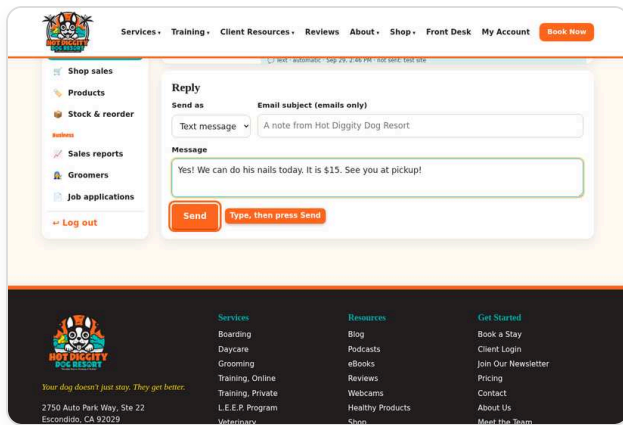

New texts

- 3 Press the client's name. You see all the texts and emails, like a phone's messages app.

Type, then press Send

6

Your answer shows at the bottom of the chat.

Your reply

## Start a new text

1 Open the client page. Find **Text or email** the client.

2 Type the message. Press **Send**.

## Texts from a number we don't know

Sometimes a text comes from a number that isn't on any client. The page says so. Press **Find or add the client**. Put the number on their profile. Their next texts will show under their name.

## CANCEL and STOP

If a client texts only the word **CANCEL** or **STOP**, the phone company turns their texts off. After that, we can't text them.

- A text that says only CANCEL shows a red box: **"CANCEL" by itself turned this client's texts off. They may have meant their appointment. Please call them.** Call them. Ask what they meant.
- When texts are off, the client page says **(texts turned off)**. You can only send an email.

Texts are off for this client

- To turn texts back on, the client texts **START** to our number.

**Good to know:** Don't tick **OK to text** again for a client who texted STOP. Only the client can turn texts back on, by texting START.

**Good to know:** Email replies from clients go to the office inbox, not here.

**Tip: From the website** lists notes from our contact form. Answer them, then press **Mark handled**.

**Tip: Emails & texts sent** lists every message the system sent by itself, like reminders.

# The waiting list

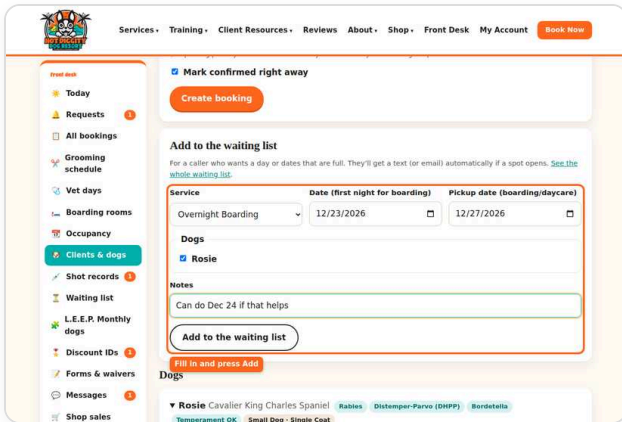

Put a caller on the waiting list for a full day or full dates. The site tells everyone waiting when a spot opens.

No more notebook. When a day is full for grooming, or the dates are full for boarding or daycare, put the client on the waiting list in the site. Clients can also join it themselves online.

When any booking is cancelled, **everyone waiting for those dates gets a text right away** (or an email if they don't take texts). Whoever books first gets the spot. The office gets an email saying who was told.

## Add a caller to the waiting list

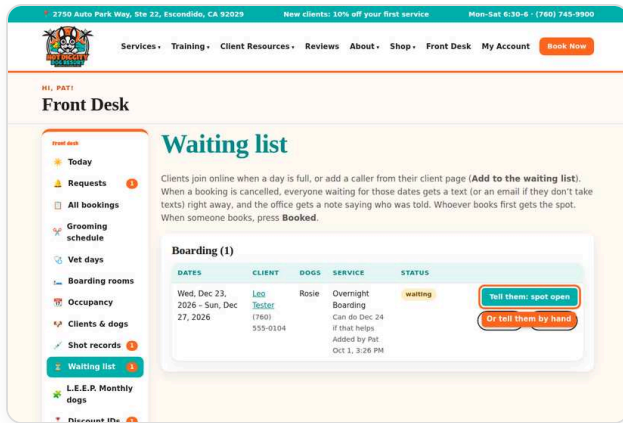

- 1 Open the client's page. Scroll to **Add to the waiting list**.

- 4 Press **Add to the waiting list**.

A screenshot of the Hot Diggity Dog Resort website's client management interface. The left sidebar contains a menu with options like 'Today', 'Requests', 'All bookings', 'Grooming schedule', 'Vet days', 'Boarding rooms', 'Occupancy', 'Clients & dogs' (highlighted), 'Shot records', 'Waiting list', 'L.E.E.P. Monthly dogs', 'Discount IDs', 'Forms & waivers', 'Messages', and 'Shop sales'. The main content area is titled 'Add to the waiting list' and includes a 'Create booking' button. Below this, there's a form with fields for 'Service' (set to 'Overnight Boarding'), 'Date (first night for boarding)' (12/23/2026), and 'Pickup date (boarding/daycare)' (12/27/2026). A 'Dogs' section shows 'Rosie' selected. A 'Notes' field contains the text 'Can do Dec 24 if that helps'. At the bottom of the form is an 'Add to the waiting list' button. Below the form, there's a section for 'Fill in and press Add' with details for 'Rosie' (Cavalier King Charles Spaniel) and various checkboxes for 'Rabies', 'Distemper-Parvo (DHPP)', and 'Bordetella'.

## A boarder ran out of food

Mark "Out of food: using ours" once. The \$3 a day charge adds itself through pickup.

When a boarder's food runs out, we feed them our house food. It's \$3 a day per dog. You don't have to tell the front desk. Mark it once, and the charge goes on the bill by itself, from that day through pickup.

## Mark it

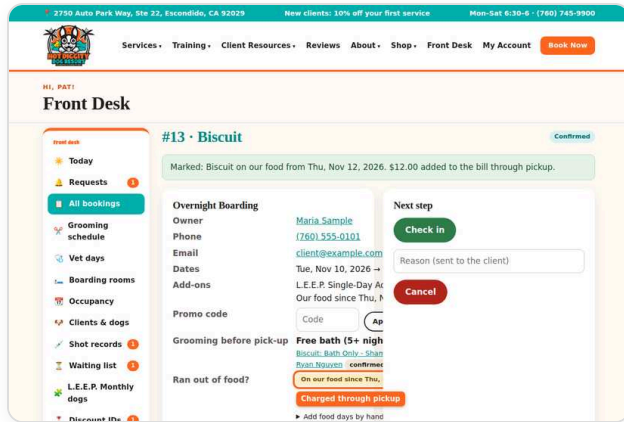

- 1 Open the dog's boarding stay. (On **Boarding rooms**, press the dog's name.)
- 2 Find **Ran out of food?** Pick the first day on our food. Check how many dogs.
- 3 Press **Out of food: using ours**.

Pick the day, then press this

4

A yellow tag says **On our food since...** The charge is on the bill.

Charged through pickup

**Good to know:** If the pickup day changes, or the dog goes home early, the charge changes by itself. If you marked it by mistake, or the owner brings more food, press **Undo**.

## Who gets L.E.E.P. (and how many days)

The L.E.E.P. Monthly list, and the L.E.E.P. question on every boarding stay.

## L.E.E.P. Monthly dogs

Dogs on **L.E.E.P. Monthly** get a L.E.E.P. session **every day they're here** for daycare.

- 1 Press **L.E.E.P. Monthly dogs** in the menu.
- 2 The list shows each dog, the owner, and the billing. **Auto-pay** is good. **Not on auto-pay yet** or **Payment problem** goes to the front desk to fix.
- 3 Press **Print the list** for the daycare room. The staff also get it by email on the 1st of every month, with who joined and who left.

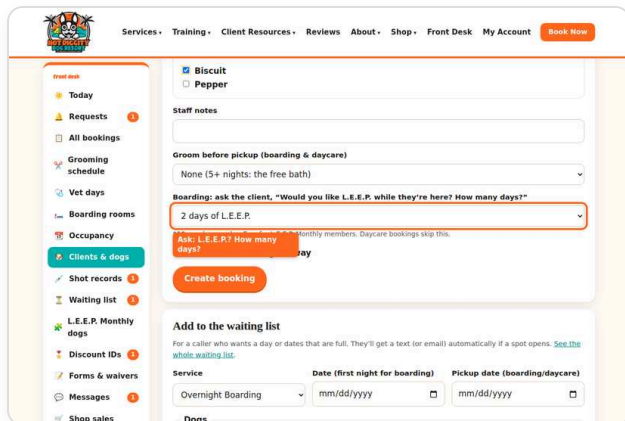

Who gets L.E.E.P. every day

## L.E.E.P. by the day on a boarding stay

Every boarding booking asks: **Add L.E.E.P.? How many days?** A client might board 5 days and want L.E.E.P. on 2 of them.

- 1 When you book a stay at the desk, ask the client: "Would you like L.E.E.P. while they're here? How many days?"
- 2 Pick their answer in the L.E.E.P. box: **No L.E.E.P.**, **Every day**, or a number of days. The booking won't save until you pick one.

Ask: L.E.E.P.? How many days?

- 3 To change it later, open the booking. Use **L.E.E.P. on this stay** under **Edit booking**, then press **Save changes**.

**Good to know:** The number of days prints on the boarding packet in **# L.E.E.P. Days**. Monthly members show **Member**.

# Dematting and other by-the-hour add-ons

Dematting is \$60 an hour, in 15-minute steps. Get the owner's OK first.

Dematting (taking out mats) is **\$60 an hour, billed in 15-minute steps**. A brush-out is the same price. Hand scissoring and hand stripping are also priced by the hour.

- 1 If a coat is matted, tell the owner about the dematting fee **before** you start. Get their OK.
- 2 On the groom, add **Dematting, priced per hour**. Type the time in hours: **0.25** is 15 minutes, **0.5** is 30 minutes, **0.75** is 45 minutes, **1** is an hour.
- 3 The price works itself out.

**Careful:** Brushing out mats that hurt the dog isn't kind. If shaving down would be kinder, talk to the owner first.

## Phone calls the phone agent took

Every call the phone agent answers leaves a short note for the desk. Calls that need a person stay at the top until someone handles them.

When the phone agent answers a call, it leaves a note, like a message slip from an answering service. The note says who called, why, and what the agent did (booked, moved, cancelled, sent a link).

**The phone agent isn't turned on yet.** This page fills up once it is.

## Where to find the notes

- **Front Desk → Phone calls.** The number next to it is how many calls are waiting for a call back.
- **The client's page** also shows their last few calls, under **Phone calls with the phone agent.**
- The office email gets each note too. Urgent ones start with **URGENT**, and call-backs start with **Call back.**

## Handle a call back

- 1 Open **Phone calls.** The ones that need you are under **Needs a call back.**
- 2 Call the client.
- 3 Press **Called back / handled.** If you pressed it by mistake, press **Undo.**

## What the agent can and can't do

- It looks up a caller by their phone number, **and** asks for their dog's name before it tells them anything about their bookings.
- It books, moves a groom, or cancels by the same rules as the website. It reads everything back and waits for a "yes" first.
- Bookings it makes on the spot are paid in full by a link it texts. The spot is held for 60 minutes.
- It can't cancel or change anything inside the cancellation window, or move a stay's dates. Those come to you as a request or a call back.
- The client always gets a text or email of what was done, so a mistake shows up right away.
- Every booking it makes says **Booked by phone (phone agent)** in the staff notes.

## Grooms for several dogs at once

One screen for a family with two or more dogs. Pick each dog's groom and see the next three days they can all come in together.

When a client calls to book grooms for two or more dogs, usually on the same day at the same time, use this screen instead of booking each dog alone.

- 1 Open the client's page. Under **Book a groom**, press ✂ **Book grooms for several dogs at once**.
- 2 Each dog shows what they **usually** get, how many times, and when they were last here. Use that to ask the client.
- 3 Tick each dog that's coming. Pick each one's **Groom**, and any **Add-ons**.
- 4 If the client wants a certain groomer for a dog, pick **Only (name)**. Otherwise leave **Any trained groomer**. The dog's usual groomer is tried first.
- 5 Choose **Together?**: same start time, within 30 minutes, within 1 hour, or any time that day.
- 6 Press **Find the next 3 days**.
- 7 Read the choices to the client. Each one shows the drop-off time, every dog's groom, its groomer (★ = their usual groomer), and the price.
- 8 Press **Book all** on the one they pick. If none work, press **None of these work: show the next 3 days**.

Good to know:

- Only groomers trained for that groom (and its add-ons) are offered. Two dogs never get the same groomer at the same time.
- Times are back-to-back, so no groomer is left with a gap.
- It's all or nothing. If someone takes one of those times first, nothing is booked and you just pick again.

## Family members who may pick up

Add the people who may drop off or pick up a dog, each with a photo, so the desk knows them on sight. Take a dog or person off the list when they're no longer with the family.

## Add a person

- 1 Open the client's page and find **People who may drop off and pick up**.
- 2 Type their name, who they are (spouse, daughter, dog walker), and their phone. Add a photo if you have one.
- 3 Press **Add person**.

Clients can add people themselves too, from **My details** in their online account.

**Only release a dog to the client or someone on this list.** If someone isn't on it, call the client first.

## Take someone off the list

Press **Remove** under their photo. They move to **Removed**, where **Put back** brings them back.

## A dog that's no longer with the family

Open the dog on the client's page, choose why (passed away, rehomed), and press **Take (name) off the active list**. Their history stays. Press **Put (name) back on the active list** if you need to.

Please be gentle when a client tells you their dog has passed. A kind word goes a long way.

## Scanning barcodes at the register

Use the barcode scanner on the shop sale screen. Each product needs its barcode saved once.

- 1 Start a sale (**Shop sales** → **New sale**).
- 2 Click in the **Scan a barcode** box.
- 3 Scan the item. It's added to the sale, one at a time. Scan it again for a second one.

If it says **No product has the barcode...**, that product's barcode isn't saved yet:

- 1 Open **Products**, then the item.
- 2 Click in **SKU / barcode** and scan the item. Save.

From then on, scanning adds it.

You can still pick items from the **Add product** list, like before.

# Little Digs (unlimited daycare)

\$440 for 30 days of unlimited daycare, full or half days, for one dog under 30 lbs.

- **Who:** dogs under 30 lbs. The dog needs a weight on its profile first.
- **What:** unlimited daycare for 30 days from the day it's bought, full days or half days.
- **One dog per pass.** A family with two small dogs buys two passes.

## Sell it

On the client's page, under **Passes & memberships**, pick **Little Digs**, pick the dog, and take payment.

## Use it

On each daycare booking, press **Use pass credits**. It covers that day. The pass shows **Unlimited** until it expires.

## Bring over clients

Load clients, dogs, shots, waivers, upcoming bookings, passes and old invoices from the client file. A backup is made first.

- 1 Get the client file from Claude. It ends in **.tar.gz**. **Don't unzip it**. Keep it private: it has every client's details.
- 2 Go to **Front Desk → Bring over clients** (owners only).
- 3 Choose the file and press **Load clients**. It takes about a minute.
- 4 Read the summary. Then go to **EasyBusy history → Price them** to put prices on the upcoming bookings that came over.

Running it again is safe: anyone already here is skipped, never doubled.

The test site never emails or texts clients, so it's safe to practice with real clients there.

[↑ Back to the list of subjects](#)

## Discounts and deposits

One discount per visit (the biggest one wins), the birthday discount, and deposits in dollars or percent.

### One discount per visit

A visit can only get one discount. When more than one could apply, the biggest is used:

- **Military and first responder** (10%), for approved clients.

- **A promo code.**
- **Birthday** (10%), when the visit is within 7 days of a dog's birthday or the stay covers it. The dog needs a birthday on its profile.

Change the birthday % or the number of days in **Settings**. Set it to 0 to turn it off.

## Deposits

In **Services & prices**, each service has **Deposit (\$)** and **Deposit (% of total)**. Leave both at 0 for no deposit, or type 50 in the % box for 50% down.

Online bookings are paid in full, so deposits only apply to bookings the desk makes or approves.

## Login safety and alerts

What the site does to keep logins safe, the email you get when a staff login is used from a new place, and what to do about it.

## What the site does on its own

- **Wrong passwords:** after 8 wrong tries on one login, it waits 15 minutes. Many tries from one internet address get the same wait.
- **New place:** when a staff or owner login is used from an internet address it has never used before, the owners get an email: **New login place: (name)**.
- **Stolen cards:** a client can't try more than 5 cards a day. That stops crooks from "testing" stolen card numbers.
- **Fake sign-ups:** no more than 5 new accounts an hour from one place.
- **Staff logins time out** when nobody uses them, and each job only sees what it needs.

## You get a "New login place" email

- If it was them (a new phone, home Wi-Fi, a different computer), there's nothing to do.
- If it wasn't, go to **Staff logins & permissions**, press **Turn off this login**, then give them a new password.

Every login and failed try is listed in the **Activity log**.

## The best protection

Turn on two-step login (a code from your phone) for Render, Stripe, GitHub, your email, QuickBooks, Google and Twilio. Never log in from a link in an email: go to the site yourself.
