

WEBSITE TRAINING

WebMaster

Hot Diggity Dog Resort · First draft, Mon, Oct 5, 2026. It changes as the website does; the newest version is always in Front Desk → Help.

Your job on the website

You look after the website: the words and photos on every page, blog posts, the Meet the Team page, and how each page looks on Google and Facebook. Changes are saved as a draft you can preview, and every change can be undone.

What your login can do

These come from your job's permissions (the owners set them on Staff logins & permissions). If you need something that isn't here, ask a manager.

Start here

How to log in, find your way around the Front Desk, and read the red numbers.

Welcome! This is our new system. It takes the place of EasyBusy. You do all of your desk work on one website. This page shows you how to get in and where things are.

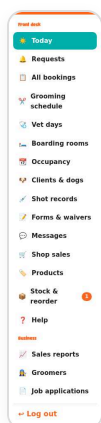

Steps

- 1 Go to our website on the desk computer. Press **Log In** at the top.
- 2 Type your work email and your password. Then press **Log in**.

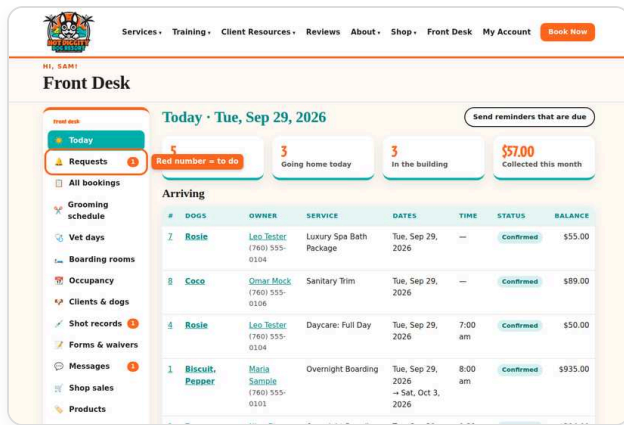

The log in page

- 3 Press **Front Desk** at the top of the page. You land on the **Today** page.
- 4 Look at the menu on the left. It is the same on every Front Desk page.

The Front Desk menu

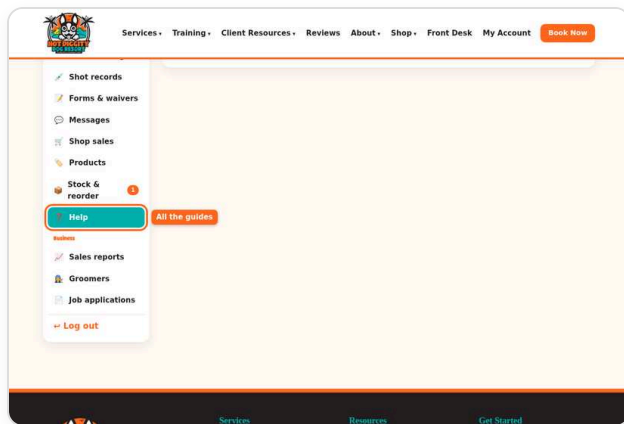

- 5 Look for red numbers in the menu. A red number means there is work waiting. For example, the number by **Requests** is how many bookings need your answer.

A red number in the menu

6

Stuck? Press **Help** in the menu. Every guide is there.

The Help page

7

When you leave for the day, press **Log out** at the bottom of the menu.

What each menu item is for

- **Today:** who comes in, who goes home, and who is here now.
- **Requests:** bookings you still need to say yes or no to.
- **All bookings:** find any booking. Search by owner, dog, or phone.
- **Grooming schedule:** the groomers' day, the 20-minute texts, and **Done**.
- **Vet days:** Dr. Moston's days and who is booked.
- **Boarding rooms:** which dog is in which suite each night.
- **Occupancy:** how full we are for the next six weeks.
- **Clients & dogs:** every owner and dog. Book for a client here.
- **Shot records:** new shot records to check.
- **Forms & waivers:** the forms clients sign.
- **Messages:** texts and emails with clients.
- **Shop sales:** ring up a sale at the desk.
- **Products** and **Stock & reorder:** what we sell and how many we have.

- **Help:** these guides.
- **Sales reports:** money we took in, and who still owes.
- **Staff:** groomer hours and time off.
- **Job applications:** people who want to work here.

Red numbers

- **Requests:** bookings that need a yes or no.
- **Shot records:** new records a client sent us. Check them.
- **Messages:** new texts, plus notes from the website contact form.
- **Stock & reorder:** items that are low on the shelf.
- **Job applications:** new job forms.

Good to know: On a tablet or phone, the top menu turns into a **Menu** button. Press it to find **Front Desk**.

Good to know: Owners see a few more menu items, like **Morning report**. You don't need those.

If something goes wrong: Forgot your password? Press **Forgot password, or first time since we switched systems?** on the log in page. Still stuck? Ask David.

All the guides

- 1 Your morning: the Today page
- 2 Answer booking requests
- 3 Check a dog in
- 4 Check a dog out and take payment
- 5 Book for a client at the desk
- 6 Add a new client and dog
- 7 Boarding rooms and suites
- 8 The grooming schedule
- 9 Groomers: the 20-minute text and Done

- 10 Shot records
- 11 Forms and waivers
- 12 Messages and texts
- 13 Shop sales
- 14 Vet days
- 15 Report cards and webcam logins
- 16 Daycare passes and L.E.E.P.
- 17 Cancel or change a booking
- 18 End of the day
- 19 Coming from EasyBusy
- 20 Groomer hours and time off
- 21 Temperament Assessment day
- 22 Job applications

Good to know: Always use **your own** login. Never share one. The site writes down what each person does. At a shared computer, press ≠ **Switch user** at the bottom of the menu when you are done. You are also logged out after an hour of no use.

Good to know: Your job decides what you can do. Something says **Your login can't do that?** Ask an owner.

Coming from EasyBusy

Where things moved, and what works in a new way.

You already know how to run the desk. Only the screens are new. This page shows where your old jobs live now.

Where things are now

- **The day's list:** press **Today**. Arriving, going home, and in the building are all on one page.
- **Find a client or dog:** press **Clients & dogs**. Search by owner, dog, email, or phone.
- **Find a booking:** press **All bookings**. Search, or pick a **Status** and dates. Press **Filter**.
- **New booking:** open the client page. Grooms are at the top. Boarding and daycare are under it.
- **Check in and check out:** open the booking. Use the buttons under **Next step**.
- **Take a payment:** open the booking. Use **Take a payment**.
- **Grooming book:** press **Grooming schedule**.
- **Kennel and room chart:** press **Boarding rooms**.
- **Shot records:** press **Shot records**, or open the dog on the client page.
- **Retail sales:** press **Shop sales**.
- **Grooming card notes:** on the dog, and on each groom's booking.
- **Old invoices from EasyBusy:** on the client page, open **EasyBusy history**.

What is new or different

- **Requests.** Some online bookings wait for your yes or no. See Answer booking requests.
- **Clients do more online.** They sign up, add dogs, upload shots, sign forms, and book.
- **Texts come to the website.** Answer them in **Messages**, not on a phone.
- **The 20-minute text.** Groomers text the owner. The owner replies C. See Groomers: the 20-minute text and Done.
- **Suites are picked for you** when a booking is confirmed, at the desk or from Requests.
- **Lunch floats.** Groomer lunches move by themselves to fit the day. Drag one to pin it.
- **Webcam cards print** from the booking.
- **Report cards** go to the owner by text or email.
- **Card reader tips** go to the groomer on the appointment.

Good to know: Some L.E.E.P. Monthly members are still billed by EasyBusy until the switch is done. David handles that.

Tip: Not sure where something is? Press **Help** in the menu. Or ask David.

Edit a website page

Change words, add a photo, preview, go live, and undo.

You can change the words and photos on any page of your website. Every save is kept. So you can always go back.

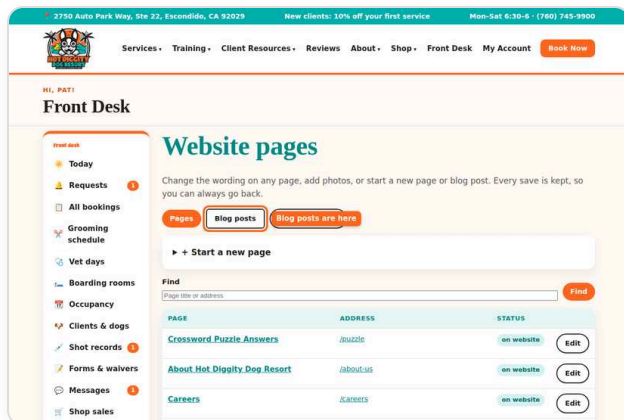

Open the page

- 1 In the menu, click **Website pages**.
- 2 Find the page in the list. Press **Edit** on its row.

The list of pages, with an Edit button circled

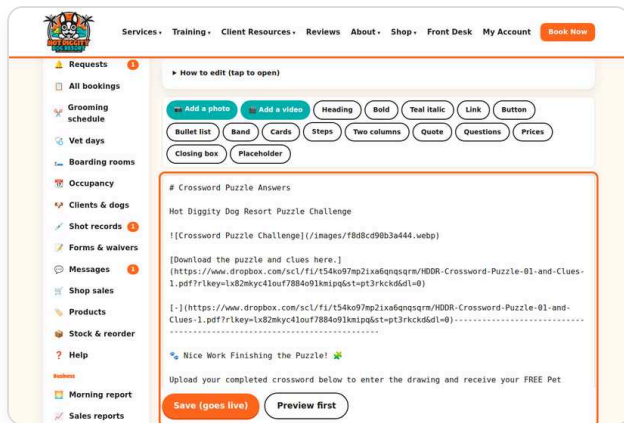

Tip: Blog posts are under the **Blog posts** button at the top.

The Blog posts button

Change the words

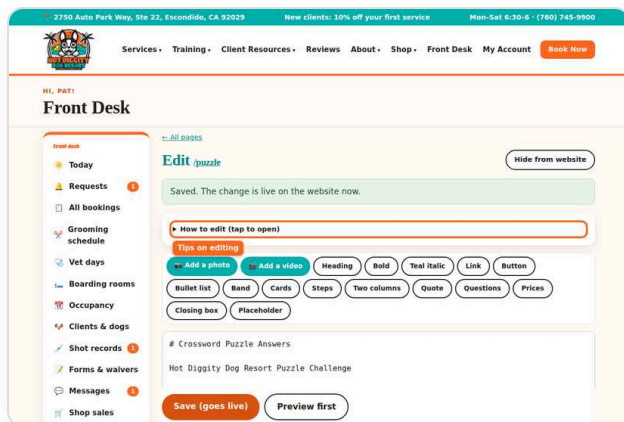

- 1 The page's words are in the big box. Click in the box.
- 2 Change the words you want. Type like you would in an email.

The big box with the page's words

Good to know: Some lines have marks like `##`, `\*\*`, or `:::`. They set up headings and designs. Change the words next to them. Leave the marks alone.

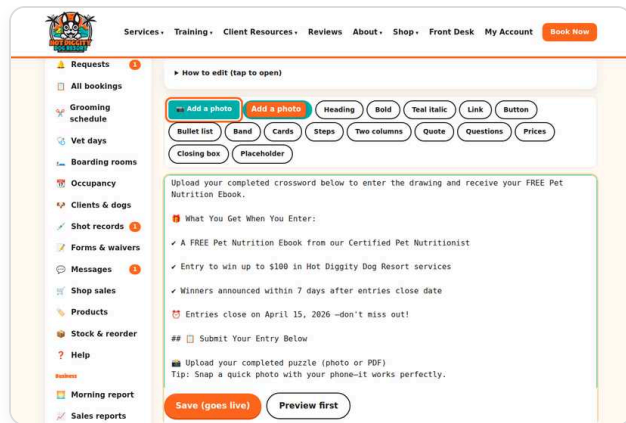

Tip: Click **How to edit (tap to open)** for a short help list.

The How to edit line

Add a photo

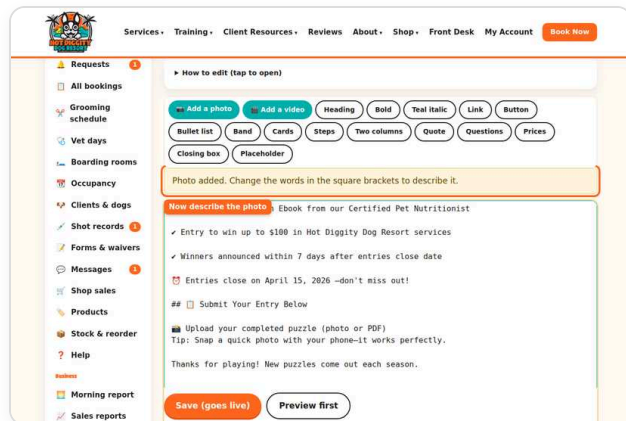

- 1 Click in the box where you want the photo.
- 2 Press  **Add a photo**.
- 3 Pick the photo from your computer or phone.

The Add a photo button

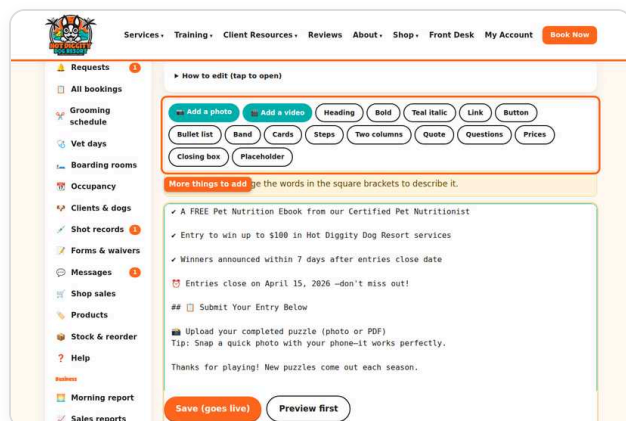

4 A note says "Photo added." A new line shows up in the box. It has words in square brackets, like [Describe this photo...].

5 Change the words in the brackets to say what the photo shows.

The Photo added note

Tip: The other buttons add a heading, a button, a list, cards, and more. Press  **Add a video** to add a YouTube or Vimeo video.

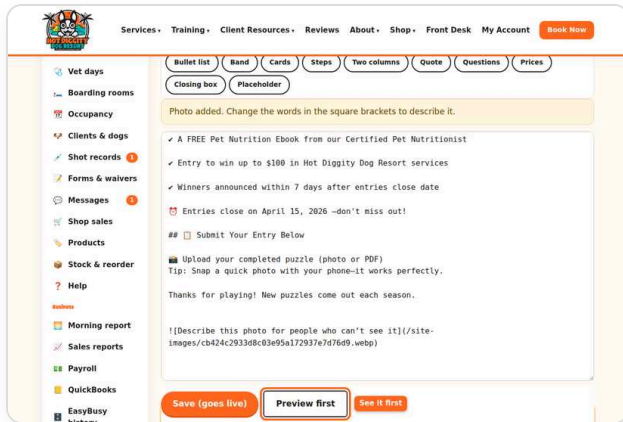

The row of buttons above the box

Look before it goes live

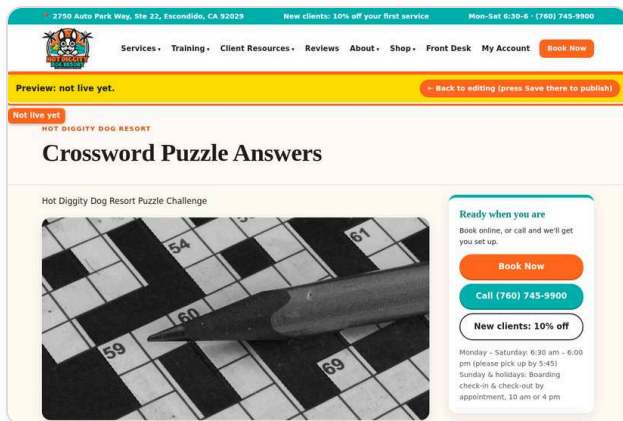

1 Type a short note in **What did you change?** This helps you find it in the history later.

2 Press **Preview first**.

The Preview first button

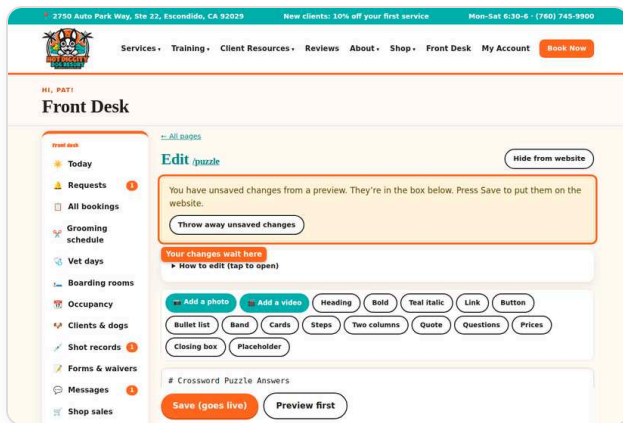

3 You see the page just as visitors will. The yellow bar says **Preview: not live yet.**

The preview, with the yellow bar

4 Press ← **Back to editing** in the yellow bar.

5 A note says you have unsaved changes. They are still in the box.

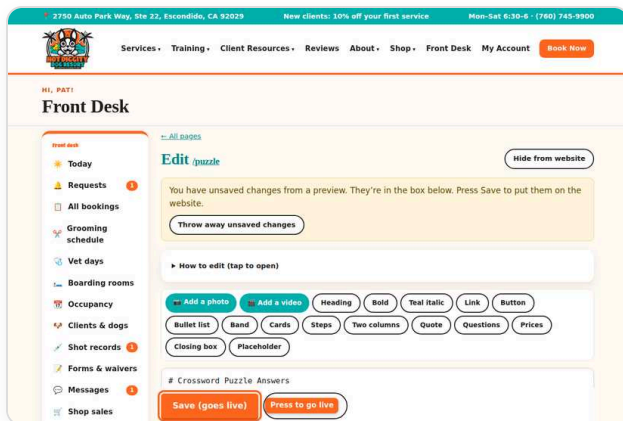

The unsaved changes note

Tip: Don't like it? Press **Throw away unsaved changes**.

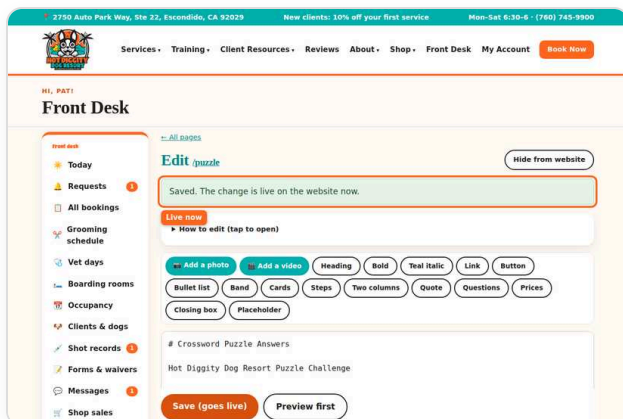

Put it on the website

1 Press **Save (goes live)**.

The Save (goes live) button

2 A green note says the change is live now.

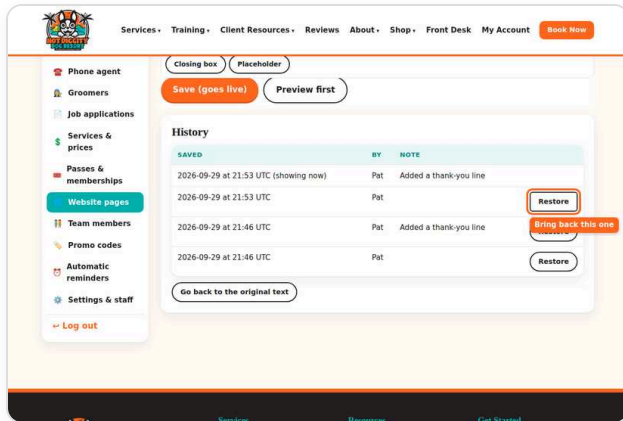

The note that says the change is live

Careful: Save (goes live) changes the real website right away. Everyone can see it.

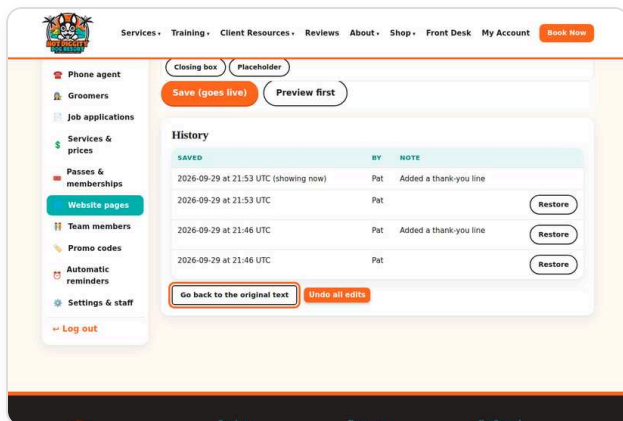

Undo a change

- 1 Scroll down to **History**. Each save is a row.
- 2 Find the one you want back. Press **Restore**.

The History list with a Restore button

- 3 To undo every change, press **Go back to the original text**.

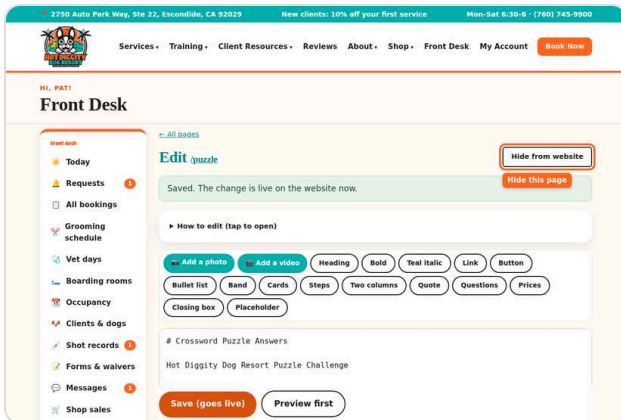

The Go back to the original text button

Good to know: The times in History are in UTC. That is 7 hours ahead of California in summer, and 8 in winter.

Hide a page

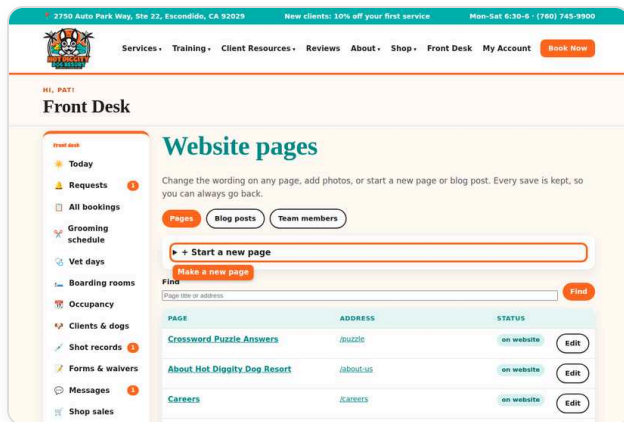

Press **Hide from website** at the top of the page. Visitors then see "page not found." Press **Show on website** to bring it back.

The Hide from website button

Start a new page

- 1 On **Website pages**, click + **Start a new page**.
- 2 Type a **Title**. Press **Create**.
- 3 Write the page. Press **Save (goes live)**.
- 4 Press **Show on website** when it's ready.

The Start a new page line

Good to know: New pages start hidden. They are not in the top menu of the website. Ask Claude to add them to the menu.

The Meet the Team page

Change a team member's photo, title, or words, or add someone new.

The **Meet the Team** page on the website shows your team. You change it here. The website updates right away.

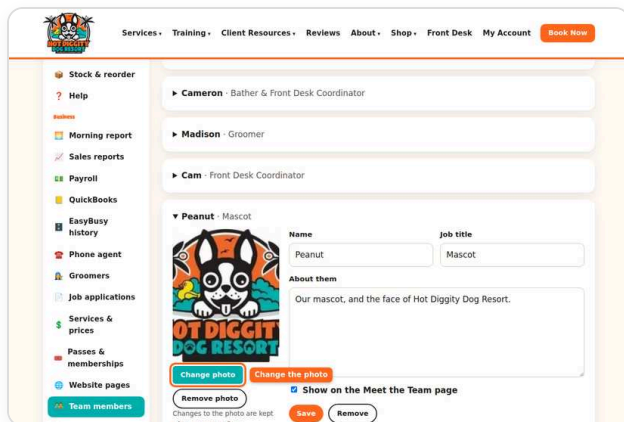

Change a person

- 1 In the menu, click **Team members**.
- 2 Click the person's name. Their box opens.

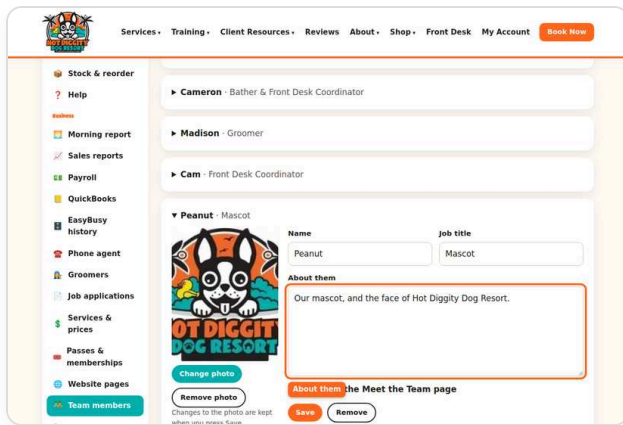

The list of team members

- 3 To change their photo, press **Change photo**. Pick a new photo.

The Change photo button

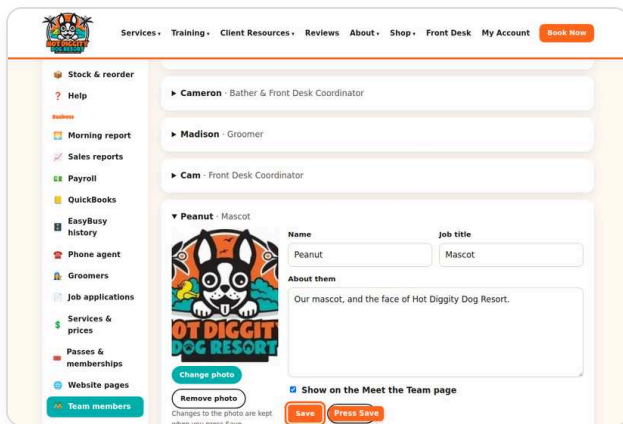

- 4 Change the **Job title** or the **About them** words.

The About them box

5

Press **Save**.

The Save button for this person

Take someone off the page

1

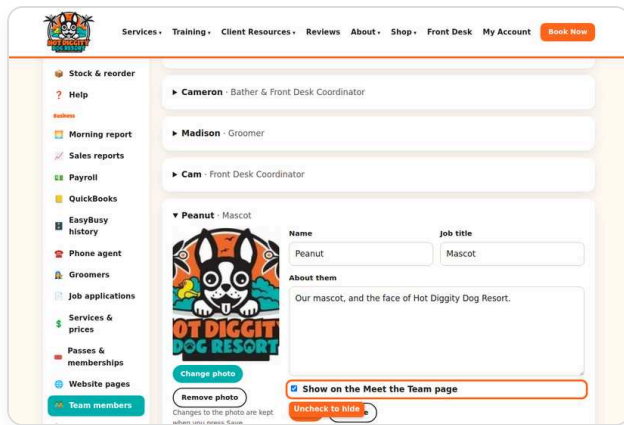

Open their box.

2

Uncheck **Show on the Meet the Team page**.

3

Press **Save**.

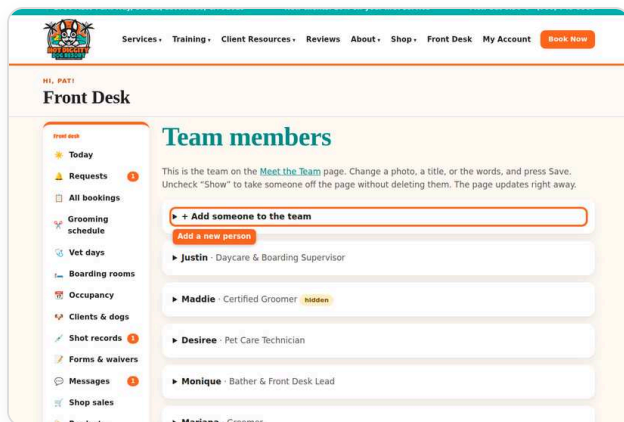

The Show on the Meet the Team page check box

Tip: This hides them but keeps their words. The **Remove** button deletes them for good.

Careful: Check this list when someone leaves. Uncheck **Show** for anyone who is gone.

Add a new person

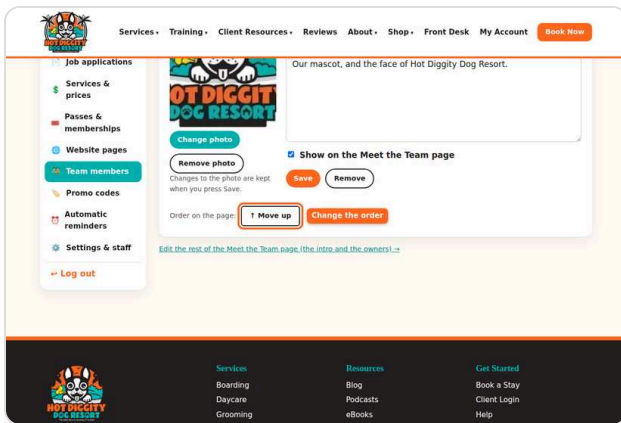

- 1 Click + **Add someone to the team.**
- 2 Add a photo. Type the **Name**, **Job title**, and **About them.**
- 3 Press **Add to the team.**

The Add someone to the team line

Change the order

Open a person. Press ↑ **Move up** or ↓ **Move down.**

The Move up button

Good to know: Your part and Penny's part are on the page itself. Use the link at the bottom, **Edit the rest of the Meet the Team page**. See topic 8.

How a page looks on Google and Facebook

The Search & sharing box: the title, the short description, and the sharing picture for each page.

Every page has a **Search & sharing** box. It decides what people see on Google, and the picture that shows when someone shares the page on Facebook or in a text. Every page already has good ones. Change them only when you have a reason to.

Change them

- 1 Open the page (**Website pages**, then press the page).
 - 2 Scroll down to **Search & sharing**.
 - 3 **Title:** the blue line on Google and the name on the browser tab. Keep it short: what we do, and where. Example: *Dog Boarding in Escondido, CA*.
 - 4 **Description:** the gray lines under the title on Google. One or two sentences that make someone want to click. Put the most important words first.
 - 5 **What it looks like on Google** shows a preview as you type. If words turn into "...", it's too long.
 - 6 **Sharing picture:** press **Upload a new photo**, or open **Or pick one of the website's photos** and press one.
- Press **Save search & sharing**.

The screenshot shows a web editor interface. At the top is a navigation bar with links: Training, Client Resources, Reviews, About, Shop, Front Desk, My Account, and a Book Now button. Below this is a form for editing a page. The form has three main sections: 1. Title (the blue line in Google, and the browser tab): A text box containing 'Dog Boarding in Escondido, CA | Hot Diggity Dog Resort' with a character count of 54 / 60. 2. Description (the short text under the title in Google): A text box containing 'Private, climate-controlled dog boarding suites in Escondido with daycare included every day and webcams to check in. Boarding 365 days a year.' with a character count of 143 / 155. 3. What it looks like on Google: A preview of how the page would look, showing the title and description. Below this is a 'Sharing picture' section with a placeholder image and a button to 'Upload a new photo'. At the bottom of the form is a 'Save search & sharing' button.

The Search & sharing box

Good to know: Don't stuff the title with lots of words like "dog dog boarding kennel pet hotel". Google likes plain, honest titles. One page, one main idea.

Careful: Leave a box blank to go back to the site's own title and description.

How our website talks

The rules for writing on our website, so every page sounds like us and only says what's true.

The one idea

Your dog should feel at home when they're not at home. And: Your dog doesn't just stay. They get better.

The client is the hero, we are the guide

The person reading loves their dog like family. Leaving them is hard. Every page should do three things:

- 1 **Name the worry**, kindly. ("Is she scared? Is he just sitting in a cage?")
- 2 **Show we can help:** Penny's training and credentials, since 2012, private suites, 15 dogs or fewer per staff member, webcams, real client reviews.
- 3 **Give a simple plan:** create an account, book a Play Date (our Temperament Assessment), and relax.

Every page has a **Book a Play Date** or **Book Now** button at the top and the bottom.

How we write

- Talk to one person: "you" and "your dog."
- Short sentences. Plain words. Warm, like a friend who knows dogs.
- No business words like "solutions," "world-class," or "premier."
- Lead with a picture of the good result ("a tired, happy dog at pickup"), then the fact that backs it up.

Only what's true

- Prices come from the price list on the site. Don't type prices into a page by hand.
- Use real client words only, word for word. Never make up a review.
- We don't give tours (people are welcome to come in and see the place).
- Don't say "trusted by local vets" or "certified pet care experts" for the whole team.
- Not sure something is true? Ask David before it goes live.

Good to know: The full writing guide is the BrandScript, and the facts list is the Site Facts sheet. Ask an owner for a copy.

[↑ Back to the list of subjects](#)

Bring over clients

Load clients, dogs, shots, waivers, upcoming bookings, passes and old invoices from the client file. A backup is made first.

- 1 Get the client file from Claude. It ends in **.tar.gz**. **Don't unzip it**. Keep it private: it has every client's details.
- 2 Go to **Front Desk → Bring over clients** (owners only).
- 3 Choose the file and press **Load clients**. It takes about a minute.
- 4 Read the summary. Then go to **EasyBusy history → Price them** to put prices on the upcoming bookings that came over.

Running it again is safe: anyone already here is skipped, never doubled.

The test site never emails or texts clients, so it's safe to practice with real clients there.

[↑ Back to the list of subjects](#)

Discounts and deposits

One discount per visit (the biggest one wins), the birthday discount, and deposits in dollars or percent.

One discount per visit

A visit can only get one discount. When more than one could apply, the biggest is used:

- **Military and first responder** (10%), for approved clients.
- **A promo code.**
- **Birthday** (10%), when the visit is within 7 days of a dog's birthday or the stay covers it. The dog needs a birthday on its profile.

Change the birthday % or the number of days in **Settings**. Set it to 0 to turn it off.

Deposits

In **Services & prices**, each service has **Deposit (\$)** and **Deposit (% of total)**. Leave both at 0 for no deposit, or type 50 in the % box for 50% down.

Online bookings are paid in full, so deposits only apply to bookings the desk makes or approves.

[↑ Back to the list of subjects](#)

Login safety and alerts

What the site does to keep logins safe, the email you get when a staff login is used from a new place, and what to do about it.

What the site does on its own

- **Wrong passwords:** after 8 wrong tries on one login, it waits 15 minutes. Many tries from one internet address get the same wait.
- **New place:** when a staff or owner login is used from an internet address it has never used before, the owners get an email: **New login place: (name)**.
- **Stolen cards:** a client can't try more than 5 cards a day. That stops crooks from "testing" stolen card numbers.
- **Fake sign-ups:** no more than 5 new accounts an hour from one place.
- **Staff logins time out** when nobody uses them, and each job only sees what it needs.

You get a "New login place" email

- If it was them (a new phone, home Wi-Fi, a different computer), there's nothing to do.

- If it wasn't, go to **Staff logins & permissions**, press **Turn off this login**, then give them a new password.

Every login and failed try is listed in the **Activity log**.

The best protection

Turn on two-step login (a code from your phone) for Render, Stripe, GitHub, your email, QuickBooks, Google and Twilio. Never log in from a link in an email: go to the site yourself.
