How to log in, find your way around the Front Desk, and read the red numbers.

Welcome! This is our new system. It takes the place of EasyBusy. You do all of your desk work on one website. This page shows you how to get in and where things are.

Steps

- 1 Go to our website on the desk computer. Press **Log In** at the top.
- 2 Type your work email and your password. Then press **Log in**.

The screenshot shows the login page of the Hot Diggity Dog Resort website. At the top, there is a navigation bar with links: Services, Training, Client Resources, Reviews, About, Shop, Log In, and Book Now. The main heading is "Log in". Below it, there is a form with two input fields: "Email" (containing "desk@example.com") and "Password". A red "Log in" button is positioned below the password field. To the right of the button, there is a red link that says "Type, then press here". Below the button, there is a small text link: "Forgot password, or first time since we switched systems?". At the bottom of the form, there is a link: "New to Hot Diggity? Create an account". The footer of the page contains three columns of links: Services (Boarding, Daycare), Resources (Blog, Podcasts), and Get Started (Book a Stay, Client Login).

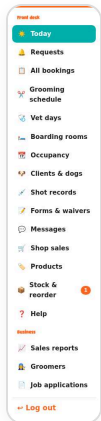

The log in page

3

Press **Front Desk** at the top of the page. You land on the **Today** page.

4

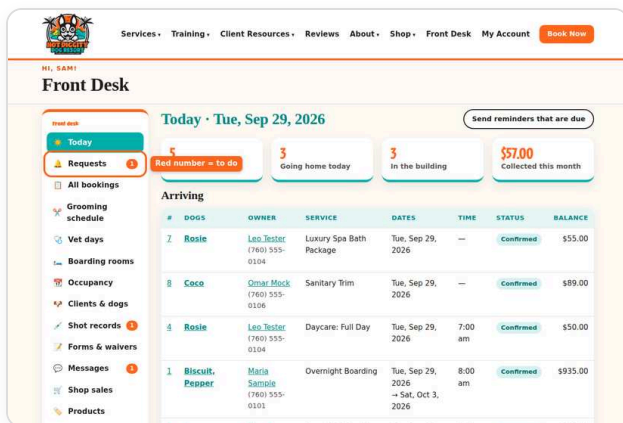

Look at the menu on the left. It is the same on every Front Desk page.

The Front Desk menu

5

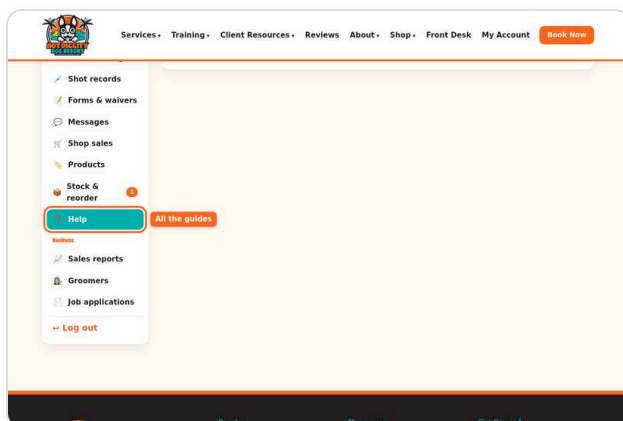

Look for red numbers in the menu. A red number means there is work waiting. For example, the number by **Requests** is how many bookings need your answer.

A red number in the menu

6

Stuck? Press **Help** in the menu. Every guide is there.

The Help page

When you leave for the day, press **Log out** at the bottom of the menu.

The request is confirmed

Why is it a request?

Daycare and boarding book right away online only when all of these are true:

- The dog passed the Temperament Assessment.
- The dog came to daycare or boarding in the last 6 months.
- For boarding, the suite is not shared with another family's dog.

If not, it comes to you as a request. Grooming can book online with no assessment.

Good to know: Never tell a client a request is "booked." It is only booked after you press **Confirm**.

Good to know: A dog needs Rabies, DHPP, and Bordetella on file before the first visit. A dog must be spayed or neutered before 8 months of age for daycare and boarding.

Tip: If the stay asked for a groom before pickup, it goes on the grooming schedule by itself when you confirm.

If something goes wrong: Does it say **Over capacity**? We are full that day. Ask David before you make room. If he says yes, tick **Confirm anyway, even if over capacity** and press **Confirm** again.

Good to know: A shot box can be red (missing or out of date) or say **(unverified)**. Don't take the dog for daycare or boarding until the shots are OK. See Shot records.

Good to know: A yellow box that says **Temperament Assessment needed** means the dog has not passed yet. That dog can only come for a Temperament Assessment day. See Temperament Assessment day.

Tip: The Food & Medication sheet uses the owner's online form. If it says there is no form on file, fill it in by hand at drop-off.

Tip: Grooms don't need **Check in**. The groomer can still send the 20-minute text and press **Done**.

If something goes wrong: The webcam card shows only the daycare camera? The dog is not in a suite yet. Pick a suite first. See Boarding rooms and suites.

The boarding packet

Every boarding dog gets a packet. It goes with the dog and stays on the kennel.

- 1 Open the boarding booking.
- 2 Next to **Boarding packet**, press  **Print the packet**.
- 3 Each dog gets four pages: the **Registration Form**, the **Food & Medication Form**, the **Overnight Boarding Details Form**, and the **Entry / Exit Evaluation**.

Paying by card

Once the card reader is set up, the booking shows a **Charge on card reader** button above the form.

- 1 Check the **Amount (before tip)**.
- 2 Leave **Show the tip screen** ticked so the client can add a tip.
- 3 Press **Charge on card reader**.
- 4 Ask the client to pick a tip, then tap or put in their card.
- 5 Wait. The screen says **Paid** when it goes through. The tip shows too.

If the client changes their mind, press **Cancel**. If the card reader is not set up yet, you will see **No card reader set up yet**. Then run the card on the other machine and record it as **card (in store)**.

Good to know: Tips on the card reader are saved by themselves. A cash tip? Type it in the **Tip** box on the **Record** form. Tips go to the groomer on that appointment.

Good to know: A dog can't go home with money owed. The red box says how much. The **Check out** button stays gray until it is paid. The amount counts any groom or bath booked with the stay. Only David can let a dog leave before it is paid. He types the reason.

Tip: Does the client have a daycare pass? Use it before you take money. See Daycare passes and L.E.E.P.

Going home early

Is a boarder leaving before the planned day? Do this before you take payment.

- 1 On the booking, press **Going home early?**
- 2 Check the **Pickup time today.**
- 3 Stayed less than 5 nights, with a free bath booked? Ask the owner if they still want the bath. It now costs the regular price. Pick their answer.
- 4 Press **End the stay today and re-price.**
- 5 The price changes to the nights they stayed. The bath or groom moves to finish before pickup. If they paid too much, the message tells you how much to refund.

Tip: Did a boarder run out of food and eat ours? Before checkout, type the days in **Ran out of food?** and press **Add \$3/day/dog.**

The screenshot shows the Hot Diggity Dog Resort website interface. On the left is a sidebar with navigation links: Today, Requests, All bookings, Grooming schedule, Vet days, Boarding rooms, Occupancy, Clients & dogs, Shot records, Forms & waivers, Messages, Shop sales, Products, Stock & reorder, and Help. The main content area displays client information for 'Hot Diggity Dog Resort: Biscuit & Pepper'. It includes fields for Phone, Email, Dates, and a Promo code. The 'Ran out of food?' section has a dropdown menu set to 'day' and a value of '2'. Below this, there are two buttons: 'Add \$3/day/dog' (highlighted with a red box) and 'Ran out of food? step'. To the right, there is a 'Text the owner' button and a message about checking in. At the bottom, there is a 'Check out' button and a total amount of \$935.00.

Add food we supplied

If something goes wrong: Typed the wrong amount? Record the same amount again with **This is a refund** ticked. Then record the right amount. Tell David so the books match.

Good to know: No card reader handy, or the client is on the phone? Charge their card on file, or type the card in. See Card on file, or type in a card.

Add a new client and dog

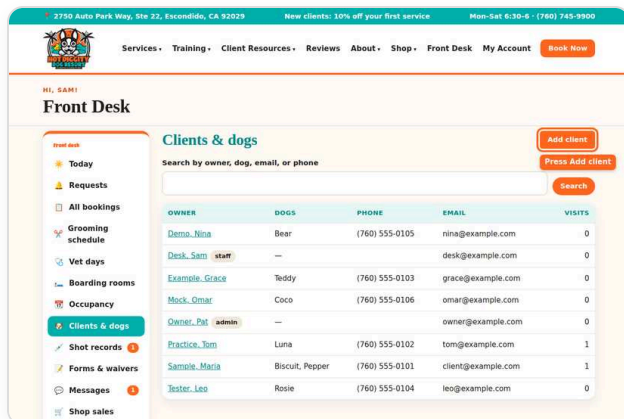

Make a profile for a new owner and their dog.

Most new clients sign up online. For a walk-in or a phone call, you can add them yourself.

Add the owner

1 Press **Clients & dogs** in the menu. Search first, to make sure they are not already here.

2 Press **Add client**.

The Add client button

3 Type the **First name** and **Email**. You must fill in both.

4 Type the **Mobile phone**, **Emergency contact**, and anything else they tell you. Pick **How they heard about us**.

The screenshot shows the 'Add a client' form in the Front Desk interface. The form includes fields for First name (Jenny), Last name (Type their details), Email (jenny.walker@example.com), Mobile phone ((760) 555-0177), Other phone, Address, Emergency contact (Sam Walker (760) 555-0178), Who else may drop off, pick up, or pay (Names and phone numbers), How they heard about us, and Who referred them? (or other details). A sidebar on the left lists various tasks like Today, Requests, All bookings, Grooming schedule, Vet days, Boarding rooms, Occupancy, Clients & dogs, Shot records, Forms & waivers, Messages, Shop sales, and Products.

The new client form

5 Leave **OK to text** ticked if they want texts. Tick **Military** for active or retired military. They get 10% off.

6 Press **Add client**.

The screenshot shows the bottom of the 'Add client' form. It includes a sidebar with tasks like Shop sales, Products, Stock & reorder, Sales reports, Groomers, and Job applications. The main form area has fields for How they heard about us (Google Maps), Who referred them? (or other details), and checkboxes for OK to text and Military (discount on everything). There are two buttons: 'Add client' and 'Press Add client'.

The Add client button at the bottom

7 Their page opens. The green box says **Client added**.

The screenshot shows the client's profile page after being added. A green box at the top says 'Client added. They can set a password with "forgot password" on the login page.' Below this, there's a section for 'Text or email Jenny' with a 'Send as' dropdown (Text message) and an 'Email subject (emails only)' field (A note from Hot Diggity Dog Resort). There's also a 'Message' field and a 'Send' button. Below this, there's a section for 'Boarding, daycare & other bookings for Jenny' with a note to 'Add a dog below first.' and a 'Dogs' section with an 'Add a dog' button.

Add the dog

- 1 On the client page, scroll down to **Dogs**. Press + **Add a dog**.

Open + Add a dog

- 2 Type the dog's **Name**, **Breed**, and **Weight (lbs)**. Weight sets the price, so get it right.
- 3 Tick **Spayed / neutered** if it is true. Fill in food, meds, and the vet.
- 4 Press **Add dog**.

The Add dog button

- 5 The dog now shows under **Dogs**. Red boxes are shots we don't have yet.

The new dog, with missing shots

6

Did they bring paper shot records? Add each one under the dog. See Shot records.

Good to know: Do not tick **Passed temperament check** for a new dog. A new dog must pass the Temperament Assessment day first.

Good to know: The client can log in later. They press **Forgot password** on the log in page to set a password.

Tip: Change a phone or email later in **Contact details** at the bottom of the client page. Press **Save client**.

Contact details and the OK to text box

If something goes wrong: Red box that says the email **already belongs to another client**? They are already here. Search for that email instead.

Getting a new client set up

New clients have five quick steps before a first visit: an emergency contact, their dog, the dog's weight, a photo of the shot records, and the waiver.

- **Hand them the card.** Print the one-page **Get set up in 5 minutes** card (Help → **Get-set-up card**, two per page). Its QR code takes them straight to sign-up.
- **They see a checklist** with a progress bar when they log in, so they know what's left.
- **A reminder** goes out 3 days after sign-up if they haven't finished.
- **Their reward:** when all five steps are done, the code **NEWCLIENT** takes 10% off their first visit. It's filled in for them when they book.

On the phone, you can walk them through it, or book a request for them and let the checklist do the rest.

The grooming schedule shows every groomer's day. Each groomer has a column. Grooms are colored blocks. Open time is green.

- 1 Press **Grooming schedule** in the menu. It opens on today.
- 2 To see another day, press ← or →. Or pick a date and press **Go**. Press **Today** to come back.

Change the day

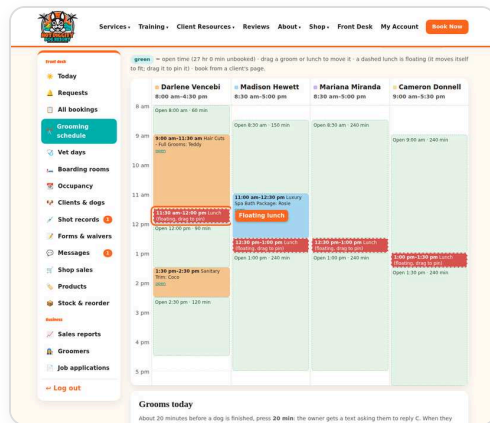

- 3 Each column is one groomer. Their hours are under their name. A ★ means a Signature Groomer.

One column per groomer

4 Green boxes say **Open** with a time. That is time you can fill.

5 Red blocks are lunch. A lunch with a dashed line is **floating**. It moves by itself to fit the day.

A floating lunch

6 Gray blocks are blocked time, like a meeting.

Move a groom or a lunch

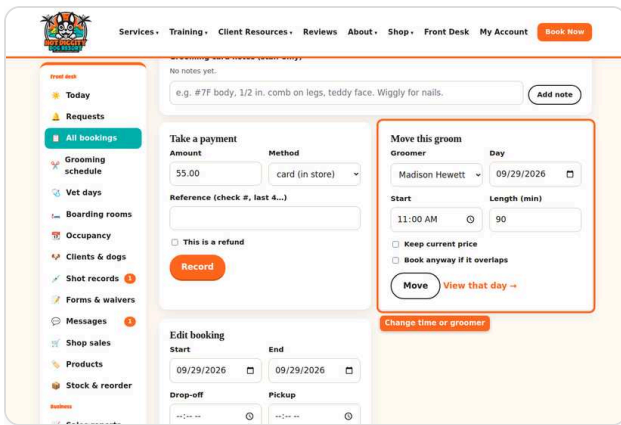

1 Drag a groom block to a new time or a new groomer. Let go.

2 A note at the top says **Moved to** the new time. Or it tells you why it can't move.

3 Drag a lunch up or down to pin it. A lunch stays with its groomer.

4 To let a pinned lunch float again, press the button with the groomer's name, like **Let Madison Hewett's lunch float**.

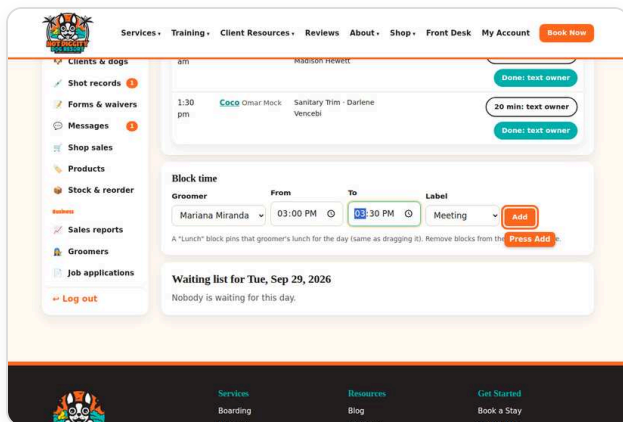

You can also move a groom from its booking. Use **Move this groom**. Pick the **Groomer**, **Day**, and **Start**. Press **Move**.

Move this groom

Block time

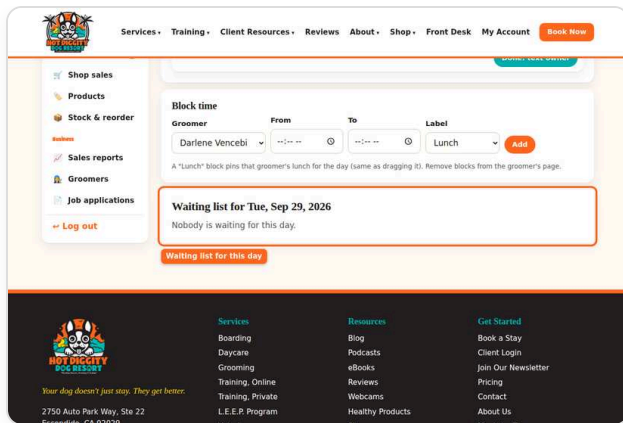

- 1 Scroll to **Block time**.
- 2 Pick the **Groomer**. Type **From** and **To**.
- 3 Pick a **Label**: **Lunch**, **Off schedule**, **Day off**, or **Meeting**.
- 4 Press **Add**.

The waiting list

- 1 Scroll to **Waiting list** for the day. It shows clients who want that day.

The waiting list

2 A spot opened? Press **Text: spot open**. The client gets a text (or email).

3 They took it? Book the groom. Then press **Booked**.

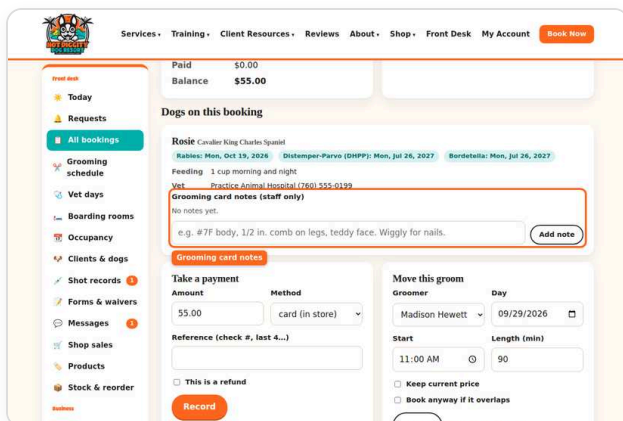

4 They don't want it? Press **Remove**.

Good to know: A groom that moves to a different groomer can change price. The price follows the new groomer. Tick **Keep current price** on **Move this groom** to keep it the same.

Good to know: California law says lunch must start within the first 5 hours. The board warns you with **no legal lunch** if there is no room for it.

Tip: Double-click a groom block to open its booking. Or press **open** on the block.

Tip: Grooming card notes are on each groom's booking. Write the blade, style, and how the dog did. Press **Add note**.

Grooming card notes

Keep the day back-to-back

- Online, clients only see times right at the groomer's start or right when their last groom ends. That keeps every groomer's day packed, with no gaps.
- Lunch is placed for you, about 4½ hours into the shift, and always before the 5-hour mark (California law).
- At the desk you can book any open time. If it leaves the groomer idle before it, you'll see **Heads up: this leaves 2 hr open before it**. Try to fill that time, or offer the client the back-to-back time instead.

If something goes wrong: It says **No groomers scheduled this day**? Nobody has hours that day. Hours are set under **Staff**. Ask David.

Groomers: the 20-minute text and Done

Text the owner 20 minutes before the dog is ready, then press Done.

This is new. About 20 minutes before a dog is done, you text the owner. The owner texts back **C**. A check mark shows up. When the dog is done, you press **Done**.

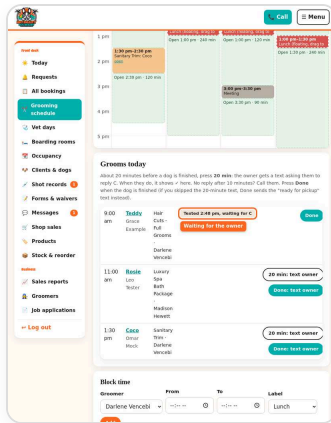

Steps

- 1 Press **Grooming schedule** in the menu. Scroll down to **Grooms today**.
- 2 About 20 minutes before the dog is done, find the dog. Press **20 min: text owner**.

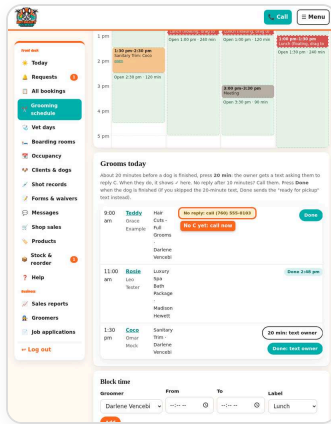

Press 20 min: text owner

- 3 The owner gets a text. It asks them to reply C. The row now says **Texted** and the time, **waiting for C**.

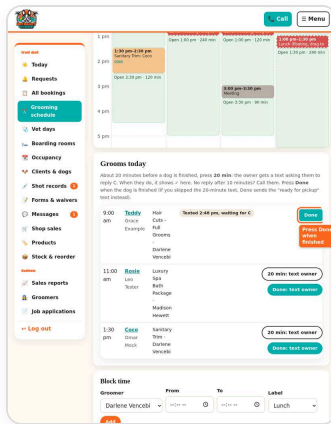

4 When the owner texts back C, the row says ✓ **Replied C** and the time. Good! They know.

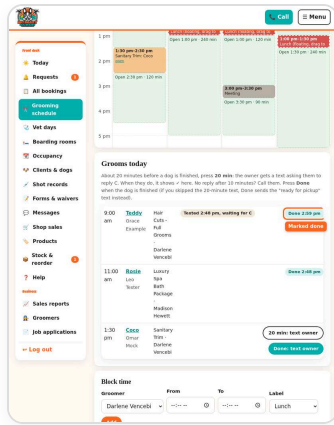

5 No C after 10 minutes? The row turns yellow and says **No reply: call** with their phone number. Call the owner.

When the dog is all done, press **Done**.

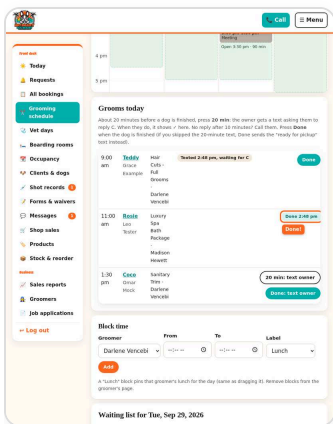

7 The row now says **Done** and the time.

The groom is done

Forgot the 20-minute text?

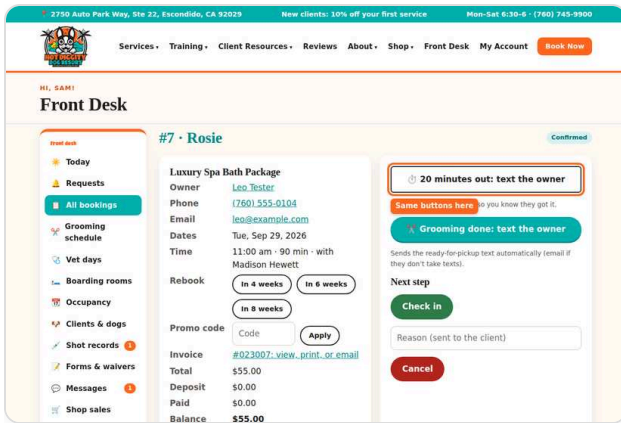

That's OK. Press **Done: text owner** when the dog is ready. The owner gets a "ready for pickup" text right then.

Done, with no 20-minute text first

The same buttons on the booking

Open the groom's booking. You see 🕒 **20 minutes out: text the owner** and ✂️ **Grooming done: text the owner**. They work the same way.

The buttons on a booking

Good to know: The owner gets only one text from you. If you sent the 20-minute text, **Done** does not send a second one.

Good to know: Some owners don't take texts. They get an email instead. The row says **Emailed**. They can't reply C, so no call is needed.

Good to know: Is the dog staying on in boarding? Then there is no pickup. No text goes out. Just press **Done**.

Tip: On a tablet, the site's top menu is behind the **Menu** button. Press **Menu**, then **Front Desk**.

If something goes wrong: A red box says **The 20-minute message didn't go out?** The text failed. Call the owner instead.

Good to know: The Today page lists **Shots expiring soon (booked dogs)**. These are booked dogs with a shot that runs out in the next 2 weeks. Ask the owner for the new record.

Good to know: No shots on file, no daycare or boarding. Shots must be current before the first visit.

If something goes wrong: Can't read the photo? Reject it with the reason "Photo is blurry." Or call the vet and ask them to email it.

Texts from a number we don't know

Sometimes a text comes from a number that isn't on any client. The page says so. Press **Find or add the client**. Put the number on their profile. Their next texts will show under their name.

CANCEL and STOP

If a client texts only the word **CANCEL** or **STOP**, the phone company turns their texts off. After that, we can't text them.

- A text that says only CANCEL shows a red box: **"CANCEL" by itself turned this client's texts off. They may have meant their appointment. Please call them.** Call them. Ask what they meant.
- When texts are off, the client page says **(texts turned off)**. You can only send an email.

Texts are off for this client

- To turn texts back on, the client texts **START** to our number.

Good to know: Don't tick **OK to text** again for a client who texted STOP. Only the client can turn texts back on, by texting START.

Good to know: Email replies from clients go to the office inbox, not here.

Tip: From the website lists notes from our contact form. Answer them, then press **Mark handled**.

Tip: Emails & texts sent lists every message the system sent by itself, like reminders.

Card on file, or type in a card

Charge a card the client saved, or type a card in at the keyboard (phone orders, or a card handed to you).

You can take a card three ways: the **card reader**, a **card on file**, or **type it in**. Use the reader when the client is standing there. It costs us less. Use a card on file or type it in when they call, or when the reader isn't handy.

Charge a card on file

- 1 Open the booking (or the shop sale). Scroll to **Take a payment**.
- 2 Under **Card on file, or type in a card**, press **Card on file**.
- 3 Check the amount. Pick the card. Ask about a tip: **No tip**, **10%**, **15%**, **20%**, or **\$ Other**.
- 4 Press **Charge**. The site asks "Charge \$55.00 to Visa •••• 4242?" Press **OK**.

The screenshot shows the 'Take a payment' section of the website. The 'Card on file, or type in a card' option is selected. The amount is \$55.00, and the card is Visa •••• 4242. The tip is set to 10% (\$5.50). The 'Charge \$55.00 to the card on file' button is highlighted.

Pick the card, the tip, then Charge

- 5 A green box at the top says **Charged \$55.00 to the card on file**.

Careful: If it says the bank wants the client to approve the charge, send them a pay link or use the card reader.

Type in a card

- 1 Press **Type in a card**.
- 2 Check the amount and the tip.
- 3 Does the client want us to keep the card for next time? **Read them the words next to "Keep this card on file."** Check the box only if they say yes.

The screenshot shows the Hot Diggity Dog Resort website's payment interface. The 'Type in a card' button is highlighted. The interface includes a sidebar with navigation links, a main content area with a payment form, and a right sidebar with a 'Read this to the client first' note.

Read this to the client first

- 4 Press **Next: type in the card**.
- 5 Type the card number, the date (MM/YY), the 3-digit code, and the ZIP code, all in the one box.

A boarder ran out of food

Mark "Out of food: using ours" once. The \$3 a day charge adds itself through pickup.

When a boarder's food runs out, we feed them our house food. It's \$3 a day per dog. You don't have to tell the front desk. Mark it once, and the charge goes on the bill by itself, from that day through pickup.

- 2 Find **Ran out of food?** Pick the first day on our food. Check how many dogs.

- 4 A yellow tag says **On our food since...** The charge is on the bill.

Charged through pickup

Good to know: If the pickup day changes, or the dog goes home early, the charge changes by itself. If you marked it by mistake, or the owner brings more food, press **Undo**.

Dematting and other by-the-hour add-ons

Dematting is \$60 an hour, in 15-minute steps. Get the owner's OK first.

Dematting (taking out mats) is **\$60 an hour, billed in 15-minute steps**. A brush-out is the same price. Hand scissoring and hand stripping are also priced by the hour.

- 1 If a coat is matted, tell the owner about the dematting fee **before** you start. Get their OK.
- 2 On the groom, add **Dematting, priced per hour**. Type the time in hours: **0.25** is 15 minutes, **0.5** is 30 minutes, **0.75** is 45 minutes, **1** is an hour.
- 3 The price works itself out.

Careful: Brushing out mats that hurt the dog isn't kind. If shaving down would be kinder, talk to the owner first.

Phone calls the phone agent took

Every call the phone agent answers leaves a short note for the desk. Calls that need a person stay at the top until someone handles them.

When the phone agent answers a call, it leaves a note, like a message slip from an answering service. The note says who called, why, and what the agent did (booked, moved, cancelled, sent a link).

The phone agent isn't turned on yet. This page fills up once it is.

Where to find the notes

- **Front Desk → Phone calls.** The number next to it is how many calls are waiting for a call back.
- **The client's page** also shows their last few calls, under **Phone calls with the phone agent**.
- The office email gets each note too. Urgent ones start with **URGENT**, and call-backs start with **Call back**.

Handle a call back

- 1 Open **Phone calls**. The ones that need you are under **Needs a call back**.
- 2 Call the client.
- 3 Press **Called back / handled**. If you pressed it by mistake, press **Undo**.

What the agent can and can't do

- It looks up a caller by their phone number, **and** asks for their dog's name before it tells them anything about their bookings.
- It books, moves a groom, or cancels by the same rules as the website. It reads everything back and waits for a "yes" first.
- Bookings it makes on the spot are paid in full by a link it texts. The spot is held for 60 minutes.
- It can't cancel or change anything inside the cancellation window, or move a stay's dates. Those come to you as a request or a call back.
- The client always gets a text or email of what was done, so a mistake shows up right away.
- Every booking it makes says **Booked by phone (phone agent)** in the staff notes.

Grooms for several dogs at once

One screen for a family with two or more dogs. Pick each dog's groom and see the next three days they can all come in together.

When a client calls to book grooms for two or more dogs, usually on the same day at the same time, use this screen instead of booking each dog alone.

- 1 Open the client's page. Under **Book a groom**, press  **Book grooms for several dogs at once**.
- 2 Each dog shows what they **usually** get, how many times, and when they were last here. Use that to ask the client.
- 3 Tick each dog that's coming. Pick each one's **Groom**, and any **Add-ons**.
- 4 If the client wants a certain groomer for a dog, pick **Only (name)**. Otherwise leave **Any trained groomer**. The dog's usual groomer is tried first.
- 5 Choose **Together?**: same start time, within 30 minutes, within 1 hour, or any time that day.
- 6 Press **Find the next 3 days**.

7 Read the choices to the client. Each one shows the drop-off time, every dog's groom, its groomer (★ = their usual groomer), and the price.

8 Press **Book all** on the one they pick. If none work, press **None of these work: show the next 3 days**.

Good to know:

- Only groomers trained for that groom (and its add-ons) are offered. Two dogs never get the same groomer at the same time.
- Times are back-to-back, so no groomer is left with a gap.
- It's all or nothing. If someone takes one of those times first, nothing is booked and you just pick again.

Family members who may pick up

Add the people who may drop off or pick up a dog, each with a photo, so the desk knows them on sight. Take a dog or person off the list when they're no longer with the family.

Add a person

1 Open the client's page and find **People who may drop off and pick up**.

2 Type their name, who they are (spouse, daughter, dog walker), and their phone. Add a photo if you have one.

3 Press **Add person**.

Clients can add people themselves too, from **My details** in their online account.

Only release a dog to the client or someone on this list. If someone isn't on it, call the client first.

Take someone off the list

Press **Remove** under their photo. They move to **Removed**, where **Put back** brings them back.

A dog that's no longer with the family

Open the dog on the client's page, choose why (passed away, rehomed), and press **Take (name) off the active list**. Their history stays. Press **Put (name) back on the active list** if you need to.

Please be gentle when a client tells you their dog has passed. A kind word goes a long way.

Scanning barcodes at the register

Use the barcode scanner on the shop sale screen. Each product needs its barcode saved once.

- 1 Start a sale (**Shop sales** → **New sale**).
- 2 Click in the **Scan a barcode** box.
- 3 Scan the item. It's added to the sale, one at a time. Scan it again for a second one.

If it says **No product has the barcode...**, that product's barcode isn't saved yet:

- 1 Open **Products**, then the item.
- 2 Click in **SKU / barcode** and scan the item. Save.

From then on, scanning adds it.

You can still pick items from the **Add product** list, like before.

Bring over clients

Load clients, dogs, shots, waivers, upcoming bookings, passes and old invoices from the client file. A backup is made first.

- 1 Get the client file from Claude. It ends in **.tar.gz**. **Don't unzip it**. Keep it private: it has every client's details.
- 2 Go to **Front Desk → Bring over clients** (owners only).
- 3 Choose the file and press **Load clients**. It takes about a minute.
- 4 Read the summary. Then go to **EasyBusy history → Price them** to put prices on the upcoming bookings that came over.

Running it again is safe: anyone already here is skipped, never doubled.

The test site never emails or texts clients, so it's safe to practice with real clients there.

Discounts and deposits

One discount per visit (the biggest one wins), the birthday discount, and deposits in dollars or percent.

One discount per visit

A visit can only get one discount. When more than one could apply, the biggest is used:

- **Military and first responder** (10%), for approved clients.

- **A promo code.**
- **Birthday** (10%), when the visit is within 7 days of a dog's birthday or the stay covers it. The dog needs a birthday on its profile.

Change the birthday % or the number of days in **Settings**. Set it to 0 to turn it off.

Deposits

In **Services & prices**, each service has **Deposit (\$)** and **Deposit (% of total)**. Leave both at 0 for no deposit, or type 50 in the % box for 50% down.

Online bookings are paid in full, so deposits only apply to bookings the desk makes or approves.

Login safety and alerts

What the site does to keep logins safe, the email you get when a staff login is used from a new place, and what to do about it.

What the site does on its own

- **Wrong passwords:** after 8 wrong tries on one login, it waits 15 minutes. Many tries from one internet address get the same wait.
- **New place:** when a staff or owner login is used from an internet address it has never used before, the owners get an email: **New login place: (name)**.
- **Stolen cards:** a client can't try more than 5 cards a day. That stops crooks from "testing" stolen card numbers.
- **Fake sign-ups:** no more than 5 new accounts an hour from one place.
- **Staff logins time out** when nobody uses them, and each job only sees what it needs.

You get a "New login place" email

- If it was them (a new phone, home Wi-Fi, a different computer), there's nothing to do.
- If it wasn't, go to **Staff logins & permissions**, press **Turn off this login**, then give them a new password.

Every login and failed try is listed in the **Activity log**.

The best protection

Turn on two-step login (a code from your phone) for Render, Stripe, GitHub, your email, QuickBooks, Google and Twilio. Never log in from a link in an email: go to the site yourself.
